Innovative Practice Description

Unit / Topic: Unit III / Reading and Writing Files

Course Outcome: CO3

Topic Learning Outcome: TLO 8

Activity Chosen: Reflection

Justification:

- Reflection activity is conducted just after the discussion of a particular topic, so that students can assess their own understanding of the concept. The instructor can assess the students' understanding level. This also give a chance to know the level of student understanding in the particular topic and also the activity helps to address the doubts.
- Time Allotted for the Activity:** 15 minutes

Details of the Implementation:

At the end of the class, in order to speak out the doubts and to know the level of understanding of the students, they are insisted to honestly describe the concepts that they didn't understand well. The students wrote their doubts and topics which they are not clear. The papers are collected by the course instructor and discussed all the doubts in next class session and make them understand. The majority of the topic given by the students was one of the Stream Class of File "FileInputStream". Figure 1 shows sample sheets written by Ms. S.Dhameena Ismail and Mr.N.Hariprasad.

- Reflective Critique:**

- ❖ **Feedback of practice from students and other stakeholders:**

- Students expressed that the activity helped to identify the understanding level of the concept.
- Students informed the instructor that the activity motivates them to be attentive in the class for asking doubts further.

- ❖ **Benefit of the practice:**

- The activity helped the instructor to analyze, evaluate and improve their own learning.
- Reflection activity helped the instructor to identify the students level of understanding and also helps to plan the next session accordingly.

❖ **Challenges faced in implementation:**

- Most of the students actively participated except few students. They are not involved to share their understanding level and raising the doubts.
- Motivate the students those who are not involved in the activity effectively by means of addressing the benefits of reflections and creative thinking.
