ABOUT THE DEPARTMENT

- The Department of Civil Engineering was established in the year 2013. At present, it offers undergraduate programme, B.E. in Civil Engineering with a sanctioned intake of 60 students.
- The Department broadly covers important fields such as Surveying, Geotechnical Engineering, Structural Engineering, Hydraulics and Water Resources Engineering, Construction Materials and Practices, Environmental Engineering and Transportation Engineering.
- The Department has well established modern laboratories to cater to the needs of academic and research activities. It is well equipped with computational facilities and resources both in terms of hardware and software.
- The Department constantly facilitates students from other departments of the Institute as a gesture of support to their academic, co-curricular and research desires.
- The Department has well-qualified and committed faculty members, lab technicians and modern infrastructure in the form of elegant and smart classrooms, spacious laboratories, latest machinery and equipment.
- Students are encouraged to participate in co-curricular and extra-curricular activities to acquire leadership qualities. The Civil Engineering Association RIT STRUCTA has been functioning for the benefit of the students.
- It serves as a platform for students to make technical presentations, gain knowledge about recent advancements and bring together novel ideas.
- This Association aims at bridging the gap between the academic and the industry by inviting renowned industrialists and academicians to interact with students.
- Guest lectures, industrial visits, site visits, etc., are organized and value added courses are conducted on regular basis to ensure that students are conversant with recent developments in the field of Civil Engineering.
- The Department encompasses professional societies such as Indian Concrete Institute (ICI), ISTE chapters, which provides students a platform to acquire knowledge in various technical activities. It offers Engineering, Geotechnical Engineering, Environmental Engineering, Surveying and Highway Engineering.

VISION OF THE DEPARTMENT

To Create knowledgeable and professionally competent Civil Engineers who are capable of providing global solutions to the problems related to Civil Engineering.

MISSION OF THE DEPARTMENT

1. Impart high quality education and technical skills to transform students into Professional Civil Engineers.
 2. Establish state-of-the-art infrastructure for updating knowledge in recent developments and cutting edge technology.
 3. Bridge the gap between academics and industry by practical training and providing solutions for design projects related to Civil Engineering.
 4. Motivate the faculty members and students in the teaching learning process for achieving excellence to meet the global standards.
 5. Produce graduates with high professional and ethical standards for fulfilling the needs of the industry and society.
- 

Programme Educational Objectives

- Graduates of the programme will be professionally competent and apply the fundamental concepts of mathematics, science and Civil Engineering to solve problems in Civil Engineering.
- Graduates of the programme will perform their responsibilities as professional Civil Engineers with quality and ethics.
- Graduates of the programme, as part of an organization or as Entrepreneurs, will continue to learn with evolving technologies.
- Graduates of the programme will innovate and provide global solutions for a sustainable built environment.
- Graduates of the programme will contribute to the development of sustainable Infrastructure for the betterment of society.

Programme Specific Outcomes

- Communicate and present civil engineering projects effectively.
- Use the techniques, skills, and modern engineering tools necessary for civil engineering practice and project management.
- Provide sustainable solutions to civil engineering problems.
- Perform as design consultants in construction industry for the design of civil engineering structures.

Programme Outcomes

- **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- **Problem analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- **Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- **Individual and teamwork:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- **Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- **Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Events organized

Guest Lecture on Exploring GIS: A Beginner's Guide to Geographic Intelligence" was organized by the Department of Civil Engineering (Association: RIT- STRUCTA) on 05.02.2025 at Civil Seminar Hall from 10.00AM to 1.00 PM. The resource person for this event was Ms.K.Kaviya Gunashree CEO Raphael drones and GIS Services, Rajapalayam.

A technical quiz was organized by the Department of Civil Engineering, Ramco Institute of Technology, Rajapalayam & IEI Student chapter on "01.03.2025" at A3L01 hall from "3.30 to 4.00 pm". 30 Multiple choice question from various subjects of Civil engineering was given to the students. 49 students from II & III year participated in the technical quiz.

A Workshop on “Modern Surveying using Drone and DGPS” was organized by the Department of Civil Engineering in association with RIT IEI Student Chapter on 26th March 2025 at Civil Seminar Hall 10.00 AM to 4.00 PM. The Resource person for this workshop was Mr. R. Muruganatham, Assistant Professor. Department of Civil Engineering, Ramco Institute of Technology, Rajapalayam.

The RIT-Structa, Department of Civil Engineering, organized a virtual seminar on "Advanced Construction Techniques and Distress Evaluation in Flexible Pavements: Enhancing Durability and Performance" on April 26, 2025, for III-year civil engineering students. Mrs.S.LogaGanesh, Assistant Engineer, Highway Project, Madurai (RIT Alumni), served as Resource person for the session. Mr.Vijay Malliya III Year, Civil & Ramya Sudha III Year, Civil served as Student Coordinators. The event was conducted in the Google meet platform, 21 third-year Civil Engineering students were actively participated. Event Coordinator provided the welcome address and student coordinator provided the "About the Guest" speech.

The Department of Civil Engineering in Association with RIT IGBC organized a Painting Competition on “Dream your future in a Green Home” during 28 Feb., 2025. 35 students participated in this competition. Mrs.A.Leema Margret AP/Civil and Mr.V.Ragavan AP/Civil faculty coordinator for this event. Ms.Jeevika Kannan II Civil student coordinated the entire program.

A session on “Transforming the World through Sustainability” was organized by RIT IGBC Student Chapter in association with Department of Civil Engineering on 21st August 2025 at Civil Seminar Hall from 10.00 AM to 04.00 PM. The Resource person for this guest lecture was Mr.P.Karthick Raja, Sustainability Engineer, Earthwise Consultant, Madurai. The resource person gave an Introduction about Green Buildings, Why Green Buildings is needed and Green Rating System. This session benefited a total of 50 Participants – III and IV-year Civil, Mechanical and EEE Students. Ms.K G Priya, II year Civil proposed the vote of thanks.

Faculty Participation

Dr.G.Karthikeyan ASP/Civil, Mrs.R.Kalaimani, AP/Civil, Mrs.A.Leema Margret, AP/Civil and Mr.V.Ragavan AP/Civil participated & completed AICTE Training And Learning (ATAL) Academy Faculty Development Program on Artificial Intelligence (AI) in industry, healthcare, and agriculture sector: Present and future direction of AI in India at SCAD COLLEGE OF ENGINEERING AND TECHNOLOGY from 20/01/2025 to 25/01/2025.

Dr.T.Chockalingam, AP(SG)/Civil Engineering handled a session on "Streamlining Reference Management with Mendeley" at Six Days Faculty Development Program on "Innovative AI Tools for Research Excellence" organized by the Department of Computer Science and Engineering in association with ACM Student Chapter and RIT Research Council, Ramco Institute of Technology, Rajapalayam on 30.01.2025 (Thursday).

Dr.M.Indhumathi,ASP/Civil attended one week Faculty Development program on Building Information Modelling Conducted by Nan Mudhalvan, Government of Tamilnadu on 10.02.2025 to 16.02.2025

Mr. T. Chockalingam, AP (SG)/Civil Engineering, has been nominated as a Department Advisory Committee member for the Department of Mechanical Engineering for a period of 3 years from January 2025 to December 2027.

Dr.M.S.Dharmar HOD/Civil attended a One week Short Term Training Program (STTP) on Innovating Academia: The power of Generative AI in Research and Education” jointly organized by Department of Civil Engineering, Radhakrishna Institute of Technology and Engineering, Bhubaneswar, Odisha, India & Event Organiser: RSP Science Hub, Coimbatore, Tamil Nadu, India from 06.01.2025 to 11.01.2025.

Mr.R.Muruganatham AP/Civil, Mr.A.ManickaMammallan AP/Civil have successfully completed the DGCA approved Remote Pilot Training Course, CAT-1 (VLOS) conducted by Manipal Skill Development Centre (A Unit of Dr.T.A.A Pai Foundation) during 10.02.2025 to 14.02.2025

Dr.G.Karthikeyan, ASP/Civil attended the one day workshop on "Coir Geotextile Reinforced Low Volume Rural Roads" sponsored by the Coir Board, Ministry of Micro, Small and Medium Enterprises, Government of India and Organized by the Department of Civil Engineering, NIT Trichy on 05.03.2025.

Dr.T.Chockalingam, ASP/Civil Engineering has successfully participated in the Masterclass Series under IP Utsav organized virtually by AICTE and MoE from 21st April 2025 to 26th April 2025.

Faculty Awards and Achievements

Dr.S.Dharmar, Associate Professor & Head, Department of Civil Engineering received Smt. Prabhavati Shahi Memorial National Award for the Best Outstanding Teacher in Civil Engineering during the 54th ISTE National Annual Convention held at LAMRIN Tech Skills University, Ropar, Punjab on 14.02.2025 (Friday).

Dr.G.Karthikeyan, Associate Professor, Department of Civil Engineering awarded with Outstanding Young Concrete Engineer (ICI-Ultratech Awards 2024) held at Hotel Marriott Madurai on 19.02.2025 (Wednesday) organized by ICI-Madurai Centre in association with Ultratech Cement.

Dr.M.Indhumathi, Associate Professor, Department of Civil Engineering awarded with Outstanding Doctoral Thesis (ICI-Ultratech Awards 2024) held at Hotel Marriott Madurai on 19.02.2025 (Wednesday) organized by ICI-Madurai Centre in association with Ultratech Cement.

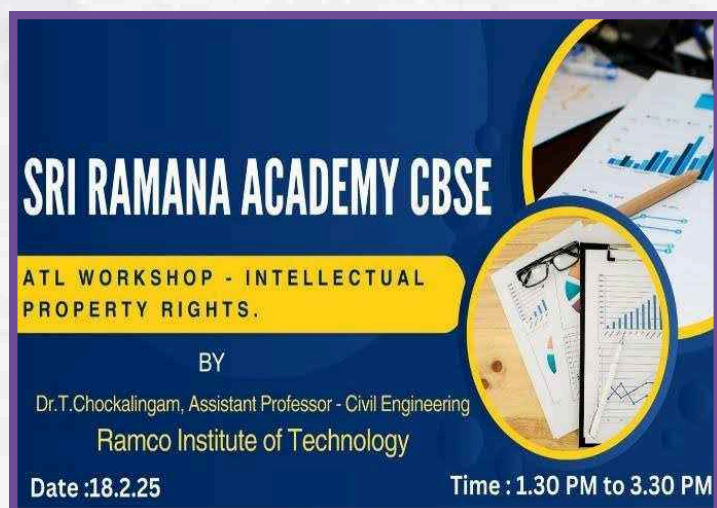

Dr.T.Chockalingam, ASP/Civil Engineering has attended the NPTEL Felicitation Event held at Indian Institute of Technology, Madras on 06.07.2025. During the event, NPTEL Discipline Star award was provided to him for completing more than 50 weeks of learning in the same discipline (Civil Engineering) and secured marks greater than or equal to 55.

Guest Lectures Delivered

Dr.T.Chockalingam, AP(SG)/Civil Engineering acted as a resource person for ATL Workshop - Intellectual Property Rights organized by Sri Ramana Academy CBSE, Rajapalayam on 18.02.2025 (Tuesday). The target audience for the program is 6th to 8th standard school students. The objective of the program is to nurture the young talents emphasizing the importance of Intellectual Property Rights in driving the economy of the nation.

Dr.T.Chockalingam, AP(SG)/Civil Engineering handled a session on "Streamlining Reference Management with Mendeley" at Six Days Faculty Development Program on "Innovative AI Tools for Research Excellence" organized by the Department of Computer Science and Engineering in association with ACM Student Chapter and RIT Research Council, Ramco Institute of Technology, Rajapalayam on 30.01.2025 (Thursday).

Dr.M.Indhumathi,ASP/Civil Delivered a speech on Advanced Construction Techniques through online conducted by department of civil Engineering,PSN College of Engineering and Technology on 01.03.2025.

Dr.M.Indhumathi,ASP/Civil acted as a resource person for the one day workshop on microstructural Depiction of Concrete conducted by St Xaviers Catholic college of Engineering on 04.04.2025

Dr.T.Chockalingam, ASP/Civil Engineering delivered a Guest Lecture on "Pervious Concrete-A Pathway to a Resilient Future" during the webinar organized by HUBCIVILAX Club, Department of Civil Engineering, E.G.S.
