Present Position	Mr.Hariharan, Junior Oracle Database Administrator, MSC Technology India Private Limited, (Batch 2016-2020), Ms.Amirtha, Graduate Engineer Trainee, Ramco Cements,Chennai.

“Proud to be an RITian – AM/21-22/10” organized by Department of Computer Science and Engineering and Alumni Association jointly organized an “Alumni Interaction” for I Year CSE and AI&DS students on 27/10/2021, 2.00 pm – 3.00 pm

Ms.Amirtha, interacted with the students by sharing her four years of college experience. She motivated the students to participate in both curricular and extra-curricular activities. Students enquired that “how a biology students can become a good CS Engineer”. If the biology students works hard from the first year itself then it will be easy for them to copeup from II Year.

Mr.Hariharan, shared his college experience from first year. He insisted the students to have the habit of self learning. Some students enquired about “How the technology studied in 4 years of engineering is useful in IT industry?”. He told that all the technologies can’t be implemented at the same time by same person. First we have to choose a technology and then work towards it to have a good career path. Then the students asked him to share his interview experience. He explained the whole process and motivated the students to get placed in a reputed company.

Around 120 students actively interacted in the session
