

RAMCO INSTITUTE OF TECHNOLOGY

RAJAPALAYAM

Department of Artificial Intelligence and Data Science

Academic Year: 2025- 2026 (Odd Semester)

**Active Learning Best practices: Interfaith Dialogue Panel -Cooperative Learning
Technique**

Degree, Semester & Branch: VII Sem. B.Tech. Artificial Intelligence and Data Science

Course Code & Title: - GE3791 & Human Values and Ethics

Name of the Faculty member: Ms.V. Logapriya/Assistant Professor-AI & DS

Theme of discussion: Secularism & Religious Tolerance

Topics Covered: Unit II

Date and Time: 20.08.2025 & 1.55 P.M to 2.40 P.M

Course Outcome: CO2

- **Topic Learning Outcome: TLO9**
- **Activity Chosen: Interfaith Dialogue Panel**

Active Learning Best practices: Interfaith Dialogue Panel

Topic: Secularism & Religious Tolerance

Learning Outcomes:

- **Critical Thinking:**

Students will analyse different religious perspectives and the concept of secularism, identifying ways to resolve conflicts through dialogue.

- **Communication Skills:**

Students will practice respectful debate, active listening, and collaborative problem-solving.

- **Cultural Competence:**

Students will develop empathy and appreciation for diversity in beliefs and practices.

Procedure:

Introduction (5 minutes)

- **Purpose:** Explain the objective: to explore secularism and religious tolerance through a structured interfaith dialogue.
- **Instructions:** Provide definitions of secularism, religious tolerance, and interfaith dialogue.
- **Setup:** Arrange seating in a panel + audience format; each group represents a faith or secular viewpoint.

Preparation Phase (10 minutes)

- **Grouping:** Divide the class into small groups, each assigned:
 - Group 1: Hinduism perspective
 - Group 2: Islam perspective
 - Group 3: Christianity perspective
 - Group 4: Other world religions (Buddhism, Sikhism, Jainism)
 - Group 5: Secular humanist perspective
- **Research:** Groups prepare short 3–4 minute presentations covering:
 - Core values and teachings on peace/tolerance
 - Examples of interfaith cooperation
 - Ways to address misunderstandings or conflicts
- **Guidelines:** Encourage focus on positive values, real-life examples, and avoiding offensive remarks

Interfaith Dialogue Phase (15 minutes)

- **Panel Discussion:** Representatives from each group sit in the front as a panel.
- **Moderator Role:** Faculty or student moderator poses questions, e.g.:
 - How does your tradition view tolerance toward other faiths?
 - What role can secular values play in ensuring equality?
 - How can technology help in promoting interfaith understanding?
- **Audience Questions:** After each round, audience members may ask respectful questions

Group Reflection & Synthesis (10 minutes)

- **Discussion:**
 - Common values identified across traditions.
 - Practical steps to foster harmony in communities and workplaces.
- **Activity:** All groups collaborate to draft a “Campus Charter for Tolerance and Secularism.”

Wrap-Up (5 minutes)

- **Summary:** Recap the main shared values, role of secularism in governance, and the need for continuous dialogue.
- **Reflection:** Students share personal takeaways and one action they can take to promote tolerance.

Glimpses:

Challenges & Strategies:

- **Challenge:** Risk of sensitive topics causing disagreement.
Strategy: Establish clear ground rules for respect and focus on shared values.
- **Challenge:** Students may lack knowledge of other religions.
Strategy: Provide pre-session reading material or short introductory videos.

Observations:

- Students gain deeper appreciation for diversity and secular principles.
- Active participation fosters empathy and reduces stereotypes.
- Dialogue-based learning strengthens communication and conflict-resolution skills.

Student Response (Expected):

- **Engaged Students:** High participation in sharing perspectives.
- **Assisted Learners:** Better understanding of faith traditions through peer explanations.
- **Overall Enjoyment:** Students value the respectful exchange of ideas.

FEEDBACK

Active Learning Best practices: Interfaith Dialogue Panel -Cooperative Learning Technique

Degree, Semester & Branch: VII Sem. B.Tech. Artificial Intelligence and Data Science

Course Code & Title: - GE3791 & Human Values and Ethics

Name of the Faculty member: Ms.V.Logapriya/Assistant Professor-AI & DS

Theme of discussion: Secularism & Religious Tolerance

Topics Covered: Unit II

Date and Time: 20.08.2025 & 1.55 P.M to 2.40 P.M

Feedback collected in class and also through online

Gform Link : <https://forms.gle/k4jVoYDfRigsdcRd9>

Feedback Questions:

1. Did the active learning method used in the session engage your interest in the topic? **Yes** **No**

2. How did the active learning method enhance your understanding of the topic?

Excellent **Good** **Satisfactory**

3. Did the active learning method encourage active participation and communication?

Yes **No**

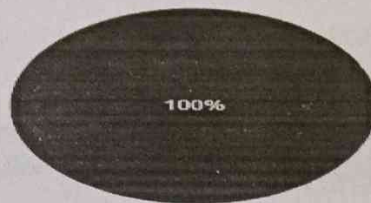

4. Did the active learning method prompt you to think more deeply or critically about the topic?

Yes **No**

Feedback Analysis:

1. Did the active learning method used in the session engage your interest in the topic?

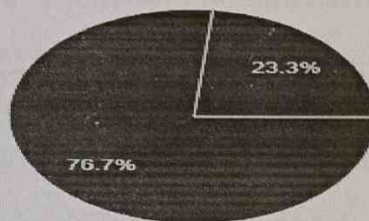

30 responses

● Yes
● No

2. How did the active learning method enhance your understanding of the topic?

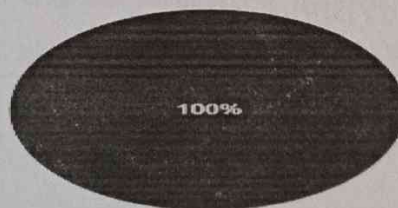

30 responses

● Excellent
● Good
● Satisfactory

3. Did the active learning method encourage active participation and communication?

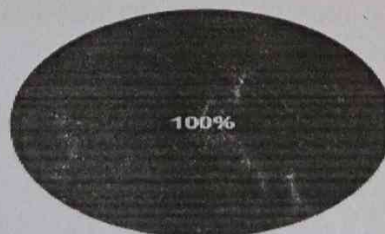

30 responses

● Yes
● No

4. Did the active learning method prompt you to think more deeply or critically about the topic?

30 responses

● Yes
● No
