

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University
Accredited by NAAC & An ISO 9001:2015 Certified Institution
NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Department of Computer Science and Engineering

Academic Year 2024 – 2025 (Odd Semester)

Degree, Semester & Branch: V Semester B.E. CSE 'B'

Course Code & Title: CCS375 Web Technologies

Name of the Faculty member (s): Mrs.B.Vijayalakshmi, AP (SG)/CSE

Innovative Practice Description

- Unit / Topic: Unit I / HTML Elements**

- Course Outcome: CO1**

- Topic Learning Outcome: 1a**

- Activity Chosen: Mind Map**

- Justification:**

The basic understanding of various HTML tags and its purpose very much important to develop web applications. Hence a mind map activity is given to them to provide a way to recollect and categorize all the tags involved in web page design.

- Time Allotted for the Activity: 10 Minutes**

- Details of the Implementation:**

- The activity was conducted at the end of the class for the duration of 10 minutes after discussing the various HTML tags and its usage.
- The students are asked to prepare a mind map by representing the different types of tags used for creating a web page.
- The students recollect the tags and grouped them based on its usage and represent in the form of mind map which is shown in Figure.1.

- CO – PO / PSO mapping:**

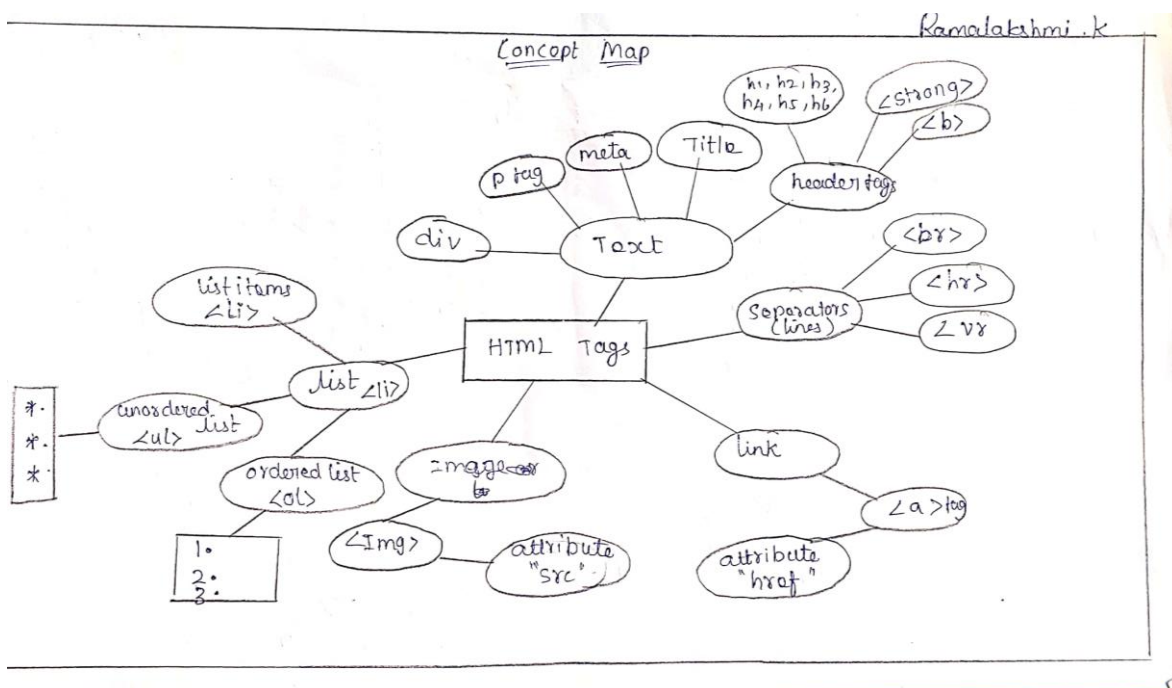

CO	PO1	PO2	PO3	PO5	PO8	PO9	PO10	PO11	PO12	PSO1
CO1	3	3	3	3	3	1	2	2	1	3

(1 – Low 2 – Moderate 3 – High)

- PO / PSO mapped:**

Innovative practice	PO1	PO2	PO9	PO10	PSO1
	3	2	1	1	3
Justification for correlation	The students apply the knowledge of basic tags for web page design	The students identify the tags to design a page	The students individually present their views	The students communicate the different tags in the form of concept map	The basics of HTML tags are needed in developing the web applications

• Images / Screenshot of the practice:

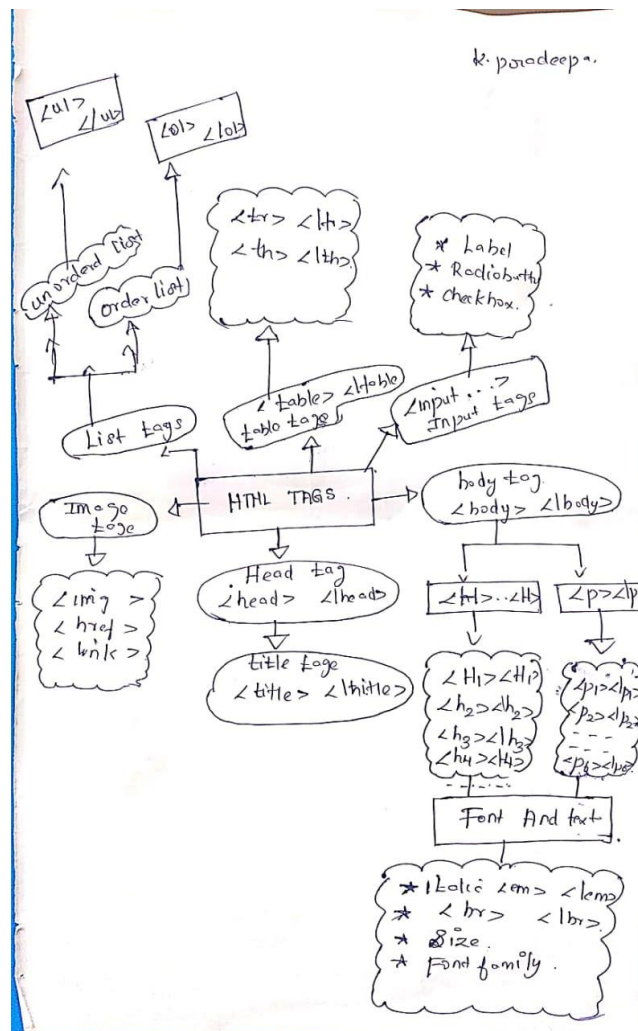

Fig. 1: Sample Concept Map

• **Reflective Critique:**

❖ **Feedback of practice from students and other stakeholders:**

- All the students are very much interested in representing the tags in the form of mind map.

❖ **Benefit of the practice:** (E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)

- This activity helps them to remember and recollect the various tags and its usage.
- The depth of understanding can be evaluated by examining the picture they have created.

❖ **Challenges faced in implementation:**

- Few tags only depicted in the mind map by some of the students.
- Some students feel difficult to represent the concepts in pictures and also need more time to complete.
