

VISION

- Excellence in Computer Science and Engineering by offering quality technical education catering to research and development.

MISSION

- Equip the department with modern infrastructure for high quality education and carrying out research in emerging technologies in Computer Science and Engineering.
- Expose the students, faculty and staff to a globally competitive learning experience.
- Motivate students to realize the responsibility of being professionally competent computer technocrats to serve the society by inculcating Ethical and Environmental aspects.

PEO's

- Graduates will have successful career in IT and related industries or pursue higher education and research or evolve as entrepreneurs.
- Graduates will have the ability and attitude to adapt to emerging technological changes.
- Graduates will excel as socially committed engineers with high ethical values, leadership qualities and empathy for the needs of society.

PO's

- Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

- Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
- Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PSO's

- Excel in software development including mobile technologies to solve complex computation task with soft skills.
- Apply appreciable knowledge of IoT, Cloud Computing and Cyber Security to develop reliable IT solutions.
- Exhibit proficiency in Artificial Intelligence and Big Data Analytics for providing solutions to real world problems in Industry and Research establishments.

Tricksto crack EmbedUR

- Ramco Institute of Technology in association with Training and Placement Centre, RIT-Alumni Association and Department of Computer Science and Engineering organizes placement talk on **"Tricksto crack EmbedUR"** through the Google Meet platform on July 10 2021 at 7.00 pm Around 65 students actively participate in the talk . **Ms.R.SivaRanjini Software Engineer, EmbedUR, Chennai**, and Alumni of CSE(Batch 2017-2021) explained the test pattern of the online of EmbedUR and shared her experience of writing the exam. And insist on the students how EmbedUR provides a great platform to learn and improve skillsets. In addition, she discussed the benefits of doing the Mini project. The participants expressed that the talk was highly interactive and useful. Mrs. M.Swarna Sudha AP(SG)/CSE sincerely expressed gratitude to the alumni student for her support. The talk was coordinated by Mrs.B.Vijayalakshmi, AP(SG)/CSE.

Small steps everyday.....

Grabbing job in TCS

- Ramco Institute of Technology in association with Training and Placement Centre, RIT-Alumni Association, and Department of Computer Science and Engineering organizes a Virtual placement talk on **“How to Grab a job in TCS”** on 14 August 2021 at 7.30 pm. Around 65 students from different department actively participate in the talk. The resource person **Ms M.Susmitha ,Ms. M.Subashine Ms.S. Sujitha. Ms S.Vasuki .Ms.S. Krishnaveni and Ms.C.Jegatha working TCS** (Alumni of Batch 2017-2021) discussed the methods and tricks to get success in an TCS online test and also shared how to prepare for the software company interviews . Advice the students to prepare consistently for all the sections with commitment. and advice the students to be confident. The participants expressed that the talk was highly informative and beneficial. The talk was coordinated by Mrs.M.SwarnaSudha AP(SG)/CSE and Mrs.B. Vijayalakshmi, AP(SG)/CSE, The Department genuinely expressed its gratitude to all alumni students for their presence.

The best view comes after hardest climb...

Preparation for Centizen Drive

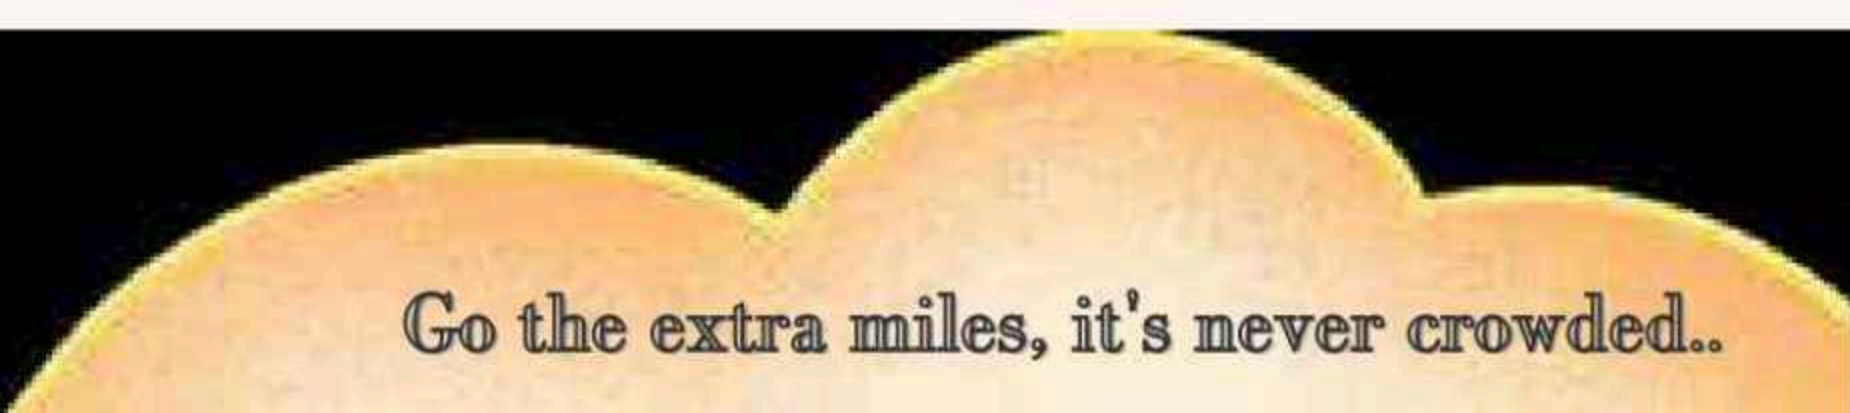

- Ramco Institute of Technology in association with Training and Placement Centre, Association and Department of Computer Science and Engineering organize the Placement Preparation for Centizen Drive through the Google Meet platform on August 10, 2021.

Around 40 students actively participate in the talk **Mr. S. Santhosh (Batch: 2016-2020)** **Mr. G. Prasanna Kumar** and **Ms.K.Raga Priya (Batch: 2017-2021)** Software Developer of Centizen explained the test pattern of the online exam and shared their experience of writing the exam. And explain students how centizen provides a great platform to learn and improve skillsets. Directed the students to work hard and prepared for placement. The participants expressed that the talk was highly interactive and useful. Mrs. M.Swarna Sudha Assistant professor of CSE genuinely expressed thankfulness to the alumni students for their support.

Project discussion & inauguration of CSI students' chapter

- Department of CSE arranged an “**Internship based project discussion**” with **Mr.Vijayaragavarengaraj, CEO, Lunchin**, Chennai from 23 Aug., to 28 Aug., 2021. During this meeting, various points regarding the mobile application development were discussed.

Go the extra miles, it's never crowded..

Importance of DSA

- Department of Computer Science and Engineering and Alumni Association jointly organized a technical session on “**Importance of Data structures and Algorithms**” for II Year CSE students on 19 Sep., 2021, 11.00 am – 12.30 pm. The session started with few questionnaire from students. Students asked about GATE preparation tips. Resource person gave few insights about GATE. Students enquired the “importance of Problem solving, how to improve logical thinking, importance of programming”. Resource person suggested few programming platforms like “Hacker rank, code chef, leet code” and advised to practice regularly and have a consistency on solving problems. Importance of Algorithms is highlighted to become a good CS Engineer. Resource person discussed few problems in Leet code and hacker rank related to Data structures and Algorithms. 37 students actively participated in this event.

In the middle of difficulty, lies opportunity...

Applications of AI and ML in Industry 4.0

- AI Research Group of Ramco Institute of Technology organized a webinar on '**Applications of AI and ML in Industry 4.0**' through Google Meet platform on **02.10.2021, Saturday 10:00 AM - 11:00 AM**. **PAL PANDIAN P**, Professor and Program Coordinator, B.Tech. - Robotics and Mechatronics of Mechanical & Automobile Engineering, School of Engineering and Technology, CHRIST (Deemed to be University), Bangalore was the resource person. More than 120 participants across the globe attended the webinar through Google Meet platform. The resource person Dr.P. Pal Pandian narrated the applications of Artificial Intelligence and Machine Learning in Industry 4.0. The event was coordinated by Mr.T.Chockalingam, AP/Civil Engineering and Mrs.B.Vijayalakshmi, AP(SG)/CSE.

Knowledge discrimination meeting

- Department of Computer Science and Engineering organized a **Knowledge discrimination meeting from placed students** to III CSE students On 27 Sep., 2021. **Mr.Surya Kumar** who got internship in Zoho and **Mr. Mohan Kumar** Placed in Lucid share their interview experiences to the students. Mr Mohan kumar explained tricks to get success in an online interview and also shared tips to prepare for the software company interviews and discussed the benefits of doing Mini projects and advice the students to be confident Mr. Surya Kumar adviced the students to work hard and to develop skills and elaborated the details about the various rounds in the recruitment process .He told the students to visit geeks for geeks website to prepare for programming round questions. The students expressed that the meeting was highly interactive and informative.

The hard days are what make you stronger.

Virtual Parents Meeting

Department of Computer Science and Engineering organized **virtual Parents Teachers meeting** for IV Year CSE on 03 Oct., 2021 at 4.00 pm. Around 20 parents participated in the meet and shared their views. .

Dont limit your challenges....

Coding contest Event

- The Department of Computer Science and Engineering technical association RIT Cluster organized a **"Coding Contest Event"** for all third and second year CSE students on 11.10.2021 on the online platform. A total of 51 students participated in the event. Ms. Sangeetha P, III year CSE, Mr. Kumar K, II year CSE, and Ms. Yuvaasri R K, III year CSE, won the event I, II, and III respectively. Mr. Nanneboina Sumanth, IV CSE, Mr. Rahini, IV CSE, Ms. Sophiasree K, III CSE, Ms. S. Shanmugapriya, II CSE, Mr. Jothi Lingapandian M. and association Faculty In-charge Mr. R. Venkatesh, AP (SG)/CSE organised the overall event.

Alumini Intraction

- Department of Computer Science and Engineering and Alumni Association jointly organized an **"Alumni Interaction"** for I Year CSE and AI&DS students on 27/10/2021, 2.00 pm – 3.00 pm. Ms. G. Sakthi Priya, AP/CSE welcomed the gathering and gave an introduction about resource person **Mr. Hariharan, Junior Oracle Database Administrator, MSC Technology India Private Limited, (Batch 2016-2020), Ms. Amirtha, Graduate Engineer Trainee, Ramco Cements, Chennai.** Ms. Amirtha interacted with the students by sharing her four years of college experience. She motivated the students to participate in both curricular and extra-curricular activities. Mr. Hariharan shared his college experience from first year.
