Degree, Semester & Branch: VI Semester B.E. CSE

Course Code & Title: CCW332 & Digital Marketing

Faculty member (s): Mrs. P. Devisri, AP/CSE

Innovative Practice Description Unit

Topic: Unit I / Digital Marketing Strategy Components

Course Outcome: CO 1

Topic Learning Outcome: 1a

Activity Chosen: Brand Strategy Snap Plan

Justification:

Digital marketing strategy components such as target audience analysis, goal setting, channel selection, content planning, promotion strategies, and performance measurement are essential for understanding how businesses succeed online. The Brand Strategy Snap Plan activity enabled students to summarize all major strategy components into a single, structured framework. This approach helped students connect theory with practical marketing applications and improved their strategic thinking abilities.

Time Allotted for the Activity: 35 minutes

Details of the Implementation:

- At the beginning of the session, the faculty introduced the concept of Digital Marketing Strategy Components and explained the purpose of creating a Brand Strategy Snap Plan as a one-page strategic framework.
- Students were divided into small teams to apply this concept.
- JanaRamji Team Implementation Figure 1) One of the participating teams, the JanaRamji Team, developed a strategy for their brand, Sakthi Mithra Powder, focusing on applying digital principles to a traditional product line.
- Figure 2 M. Deepalakshmi, K. Priyadharshini, and R. SriPrashiga selected a hypothetical bakery brand titled “Moon Crumbs Desserts.”
- The students identified the brand name and product offerings, which included cakes, cupcakes, brownies, and pastries, focusing on youth-oriented dessert preferences.
- The team clearly defined the target audience based on:
 - 1 Age group: 16–35 years
 - 2 Gender: Both
 - 3 Location: Urban and semi-urban areas
 - 4 Income group: Students and working professionals
 - 5 Interests: Sweets, celebrations, and Instagram food reels
- The students outlined strategic goals such as:
 - 1 Creating brand awareness by improving brand recognition

2 Generating leads by engaging interested customers

3 Driving sales by converting interest into actual purchases

- Suitable digital marketing channels were selected, including Instagram, Facebook, WhatsApp, and Google Maps, based on audience behavior and accessibility.
- The team proposed content ideas such as product photos and reels, behind-the-scenes baking videos, customer reviews, and festival-special posts to enhance engagement.
- Promotional strategies like Instagram reels, influencer food bloggers, discount coupons, buy-one-get-one offers, and festival offers were planned to attract and retain customers.
- Finally, the students identified performance measurement metrics such as number of followers, likes, shares, comments, website/app orders, sales growth, and customer feedback to evaluate campaign effectiveness.
- The team briefly presented their Brand Strategy Snap Plan, explaining how each digital marketing strategy component contributes to overall business growth.

CO – PO / PSO mapping:

CO	PO1	PO2	PO10	PSO1
CO 5	2	2	1	1

(1 – Low 2 – Moderate 3 High)

PO / PSO mapped:

Innovative practice	PO1	PO2	PO10	PSO1
	2	2	1	1
Justification for correlation	Students applied digital marketing principles using analytical and strategic thinking.	Students analyzed customer behavior and selected appropriate digital platforms.	Students improved communication skills by presenting marketing strategies clearly.	Students gained real-world exposure to digital marketing planning techniques.

Reflective Critique:

❖ **Feedback of practice from students and other stakeholders:**

- Students found the activity interactive and easy to understand.
- The snap plan format helped them see the complete digital marketing strategy at a glance.
- Students felt confident applying digital marketing concepts to real brands.
- Peer discussions enhanced creativity and clarity.

❖ **Benefit of the practice:**

- Improved understanding of digital marketing strategy components.
- Enhanced creativity and strategic planning skills.
- Encouraged teamwork and collaborative learning.
- Bridged the gap between theory and practical application.

❖ **Challenges faced in implementation:**

- Some students required guidance to prioritize key strategy components.
- Managing time effectively within a single session was a challenge.
