## Poem

----- LIFE IS COLOURFUL -----

Yeah it's true!

When it's dawn, the day is born

Threat of dark runs far...

Warmth fills heart...!

We get to know what on earth we are for...

The race begins with what we've got...!

As its bright ,all seems clear...

Then comes the dusk where starts the fear...!

But we should know only in night...

The stars and moon shines bright...!

Only when you close your eyes...

Comes the dream to give you surprise...!

So.. It's not about how bright or dark it is...

Just take the life as it is...!

Even when it makes you shed tears!!

Turn into a cloud make your tears spread rainbow. With your confidence as the  
Sun...!
