

Department of Computer Science and Engineering

Academic Year 2021 – 2022(Odd / ~~Even~~ Semester)

Degree, Semester & Branch: B.E, I & CIVIL

Course Code & Title: GE3151 & Problem Solving and Python Programming

Name of the Faculty member (s): Dr.M.Gomathy Nayagam

Innovative Practice Description

- **Unit / Topic:** Unit II /Operators
- **Course Outcome:** CO 2
- **Topic Learning Outcome:** TLO5
- **Activity Chosen:** VLAB

- **Justification:**

Since the principles of operators is mandatory for the programming language, hands on demonstration is given to the students thorough Vlab by using the following link
<https://python-iitk.vlabs.ac.in/exp/arithmetic-operations/simulation.html>

- **Time Allotted for the Activity:** 40 Minutes
- **Details of the Implementation:**

The course instructor explained the concept of the various operators. He opened the VLAB using aforementioned link and demonstrates the various operators working to the students. At last 10 minutes, the course instructor chosen few students and instructed them to explain the various examples of operators by the students.

- **CO – PO / PSO mapping:**

CO	PO 1	PO 2	PO 3	PO 10	PO 12	PSO 3
CO 1	2	2	2	1	1	1

(1 – Low 2 – Moderate 3 – High)

- **PO / PSO mapped:**

Innovative practice	PO 1	PO 2	PO 3	PO 10	PO 12
	3	2	1	2	1
Justification for correlation	Students could be able to apply basic theory and principles of	Students could be able to have the hands-on with operator on Vlab	Students could be able to recollect the basic principles of operators	Students could able to knowledge about the operator to their peer group of people.	Students could be able to learn the various concepts of python programming through vlab.

	operators				
--	-----------	--	--	--	--

Innovative practice	PSO 3
	1
Justification for correlation	Students could be able to apply the concept of operators to solve the real time problems

• **Images / Screenshot of the practice:**

Fig1. Screenshots of VLAB Laboratory Experiments

• **Reflective Critique:**

- ❖ **Feedback of practice from students and other stakeholders:**
Students easily understand the working of operators and its corresponding code.
- ❖ **Benefit of the practice:** (E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)
 - o Students had understood the concepts of the various operators
- ❖ **Challenges faced in implementation:**
 - o Solving the issues during the working in VLAB environment by the students.
