• Reflective Critique:

✦ Feedback of practice from students and other stakeholders:

- Students reported that they could recall and retain the ideas of Integration of E-Mail.

- The students reported that the activity helped them remember everything that was covered in the previous class and that it enhanced their ability to learn on their own.
- It teaches students about the simplicity of E-Mail Marketing.

Benefit of the practice:

- It enhances students problem-solving abilities and helps them remember the topics easily.
- The students can place their own views in the mind map

✚ ***Challenges faced in implementation:***

- Some students found it challenging to formulate mind map and several of the questions were hard to understand which elimination we have to use first.
- I thought there was a lack of clarity on the slow learners. I gave each student a distinct explanation, and after that, they understood perfectly.
