

Department of Artificial Intelligence and Data Science

Academic Year 2025 – 2026 (Odd Semester)

Degree, Semester & Branch: B. Tech, VII & Artificial Intelligence and Data Science 'B'

Course Code & Title: OMG355 & Multivariate Data Analysis

Name of the Faculty member (s): Mrs. B. Revathi

Innovative Practice Description

- **Unit / Topic:** Unit I / Introduction- Classification of Multivariate Techniques
- **Course Outcome:** CO 1
- **Topic Learning Outcome:** TLO1,2
- **Activity Chosen:** One Minute Paper
- **Justification:**
 1. In one-minute paper activity the students will be given with 5 minutes to write the brief about that class session
 2. A successful Classification of multivariate Techniques typically consists of several modules that work together to achieve specific goals.
 3. In order to have a recap of multivariate technique modules this activity is chosen.
- 4. **Time Allotted for the Activity:** 10 Minutes
- 5. **Details of the Implementation:**
 1. Faculty explained the concept of classification of multivariate Techniques.
 2. Students were asked to various techniques involved multivariate techniques in a paper within a minute.
 3. The faculty member collected and corrected the answer scripts. The students who have written wrong procedure were asked to rewrite it.
- **Images / Screenshot of the practice:**

• **Reflective Critique:**

❖ *Feedback of practice from students and other stakeholders:*

- Students said that they were able to recollect and remember the concepts of multivariate techniques and felt it will be helpful while using these classification techniques.

❖ *Benefit of the practice:* (E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)

- ✓ This activity helped to quickly recap the important fundamental knowledge about multivariate technique.

❖ *Challenges faced in implementation:*

- ✓ Some students made a mistake, while writing the concept.

Feedback Questionnaire:

1. Does the activity encourage among yourself? Yes No
2. Do you have a clear understanding about the Classification of Multivariate concepts?
a. Yes b. No
3. Does this activity learning improve listening, communication and problem-solving skills?
a. Yes b. No

Feedback analysis:

1. Does the activity encourage among yourself?
responses

0 Yes

3. Does this activity learning improve listening, communication and problem-solving skills?
responses

0 No

2. Do you have a clear understanding about the Classification of Multivariate concepts?
responses

0 No
