Department of Electrical and Electronics Engineering
Academic Year 2023 – 2024 (Even Semester)

Degree, Semester & Branch: VIII Semester B.E EEE
Course Code & Title: GE8076 Professional Ethics in Engineering
Name of the Faculty member (s): S. Meenakshi Sundaravel

Innovative Practice Description

- **Unit / Topic:** Unit I / Introduction to Yoga for professional excellence and stress management
- **Course Outcome:** CO 1
- **Unit Outcome:** TLO4
- **Activity Chosen:** Demonstration
- **Justification:**

The lecture class for the topic "Introduction to Yoga for professional excellence and stress management" was conducted through demonstration by practicing yoga and meditation. Students' involvement in the learning is improved based on this demonstration approach.

- **Time Allotted for the Activity:** 15 minutes
- **Details of the Implementation:**

After teaching the concept, give students one or two minutes to think about the topic without writing anything.

At the end the Class (Last 15 minutes)

- ✓ I asked the students to think about the various benefits of yoga for 2 minutes.
- ✓ Then I told them to Pair with their neighbors and discuss about the topic for another 1 minute.
- ✓ Finally, a student volunteer Mr. S. Muthu Hareesh demonstrated various yogasanas to other students and explained the procedure to do.

- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12	PSO1	PSO2	PSO3
CO1	-	-	-	-	-	3	-	3	3	1	-	1	-	-	-

(1 – Low 2 – Moderate 3 – High)

- **PO / PSO mapped:**

Innovative practice	**PO 8**
	3
Justification for correlation	The students can follow ethical practices.

- **Images / Screenshot of the practice:**

Reflective Critique:

❖ ***Feedback of practice from students and other stakeholders:***

Students told that it is good to have a demonstration on yoga practice and the demonstration helps the students to understand the concepts easily.

❖ ***Benefit of the practice:***

1. Students can able to understand the impact of yoga on for professional excellence and stress management.
2. Students can able to explain the concepts in examination without any confusion.

❖ ***Challenges faced in implementation:***

1. Time utilization for conducting activity.

Innovative Practice Description

- **Unit / Topic:** Unit II / Moral dilemmas
- **Course Outcome:** CO2
- **Unit Outcome:** TLO6
- **Activity Chosen:** Think Pair Share
- **Justification:**

Think-pair-share (TPS) is an active learning strategy that involves students thinking individually, then discussing their answers with a partner, and finally sharing their answers with the class. It helps students to think individually about a topic or answer to a question. It teaches students to share ideas with classmates and builds oral communication skills. It helps focus attention and engage students in comprehending the reading material.

- **Time Allotted for the Activity:** 15 minutes
- **Details of the Implementation:**

After teaching the concept, give students one or two minutes to think about the topic without writing anything.
At the end the Class (Last 15 minutes)

- ✓ I asked the students to think about various moral dilemmas for 2 minutes.
- ✓ Then I told them to Pair with their neighbors and discuss about the topic for another 1 minute.

Reflective Critique:

- ***Feedback of practice from students and other stakeholders:***
  Students told that it is very helpful for them to understand the concepts easily.

- ***Benefit of the practice:***

1. Students can able to realize various moral dilemma and can apply various steps to deal with them.
2. Students can able to explain the concepts in examination without any confusion.

- ***Challenges faced in implementation:***

1. Time utilization for conducting activity.
