

Department of Computer Science and Engineering

Academic Year 2023 – 2024(Odd Semester)

Degree, Semester & Branch: V Semester – B.E. Computer Science and Engineering

Course Code & Title: CCW332 - Digital Marketing

Name of the Faculty member (s): Dr. R. Venkatesh, ASP/CSE

Date of Implementation : 16.09.2023

Innovative Practice Description

- **Unit / Topic: Unit III / Email Automation - Lead Generation**
- **Course Outcome: CO3**
- **Topic Learning Outcome/UP: 3a**
- **Activity Chosen: Flash Cards**
- **Justification:**
 - Flash card is a card bearing information which is intended to be used as an aid in memorization
 - Email automation involves using software and predefined workflows to send targeted and personalized emails to your subscribers or leads at specific times or based on their interactions with your brand. The goal is to nurture leads, improve engagement, and drive conversions
 - To have a good remembrance and understanding, the flash card activity is chosen for the topic “Email Automation - Lead Generation”
- **Time Allotted for the Activity: 15 Minutes**
- **Pre Implementation:**
 - Two types of Flash cards were prepared. One containing question and other card containing answers as shown in Fig 1.
 - Flash card with questions is not shuffled with the cards containing answers
- **Details of the Implementation:**
 - Questions and answers were prepared in a card.
 - Question cards were distributed to certain group of students and answer cards were distributed to few group of students.
 - Student who is having the answer read out the card. Other students listened to the question and found out the question for that answer.
 - Student who is having the respective question card explained the question and answer for the question to the entire class

• **CO – PO / PSO mapping:**

CO	PO1	PO2	PO3	PO9	PO10	PSO1
CO2	2	1	1	1	1	1

(1 – Low 2 – Moderate 3 – High)

• **PO / PSO mapped:**

Innovative practice	PO1	PO2	PO3	PO9	PO10	PSO1
Justification for correlation	Students will be able to understand the concept of Email Automation - Lead Generation	Students will be able to choose the appropriate Email Automation - Lead Generation while approaching the problem	Students will be able to provide solution for the problem by applying Digital Marketing	As the student involved in the activity as a team of two, the team work skill improved	Students communication skill will be improved as they are discussing the answers with peers	The problem solving skill earned through this activity helps the students in solving various problems

• **Images / Screenshot of the practice:**

- 1. Define e - mail marketing]**
