A crossword is a word puzzle that usually takes the form of a square or a rectangular grid of white- and black-shaded squares. The game's goal is to fill the white squares with letters, forming words or phrases, by solving clues, which lead to the answers. The shaded squares are used to separate the words or phrases.

Justification for choosing thisActivity:

Puzzle activity used to remember the important terms clearly which will be helpful for understanding the concepts of Ethics and Human Values.

Time duration:

I have planned this activity for 20 minutes, but students don't know how to do this activity. They struggled to find the words inside the puzzle. So, I have explained the important terms and definitions clearly and then they start doing this activity. I encouraged the students which it takes another 5 minutes for completing the activity.
