

Department of Artificial Intelligence and Data Science
Academic Year 2025 – 2026 (Odd Semester)

Degree, Semester & Branch: B.Tech, III & Artificial Intelligence and Data Science

Course Code & Title: AL3391 & Artificial Intelligence - 'A'

Name of the Faculty member (s): Dr. S. Selva Birunda, ASP/AD

Innovative Practice Description

- **Unit / Topic:** Unit II /Heuristic Search Strategies
- **Course Outcome:** CO2
- **Topic Learning Outcome:** TLO 4
- **Activity Chosen:** Flash Cards
- **Justification:**

Flash cards are a simple yet powerful active learning tool that promote effective memory retention and understanding. Flash cards active learning involves creating and displaying questions on PowerPoint and using cards with an answer on the other to practice active recall and strengthen memory through repeated testing.

Time Allotted for the Activity: 45 Minutes

- **Details of the Implementation:**

Step 1(5 Minutes)

- Group the 20 students into three categories depending on their academic performance.
- Identify one student as the group Leader to represent the Group performance for each 3 group.

Step 2 (20 Minutes)

- Appoint one student as the core leader, who will display the questions on the LCD projector. Each question will be shown for 45 seconds.

Step 3 (2 minute)

- Give students time to recall the topics taught in previous class

Step 4 (3 minutes)

- The student leaders of the 3 groups must discuss the posted question with their 20 peers.
- The Leader should show the answer chart mentioned as A1—A4, B1—B4 and C1 – C4

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University

NAAC Accredited with 'A+' Grade & An ISO 9001: 2015 Certified Institution

NBA Accredited UG Programs: CSE, EEE, ECE and MECH

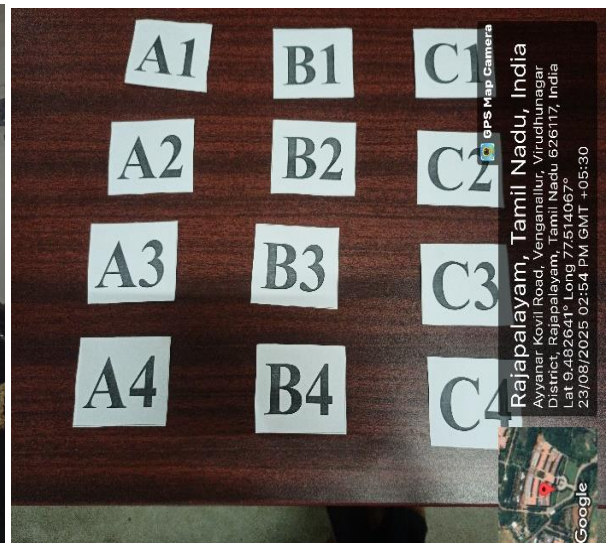

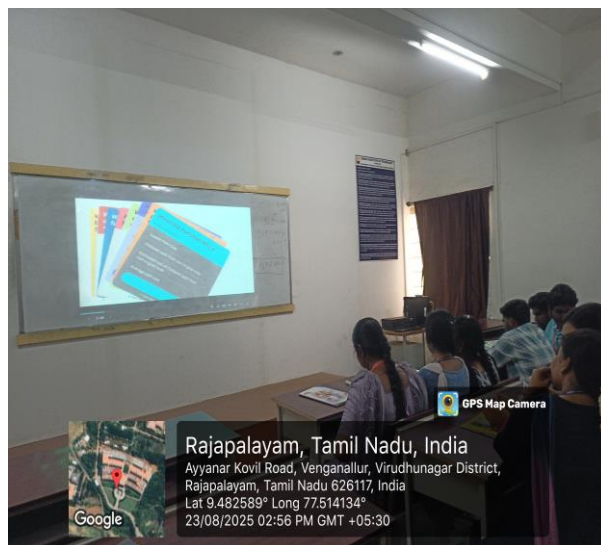

- The leader choice of answer selection is from group maximum survey; the leader has conducted

Step 5 (5 minute)

- Instruct each group leader to submit the answer chart to the core leader.
- Encourage others in the group to ask questions for clarification

Step 7 (10 Minutes)

- The Flash card will be done for 20 questions for all groups and finally the team scoring the highest mark is declared as the elite observer team
- **Images / Screenshot of the practice:**

- **Reflective Critique:**

- ❖ **Feedback of practice from students and other stakeholders:**

- ✓ Students reported that the flash card activity helped improve their recall of key concepts
 - ✓ Many students felt the activity made learning more engaging and interactive

- ❖ **Benefit of the practice:** (E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)

- ✓ This activity encouraged active participation from all students
 - ✓ Improves students' ability to recall information under time constraints.
 - ✓ Facilitates collaborative learning when done in groups.

- ❖ **Challenges faced in implementation:**

- ✓ Some students may hesitate to participate due to lack of confidence
 - ✓ To Select the Team leaders among the bright and competitive students

FEEDBACK

Active Learning Best practices: Flash Cards Active Learning Technique

Degree, Semester & Branch : B. Tech, III Semester & AI / DS
Course Code & Title : AL3391 & Artificial Intelligence - 'A'
Name of the Faculty member (s) : Dr. S. Selva Birunda, ASP / AD

Theme of discussion: Heuristic Search Strategies

Date and Time: 23.08.2025 & 2.40 pm to 3.25 pm

Feedback collected in class and also through online

Feedback Questionnaire:

1. How useful was the Flash cards activity that we did in class today?

Very much useful Not useful

2. Do you have a clear understanding of the heuristic functions?

Yes No

3. Did the flash cards make the session more interactive and engaging?

Yes No
