

**RAMCO INSTITUTE OF TECHNOLOGY**  
**DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING**  
**FACULTY ONLINE COURSE**

**ACADEMIC YEAR 2024-2025 EVEN SEMESTER**

| S.I.NO | Name of the Faculty Members | Name of the Online Course Completed                               | University/Institute offered by (with Platform) |
|--------|-----------------------------|-------------------------------------------------------------------|-------------------------------------------------|
| 1      | Dr.K.Vijayalakshmi          | Generative AI: Foundations and Concepts                           | NorthEastern University Coursera                |
| 2      | Dr.R.Venkatesh              | Programming, Data Structures And Algorithms Using Python          | NPTEL IIT MADRAS                                |
|        |                             | Software Testing                                                  | NPTEL IIT KHARAGPUR                             |
| 3      | Dr.M.Swarna Sudha           | Data Analytics with Python                                        | NPTEL IIT ROORKEE                               |
|        |                             | Foundation of Cloud IoT Edge ML                                   | NPTEL IIT KHARAGPUR                             |
| 4      | Dr.B.Vijayalakshmi          | Introduction to Machine Learning                                  | NPTEL IIT MADRAS                                |
| 5      | Ms.P.Jothi Thilaga          | Programming In Java                                               | NPTEL IIT KHARAGPUR                             |
| 6      | Mrs.S.Manjula               | Programming, Data Structures And Algorithms Using Python          | NPTEL IIT MADRAS                                |
|        |                             | Cloud Computing                                                   | NPTEL IIT KHARAGPUR                             |
| 7      | Mr.K.Vignesh Saravanan      | Data Science for Engineers                                        | NPTEL IIT MADRAS                                |
|        |                             | Introduction to Machine Learning                                  | NPTEL IIT KHARAGPUR                             |
| 8      | Ms.G.Sakthi Priya           | Cloud Computing                                                   | NPTEL IIT Madras                                |
|        |                             | OpenCV Bootcamp                                                   | OpenCV University                               |
|        |                             | Artificial Intelligence and Machine Learning                      | Talent Next                                     |
| 9      | Dr.I.Gethzi Ahila Poornima  | Java Full Stack                                                   | Talent Next                                     |
| 10     | Mrs.K.Jeyageetha            | Cloud Computing                                                   | NPTEL IIT KHARAGPUR                             |
|        |                             | NBA Accreditation and Teaching and learning in Engineering (NATE) | NPTEL IISC BANGALORE                            |
| 11     | Mrs.S.Vijaya Amala Devi     | Introduction to Database Management System                        | NPTEL IIT MADRAS                                |
|        |                             | NBA Accreditation and Teaching and learning in Engineering (NATE) | NPTEL IISC BANGALORE                            |
|        |                             | Front End Web Developer Certification                             | Infosys SpringBoard                             |
|        |                             | HTML5 The Language                                                | Infosys SpringBoard                             |

|    |                    |                                                                      |                                   |
|----|--------------------|----------------------------------------------------------------------|-----------------------------------|
|    |                    | CSS3                                                                 | Infosys SpringBoard               |
|    |                    | Javascript                                                           | Infosys SpringBoard               |
| 12 | Mrs.K.Jeyakarthika | Object Oriented System Development Using UML, Java And Patterns      | NPTEL IIT KHARAGPUR               |
|    |                    | NBA Accreditation and Teaching and learning in Engineering (NATE)    | NPTEL IISC BANGALORE              |
| 13 | Mrs.M.Dhivya       | NBA Accreditation and Teaching and learning in Engineering (NATE)    | NPTEL IISC BANGALORE              |
| 14 | Mrs.P.Devisri      | Problem Solving Through Programming In C                             | NPTEL IIT KHARAGPUR               |
|    |                    | Introduction to Calculus                                             | The University of Sydney Coursera |
| 15 | Mrs.K. Priya       | NBA Accreditation and Teaching and learning in Engineering (NATE)    | NPTEL IISC BANGALORE              |
| 16 | Mrs. R. Madhu      | NBA Accreditation and Teaching and learning in Engineering (NATE)    | NPTEL IISC BANGALORE              |
|    |                    | Introduction to Mathematical Thinking                                | Stanford Coursera                 |
|    |                    | Object Oriented System Development Using UML, Java And Patterns      | NPTEL IIT KHARAGPUR               |
| 17 | Ms.P.Rajarajeswari | Computer Vision And Image Processing - Fundamentals And Applications | NPTEL IIT GUWAHATI                |
| 18 | Mr.R.Balamurugan   | eLSI: Basics of Embedded Systems and Robotics                        | eyantra                           |
