

RAMCO INSTITUTE OF TECHNOLOGY
Department of Electronics and Communication Engineering
Academic Year: 2018- 2019 (Odd Semester)

Innovative Practices Description

Unit-V Memory Devices

Degree, Semester & Branch: III Semester B.E. CSE

Course Code & Title: CS8351 Digital Principles and System Design

Name of the Faculty member: Mr.K.Ragavan

Name of the Topic: Memory Devices

Name of the Innovative Practice: Animated Video

ICT Tool Used: LCD Projector

Description:

Use of animation in special education has gained great attention recently. Student engagement and understanding of materials is given more emphasis in today's education over spoon feeding the facts. Therefore, using black-boards or the typical lecture methods are not adequate to teach science and other related subjects. The evolution of a process can be conveyed better with animation videos. Animation videos are one of the digital tools for classroom. It enables students to apply Imagination & think individually about a topic or answer to a question. It helps to promote creativity and motivate the students to do mini projects using memory devices. It can also be videos of demonstration of an idea or an application side of a theory or an interview with a scientist, tutorial by a subject expert and more.

Course Outcome	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
CO5	3	2						1		1	1	3
