

Department of Computer Science and Engineering
Academic Year 2022 - 2023 (Even Semester)

Degree, Semester & Branch: VI Semester B.E. CSE

Course Code & Title: CS8691 & Artificial Intelligence

Name of the Faculty member (s): Mrs. G.Mareeswari, AP/CSE

Innovative Practice Description

- **Unit / Topic:** Unit III / Events
- **Course Outcome:** CO3
- **Topic Learning Outcome:** TLO9
- **Activity Chosen:** One Minute Paper

- **Justification:**

Events is an important topic comes under the category of Knowledge Representation. The topic “Events” contains event calculus and the students need to learn more predicates about the concepts. This activity makes the students to get a sound knowledge in this concept.

- **Time Allotted for the Activity:** 15 Minutes

- **Details of the Implementation:**

At the end of the class, the students were asked to write about the Events topic discussed in the class. During the first 40 minutes instructor explained the particular concepts/topic in classroom. The students expressed the understood concepts in the events topic and the content they need more clarification in that particular topic. The points on events topic shared by the students through this activity are shown in the figure 1. This activity shows whether the students can able to understand the concept of events topic and their involvement in the particular class.

- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO3	PO9	PSO1
CO3	3	1	1	1	1

(1 – Low 2 – Moderate 3 – High)

- PO / PSO mapped:

Innovative practice	PO1	PO2	PO3	PO9	PSO1
	3	1	1	1	1
Justification for correlation	Needs engineering and mathematical knowledge for understand events concept	Process in event concepts are used in analysis of engineering problems	To design solutions for complex engineering problems using Events concepts	To work as an individual	Able to apply Events concepts in emerging trends in Information Technology

- Images / Screenshot of the practice:

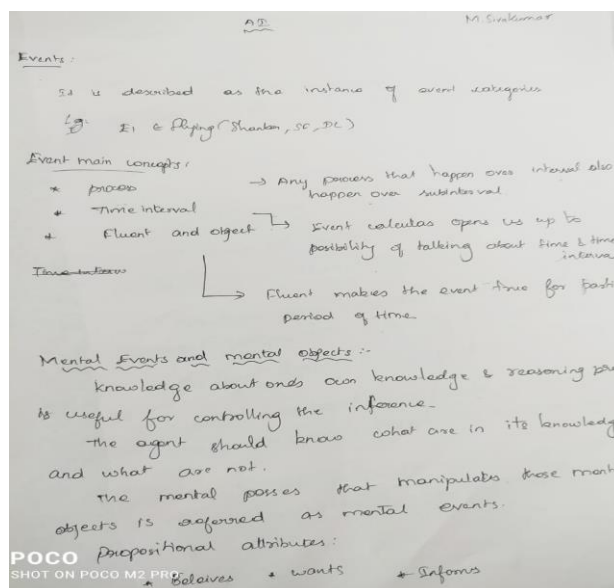

Figure 1. a

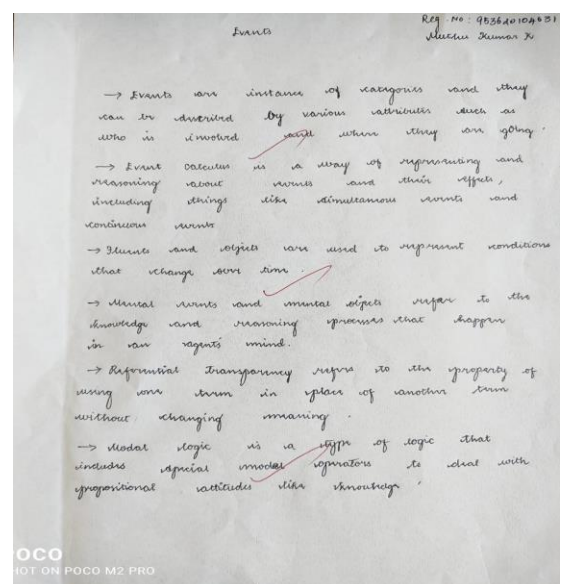

Figure 1.b

Figure 1.a is the sample one-minute paper of Sivakumar. M and figure 1.b is the sample one-minute paper of Muthukumar. K

- **Reflective Critique:**

❖ **Feedback of practice from students and other stakeholders:**

- The students felt that they can able to understand the events topic clearly after conducting this activity.

❖ **Benefit of the practice:**

- Students were actively participated in this activity.
- From this activity, the students can get more clarity in the particular topic.
- Students can able to explain the topic without any confusion.

❖ ***Challenges faced in implementation:***

- Some students are hesitated and lack to share the concepts that they learnt in the class.
- Make the students to know the impact and importance of sharing their views and understanding related to the topic and made them involve in the activity.
