Dr.M.Swarna Sudha, ASP/CSE welcomed the gathering and gave an introduction about resource person **Ms.Sakthi Swathi A (Batch 2019-2023), Member Technical Staff, Zoho Corporation Pvt., Ltd, Tenkasi**

She shared her interview preparation and placement experience. She began by explaining the nature of each selection round in detail, providing students with valuable insights into the recruitment process.

The alumna elaborated on the Level 2 and Level 3 rounds of the interview process:

- Level 2 Round: Focuses on questions related to arrays, patterns, and strings. After solving one question, the interviewer typically provides the next, with the overall difficulty level being moderate.
- Level 3 Round: Involves application-oriented problems that require the use of Java Collections such as HashMap, PriorityQueue, and ArrayList. She explained a sample question in detail and highlighted that interviewers generally expect candidates to implement solutions in an optimized manner.

The session was highly interactive, with students clarifying their doubts and seeking guidance on preparation strategies. 30 Students from IV Year CSE, IT, CSBS and AD have actively participated and clarified their doubts.
