

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University

NAAO Accredited with 'A' Grade & An ISO 9001: 2015 Certified Institution

NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Department of Computer Science and Business Systems
Academic Year 2024 – 2025(Even Semester)

Degree, Semester & Branch: B.Tech., IV & CSBS

Course Code & Title: CW3401 Introduction to Business Systems

Name of the Faculty member: Ms.K.Usharani, AP/CSBS

Innovative Practice Description

- **Unit / Topic:** Unit 1 / Business environmental factors - Internal and External.
- **Course Outcome:** CO 1 – To know the business environment and management functions
- **Topic Learning Outcome:** TLO 1 - Analyze Know business environmental factors
- **Activity Chosen:** Peer Discussion
- **Justification:**
 - Peer Discussion fosters teamwork, cooperation, patience, and better social skills. In a cooperative peer learning environment, each student's strengths can serve to complement the group and enhance learning.
- **Time Allotted for the Activity:** 30 Minutes
- **Details of the Implementation:**
 1. **Materials used :**
 - a. Textbook
 - b. Business Environmental Factors chart
 2. **Prerequisite :** Basic knowledge on impact of real world factors on business .
 3. All students were asked to discuss in their teams on the given topic with the help of materials.
 4. Three Interested students are asked to explain the concepts to their class members.
 5. To check their knowledge on this topic, each student is asked to explain the factor with suitable example.
 6. After that, the faculty consolidated the concepts once again to students.
- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO3	PO9	PO10	PO12	PSO2
CO1	2	1	1	3	3	2	2

(1 – Low

2 – Moderate

3 – High)

- **PO / PSO mapped:**

Innovative practice	PO1	PO2	PO3	PO9	PO10	PO12	PSO2
	2	1	1	3	3	2	2
Justification for correlation	Apply the knowledge of engineering fundamentals on business	Identify and analyze complex engineering problems related to the impact of business	Design solutions for complex engineering problems with appropriate technique.	Function effectively as an individual and as a member in a team	Communicate effectively on complex engineering activities with engineering community.	Recognize the need and ability to engage in independent and life-long learning.	Exhibit proficiency in business skills.

- **Images / Screenshot of the practice:**

- **Reflective Critique:**

- ❖ **Feedback of practice from students and other stakeholders:**

Students felt that they can able to understand and get clarity on the topic very easily by sharing their knowledge with their friends. It improves their self-learning ability.

- ❖ **Benefit of the practice:**

Students were actively participated in this activity.
Students interaction with their peer members and the class during the activity was good and effective.

- ❖ **Challenges faced in implementation:**

Only few students are ready to present the topic in front of their class.
Some students are hesitated to share their knowledge in the class. And they are motivated to come out of their fear.
