

Department of Computer Science and Engineering

Academic Year 2023– 2024(Odd Semester)

Degree, Semester & Branch: B.E – III Semester CSE-‘B’

Course Code & Title: CS3391 Object Oriented Programming

Name of the Faculty member (s): Ms.G.Sakthi Priya, AP/CSE

Innovative Practice Description

- **Unit / Topic:** Unit V / Menu, MenuBars, MenuItem
- **Course Outcome:** CO5
- **Topic Learning Outcome:** TLO12
- **Activity Chosen:** One Minute Paper
- **Justification:**
 - In One-minute paper activity the students will be given 60 seconds to write the brief about that class session.
 - The Menu, MenuBar, MenuItem are an important topic needed to design any front end application.
 - This activity is chosen in order to have a recap of Menus in JavaFx.
- **Time Allotted for the Activity:** 5-10 Minutes
- **Details of the Implementation:**
 - Faculty explained the concept of the Menu, MenuBars and MenuItem with an example.
 - Students were given few minutes to individually think about their understanding of Menus.
 - Students were asked to write the definition, syntax of the menu, menu bars and menu items in a paper within a minute.
 - The faculty member collected and corrected the sheet as shown in fig 1. The students who have written wrong notations were asked to rewrite it.
- **CO – PO / PSO mapping (specific to this activity):**

CO	PO1	PO2	PO3	PO5	PO12	PSO1
CO2	1	1	1	1	1	1

(1 – Low 2 – Moderate 3 – High)

- **PO / PSO mapped:**

Innovative practice	PO1	PO2	PO3	PO5	PO12	PSO1

Justification for correlation	Students will be able to remember the syntax well which is very much needed for designing a menu based application	Students will be able to analyze the problem and determine the need of menu while designing an application	Students will be able to provide the solution by designing a menu based application	Students will be able to use any of the IDE to code the JAVA FX menu	Students written/ documentation skill will be improved as they are writing the proper syntax	The notations learned through this activity helps the students in solving various problems

• **Reflective Critique:**

❖ **Feedback of practice from students and other stakeholders:**

- Students said that they were able to recollect and remember the syntax of Menu, MenuBar and MenuItem's after the activity.
- Students felt it will be helpful while preparing for exam

❖ ***Benefit of the practice:***

- Students remembrance of the concept is improved
- Students involvement during lecture and discussion is improved
- Get a sense of what the students have learned, where there might be gaps in their knowledge

❖ ***Challenges faced in implementation:***

- Few students made a mistake in representing the syntax.
- It took much time for some students to complete the activity.
- Providing feedback on One-Minute Papers for a large class is time-consuming
