

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University
Accredited by NAAC & An ISO 9001:2015 Certified Institution
NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Department of Computer Science and Engineering

Academic Year 2022 – 2023 (Odd Semester)

Degree, Semester & Branch: V Semester B.E. ECE- 'A' Section

Course Code & Title: CS8392 Object Oriented Programming

Name of the Faculty member (s): Dr.S.Erana Veerappa Dinesh, AP/CSE

Innovative Practice Description

- **Unit / Topic:** Unit II / Strings and Array Lists

- **Course Outcome:** CO2

- **Topic Learning Outcome:** TLO5

- **Activity Chosen:** Crossword Puzzle

- **Justification:**

Various methods of Strings and Array List in Java can be easily paired with the help of crossword puzzle which leads to the greater retention of the data among the students.

- **Time Allotted for the Activity:** 15 Minutes

- **Details of the Implementation:**

- A crossword puzzle is a fun word game that encourages students to remember the idea and try to figure out the solution on their own. Instead of administering standard MCQ tests, it sparks pupils' curiosity.
- The activity was conducted in a classroom for a duration of 10 minutes. The students were given 10 questions as a crossword puzzle in the topic of strings and array lists. They have to think and write the answers in the given puzzle.
- The activity was conducted during the last 15 minutes of the class after that the answers were corrected. Sample answers were shown in figure 1. The answers for the wrong questions were discussed at the end of the class to make them to know the answer of all the questions.

- **CO – PO / PSO mapping:**

CO	PO1	PO2	PO3	PO8	PO9	PO10	PO12	PSO1	PSO2	PSO3
CO2	3	3	2	1	2	2	1	2	1	1

(1 – Low 2 – Moderate 3 – High)

- PO / PSO mapped:

Innovative practice	PO1	PO2	PO3	PO9	PSO1
	3	3	2	2	2
Justification for correlation	The students apply the knowledge of strings and array lists	The students analyze the given questions and identify solutions	The students find the solutions for the given question.	The students demonstrate problem-solving skills as a team.	The students apply the methods of strings and array lists for solving the novel problems

CS8392 Object Oriented Programming
Unit II – Inheritance and Interface
Innovative Practice Session- Crossword Puzzle
Strings and Array Lists

ACROSS

3. To remove leading and trailing whitespaces in string
4. String in a java is -----
6. To create string object
9. To create a mutable string
10. To modify an element in array list

DOWN

1. String cannot be changed
2. ----- is resizable array
4. To remove all the elements in the arraylist
5. String class is used to obtain character at specified index
7. To compare two string objects for their equality
8. To access an element in arraylist

Fig 1 : Sample Answers

❖ **Reflective Critique:**

Feedback of practice from students and other stakeholders:

- Some of the students find very easy to identify the various methods used in strings and array lists.
- Some of them take more time to complete the puzzle need more clarification on the various classes.

❖ ***Benefit of the practice:***

(E.g.: Outcome attainment would have increased due to innovative practice over conventional practice)

It helps the students to think on their own and develop the java programs using strings and array list. The students level of understanding on this topic gets increased.

❖ ***Challenges faced in implementation:***

- The students who didn't understand the concept clearly were unable to complete it within the allotted time.
- Few of them were struggled to find the answer for the questions.
