

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University

NAAC Accredited with 'A+' Grade & An ISO 9001: 2015 Certified Institution

NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Department of Artificial Intelligence and Data Science

Academic Year 2024 – 2025 (Odd Semester)

Degree, Semester & Branch: B.Tech , V & Artificial Intelligence and Data Science

Course Code & Title: CW3551 & Data and Information Security

Name of the Faculty member (s): S.Pradeepha

Innovative Practice Description

- **Unit / Topic:** Unit 1/ Information Security Characters and Components
- **Course Outcome:** CO1
- **Topic Learning Outcome:** TLO 20
- **Activity Chosen:** Mind Map
- **Justification:**

A Mind Map is a brainstorming technique used to visually imagine information into a hierarchy (or) It is a visual tool used to organize information, ideas, concepts, or tasks in a hierarchical and interconnected manner. It's a graphical representation that starts with a central idea or topic and branches out into related subtopics or categories. Students to easily recall information.

- **Time Allotted for the Activity:** 45 Minutes
- **Details of the Implementation:**
 - Facilitate better understanding of Information Security Components easy to How the components related to each other in providing security and also the characteristics of Information Systems
- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO5	PSO1
CO1	3	2	2	3
(1 – Low 2 – Moderate 3 – High)				

PO / PSO mapped:

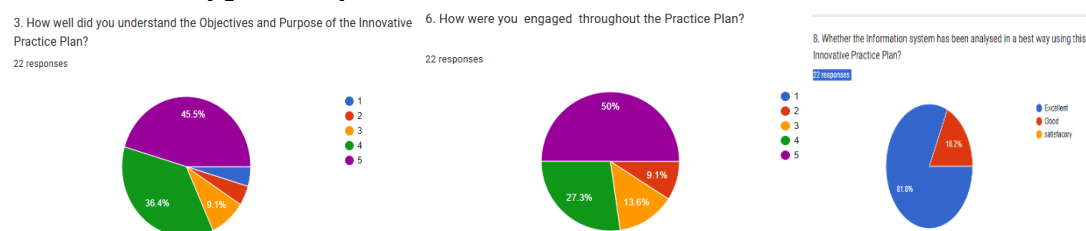

Innovative practice	PO1	PO2	PO5	PSO1
	3	2	2	3
Justification for correlation	Apply basic Knowledge and fundamentals of information security for solving problems	Identify the components of information system and formulate security mechanisms in developing secure applications	Able to apply security policies to complex engineering activities	Exhibit knowledge in information system for solving business and engineering problems

• **Images / Screenshot of the practice:**

• **Reflective Critique:**

❖ **Feedback of practice from students and other stakeholders:**

❖ **Benefit of the practice:** (E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)

By conducting mind map activity, it enhances productivity, creativity, and overall well-being by providing a structured and visual approach to organizing information

and ideas. They will also be able to reproduce the concepts in the exam. The students gave oral feedback that now they got a clear idea about Security Components diagram.

❖ ***Challenges faced in implementation:***

some students may struggle with visual representation and Creating detailed mind maps requires significant time and effort.

FEEDBACK

Active Learning Best Practices: Mind Map

Degree, Semester & Branch: B.Tech. Artificial Intelligence and Data Science, Vsem

Course Code & Title: CW3551 & Data and Information Security

Name of the Faculty member: S. Pradeepha AP/AD

Topic of discussion: Information Security Characters and Components

Topics Covered: Unit- 1

Date and Time: 11.09.2024 & 2.40 P.M to 3.20 P.M

Google form Link : <https://forms.gle/auWLVLodHM54zMxG6>

Feedback Questionnaire:

1. Did the plan align with your expectations? Yes no
2. How effectively was the Innovative Practice Plan implemented? 1 2 3 4 5
3. How well did you understand the Objectives and Purpose of the Innovative Practice Plan?
EXCELLENT GOOD SATISFCATORY
4. Were the necessary resources and support provided for successful implementation?
YES, NO
5. Did you notice any specific Benefits or Changes resulting from this plan? **YES, NO**
6. How were you engaged throughout the Practice Plan? 1 2 3 4 5
7. Did the plan provide Opportunities for Active Participation and Collaboration?
YES, NO
8. Whether the Information system has been analysed in a best way using this Innovative Practice Plan? **EXCELLENT GOOD SATISFCATORY**
9. Does this activity learning improve Listening, Thinking, Describing and Problem--Solving skills? **YES NO**
10. Is the Practice Plan sufficient to understand and discuss the concepts? **YES NO**

Feedback Analysis

1. Did the plan align with your expectations?
