

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University

NAAC Accredited with 'A+' Grade & An ISO 9001: 2015 Certified Institution

NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Department of Computer Science and Business Systems
Academic Year 2024 – 2025(Even Semester)

Degree, Semester & Branch: B.Tech., VI & CSBS

Course Code & Title: CCS334 Bigdata Analytics

Name of the Faculty member: Ms.K.Usharani AP/CSBS

13.03.2025

Innovative Practice Description

- **Unit / Topic:** Unit 2 / Cassandra Database
- **Course Outcome:** CO2: Apply the NoSQL big data management and Cassandra to efficiently store Big Data
- **Topic Learning Outcome:** Students will be able to explore the Cassandra and Cassandra data model.
- **Activity Chosen:** Live Quiz
- **Justification:**
 - Gamified way of teaching will attract the students and increase their focus on the topic.
- **Time Allotted for the Activity:** 30 Minutes
- **Details of the Implementation:**
 1. **Materials used :**
Quiz created using Canvas.
 2. **Prerequisite :** Knowledge on Nosql Databases and Cassandra.
 3. All students were asked to join in the quiz.
 4. 10 questions were asked to poll the answers. At end of quiz, the concept of the question discussed.
 5. After that, the faculty consolidated the concepts once again to students.

- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO9	PO10	PO12	PSO2
CO5	2	2	3	3	2	2

(1 – Low 2 – Moderate 3 – High)

• **PO / PSO mapped:**

Innovative practice	PO1	PO2	PO9	PO10	PO12	PSO2
	2	1	3	3	2	2
Justification for correlation	Apply the knowledge of engineering fundamentals like Nosql Databases	Identify and analyze complex engineering problems related to Cassandra	Function effectively as an individual and as a member in a team	Communicate effectively on complex engineering activities with engineering community.	Recognize the need and ability to engage in independent and life-long learning.	Exhibit proficiency in software development.

• **Images / Screenshot of the practice:**

• **Reflective Critique:**

❖ **Feedback of practice from students and other stakeholders:**

Students felt that they can able to understand joyfully and get clarity on the topic very interestingly. It improves their understanding.

❖ **Benefit of the practice:**

Students were actively participated in this activity.

Students interaction was good and the class during the activity was good and they enjoyed the gamified learning.

❖ **Challenges faced in implementation:**

Only few students are ready to explain the answers for the questions in front of their class. Some students are hesitated to share their knowledge in the class. And they are motivated to come out of their fear.
