

Department of Artificial Intelligence and Data Science

Academic Year: 2023- 2024 (Even Semester)

Degree, Semester & Branch : B.Tech,IV & AI & DS

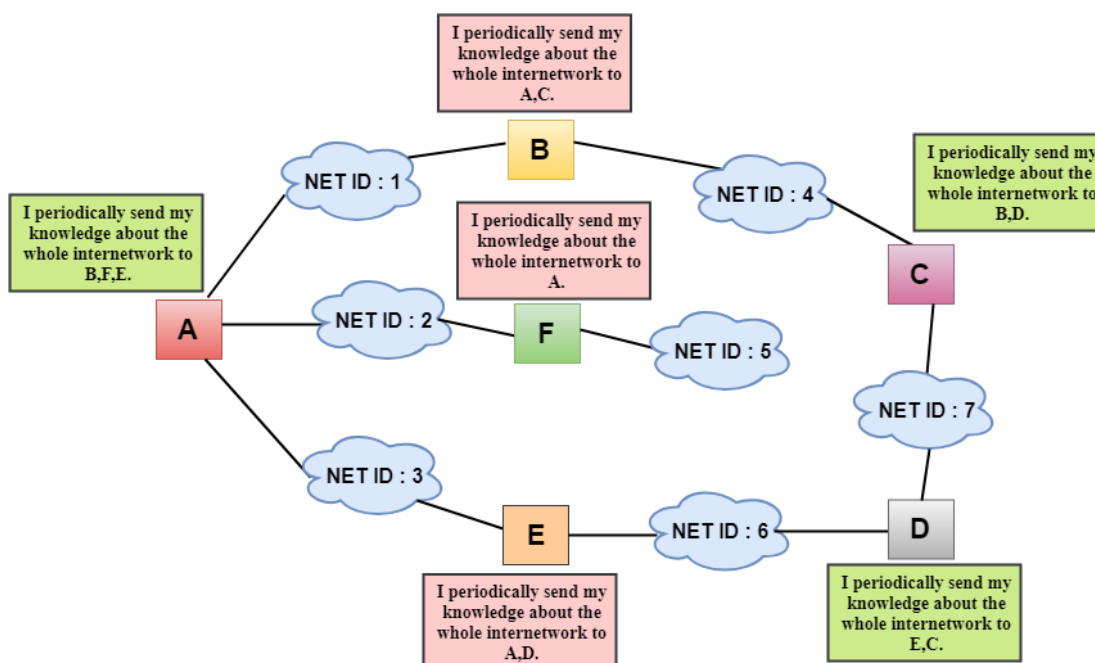

Course Code & Title : CS3591 & Computer Networks

Name of the Faculty member : Mrs. C.Usharani, AP/AD

Active learning practices: One- Minute Paper

- **Unit/Topic:** IV/ Distance Vector Routing
- **Course outcome:**CO4
- **Topic Learning outcome:** TLO4

Schematic diagram of the Distance Vector Routing:

➤ **Justification:**

- In the one-minute paper activity, students had 60 seconds to come up with a concise summary of the class session.
- Understanding the concept of Distance Vector Routing is crucial for delving into the depths of Network.
- To review the Distance Vector Routing this activity has been selected.

➤ **Time Allotted for the Activity:** 5 Minutes

➤ **Details of the Implementation:**

- The Faculty talked about the ideas of Distance Vector Routing
- In order to gauge their level of understanding, students were given the Assignment of summarizing the main points of the issue that was addressed on paper in under one minute.
- The faculty reviewed the one-minute paper written by all the students.
- Now, the course faculty could gauge the students' comprehension level based on their written works.
- Approximately, 20% of the students had trouble grasping the concepts once delivered. Others can understand the concepts and make a List out of what had been taught.

Glimpses of One – Minute Paper Activity:

Distance Vector Algorithm

- * DVA Protocol requires that a router informs its neighbours of topology changes periodically
- * It is also known as the Bellman Ford Algorithm
- * It is applied to assign the best and the shortest route for the data.
- * A router transmits its distance vector to each of its neighbours in a routing packet.

Advantages: It is simpler to configure and maintain than link state routing.

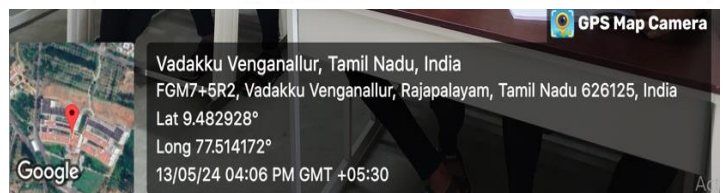

Disadvantages: It is at risk from the count-to-infinity problem.

Dest	Dist	Next Node
N1	0	-
N2	1	N1
N3	2	N2
N4	3	N3
N5	4	N4

Dest	Dist	Next Node
N1	0	-
N2	1	N1
N3	2	N2
N4	3	N3
N5	4	N4

Dest	Dist	Next Node
N1	0	-
N2	1	N1
N3	2	N2
N4	3	N3
N5	4	N4

Dest	Dist	Next Node
N1	0	-
N2	1	N1
N3	2	N2
N4	3	N3
N5	4	N4

Reflective Critique:

❖ Feedback of practice from students and other stakeholders:

- Students felt this activity made them recollect the points that have been discussed in class.
- One Minute papers increase the likelihood that students will remain in class for the full duration of the class period.

❖ Benefit of the practice: (E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)

- Minute papers serve as an effective method to engage all students in the class simultaneously.
- It ensures equal participation of every class member, including anyone who may be too shy or fearful to participate orally.

❖ Challenges faced in implementation:

- Few students face difficulty in grasping the concepts as such discussed
- They need some extra time to complete the activity

FEEDBACK Active Learning Best practices: One-Minute Paper

Degree, Semester & Branch : B.Tech, IV & AI / DS
Course Code & Title : CS3591 & Computer Networks
Name of the Faculty member : Mrs.C.Usharani, AP/AD

Theme of discussion : Distance Vector Routing
Date and Time : 13.05.2024 & 3.45 pm to 4.30 pm.
Feedback collected in class and also through online

FEEDBACK QUESTIONS

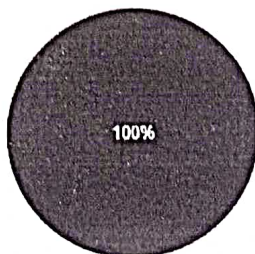

- How useful was the one Minute paper activity that we did in class room?
Very much Useful / Useful
- Do you have a clear understanding of the Distance Vector Routing concepts?
Yes/No/Maybe
- Does this formative assessment strategy improve listening and grasping capability?
Yes/No/Maybe

Googleform Link: <https://forms.gle/aH2KDtcHZweWjQis6>

Feedback Analysis:

1.How it useful for one-minute paper activity that we did in the class room?

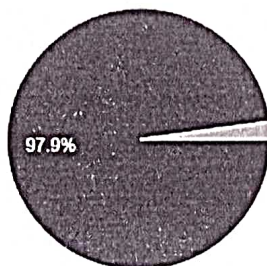

47 responses

- Verymuch Useful
- Not Useful

2.Do you have clear understanding of the concepts of Distance Vector Routing?

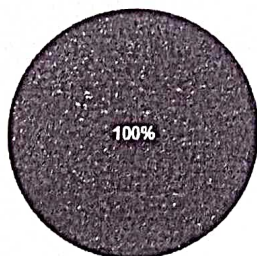

47 responses

- Yes
- No
- Maybe

3.Does this formative assessment strategy improve listening and grasping capability?

47 responses

- Yes
- No
