

Department of Computer Science and Engineering
Academic Year 2021 - 2022 (Even Semester)

Degree, Semester & Branch: VIII Semester B.E. CSE

Course Code & Title: GE8076 & Professional Ethics in Engineering

Name of the Faculty member (s): Dr.V.Anusuya, ASCP/CSE

Innovative Practice Description

- **Unit / Topic:** Unit 4 / Conflict of Interest, Occupational Crime
- **Course Outcome:** CO4
- **Topic Learning Outcome:** TLO13
- **Activity Chosen:** One Minute paper
- **Justification:**
 - The one-minute paper is a formative tool that can improve both teaching and learning by monitoring student comprehension, giving you a glimpse into the strengths and weaknesses of your own teaching methods, and aid you in modifying your classroom's learning experience.
 - Giving students the ability to provide input into the teaching/learning process can promote healthy collaboration and a sense of meaning to a student's learning experience.
 - This activity helps the students to understand the conflict of interest and occupational crime and its limitations clearly.
- **Time Allotted for the Activity:** 10 Minutes
- **Details of the Implementation:**
 - The students are given 60 seconds at the end of a lecture period to jot down on paper some anonymous responses to an aspect of that day's class session.
 - Minute papers are an effective way of involving all students in class simultaneously. It ensures equal participation of each and every class member, including anyone who may be too shy or fearful to participate orally. It sends a message of high expectations—namely, each and every student is expected to participate and has something important to contribute—no matter what their cultural background or prior level of academic preparedness.
 - The students Anugraha ,Kavimalar and Gnamoorthy vidhya,Samyukthavikashini, Sowmya, Nivethitha,Vijayalakshmi Karthiga, wrote about conflict of interest. Mohan kumar and Abishek, and Arunkumar, Kannan and Mohamed Yaseen, Ranjith kumar, Ram Babu wrote about Occupational crime as shown in figure1 and figure2.

- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO3	PO6	PO7	PO8	PO9	PO12	PSO1	PSO2	PSO3
CO1	2	2	1	3	3	3	3	3	1	1	1

(1 – Low 2 – Moderate 3 – High)

- **PO / PSO mapped:**

Innovative practice	PO1	PO2	PO3	PO6	PO7	PO8	PO9	PO12	PSO1	PSO2	PSO3
	1	1	1	3	3	3	3	1	1	1	1
Justification for correlation	Needs to learn about the conflict of interest in safety and risk factors associated with a project, fundamental Engineering knowledge is essential	The students will study safety and risk factors, they could gain problem analysis skills.	Design a solution to resolve the conflict of interest ethically	The students can identify conflict of interest and occupational crime at the local, regional and global level.	As students will study about safety and risk factors involving in a project, they can understand the impact of engineering solutions on environment and society	The students can identify situations of unethical occupational crime and propose ethical alternatives as they know the rules	While assessing the safety and risk parameters of any project which involves team work, ethical principles has to be followed	Assessment of safety and risk factors and update is required throughout the professional life	As knowledge about the conflict of interest and occupational crime are required to be a better software developer.	To apply the knowledge of IoT, Cloud computing and cybersecurity, they should know the conflict of interest during development	To provide a solution to real world problem using Artificial Intelligence and bigdata they should learn code of ethics.

• Images / Screenshot of the practice:

Occupational Game:

Manan Kumar D.
95261810403

* It is game that is committed through opportunity game in the course of legal description.

* Theft of Company Property, the misuse of information and many other related game under the Occupational Game.

* Individual Occupational Game

* Professional Occupational Game

* State authority Game

* Organized Occupational Game

* It appears to have unique character of Occupational Game that game in form.

IV yr - CSE

Conflicts of Interest:

→ General Conflict

* It means an individual has two or more desires that all interests cannot be satisfied

* Professional conflict:

Professional have an interest that may lead dissatisfaction of the employer

Difference between:

→ General conflict is due to economical or physical problem.

→ Professional conflict is due to ethical issues.

Types:

Actual conflict of interest
Potential conflict of interest
Apparent conflict of interest

IV - year

Conflicts of Interest:

→ It means an individual has two or more decisions

→ Professional have an interest that may lead dissatisfaction of the employer.

General and professional Conflict difference:-

→ General conflict is due to economical / physical problem

→ Professional conflict is due to ethical issues.

Types of conflicts of interest

→ Actual conflicts

→ Potential conflicts

→ Apparent conflicts

Actual:

It arises when an employee compromise objective professional judgement - eg:- Having influence in contract for supplying

Potential:

May accept the professional judgement in the future

Ethics

Conflict of Interest

* It arises when what is in a person's best interest is not in the best interest of another person or organization to which they are loyal.

* Example:

An employee may simultaneously help himself but harm the employer by taking a bribe to purchase inferior goods for the company's use.

* Different types of conflict of interest

* Financial conflict;

* Non-financial conflict;

* Conflict of roles or responsibilities

* Conflict of interest

* There are three main elements of conflict of interest they are

* Primary interest

* Secondary interest and the

* Conflict itself

Conflicts of interest forms

* Discretion

* Self disclosure

Figure 2: One Minute Paper Implementation

- **Reflective Critique:**

- ❖ ***Feedback of practice from students and other stakeholders:***

- Students said that they were able to recollect and remember the concepts of Conflict of Interest, Occupational Crime.
- So Students understand conflict of interest and crimes in a profession.
- Students felt they were able to identify the difference between bribe and gift.
- It makes the students to understand the different types of conflict of interest.

- ❖ ***Benefit of the practice:***

- Students can able to understand the different types of occupational crime
- Students can able to gain knowledge about the conflict of interest and how to resolve and how it is required for a software developer.
- This activity helps the students to know the importance of conflict of interest and occupational crime in software development.

- ❖ ***Challenges faced in implementation:***

- The time allotted is 10 minutes, but they took 15 minutes to complete this task.
