

RAMCO INSTITUTE OF TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Faculty Online Course Details for the Academic Year 2020-2021(Odd Semester)

S. No	Name of the Faculty Member	Designation	Name of the course	University
1.	Dr.K.Vijayalakshmi	Professor	Probability - The Science of Uncertainty and Data	Massachusetts Institute of Technology
2.	Dr.M.Kaliappan	Associate professor	Computer Vision Fundamentals with Watson and OpenCV	IBM Applied AI
			Visualizing Data with Python	IBM
			Data Science: Linear Regression	
			SQL for Data Science	
			Data Science: Probability	
			Deep Learning with Tensor flow	
			Data Science and Machine Learning Capstone Project	
			Data Science Tools	
			Analyzing Data with Python	
			Machine Learning with Python: A Practical Introduction	
			Introduction to Data Science	
			Python Basics for Data Science	
			Data Science with python	ICTACT
3.	Mr.R.Venkatesh	Asst.Professor (SG)	Analyzing Data with Python	IBM
			Visualizing Data with Python	
			IT Fundamentals for Business Professionals: Cybersecurity and social implications	Universitat Polytechnica devalencia
			Python Basics for Data Science	IBM
			Data Science: Linear Regression	Harvard University
			LaTeX for Students, Engineers, and Scientists	IIT BombayX
			Vector Calculus for Engineers	The Hong kong university of Science and Technology
			Linear Regression with NumPy and Python	Coursera project work

4.	Mrs.M.SwarnaSudha	Asst. Professor (SG)	Analyzing Data with Python	IBM
			Visualizing Data with Python	
			Python Basics for Data Science	
			Data Science Tools	
			Data Science: Linear Regression	Harvard University
			NLP: Twitter Sentimental Analysis	Coursera project work
5.	Mrs.V.Anusuya	Asst. Professor (SG)	Operations Research: an Active Learning Approach	The Hong Kong Polytechnic University
			Data Science and Machine Learning Capstone Project	IBM
			Analyzing Data with Python	
			Python Basics for Data Science	
			Data Science: Linear Regression	
			Visualizing Data with Python	
			Machine Learning with python: A practical Introduction	
			Pandas for python beginners in data science	Coursera project work
6.	Mr.M.Gomathy Nayagam	Asst. Professor (SG)	Crash Course in Data Science	Coursera project work
			Visualizing Data with Python	IBM
			Introduction to Linear Models and Matrix Algebra	Harvardx University
			Data Science Tools	IBM
			Data Science: Linear Regression	
			Python Basics for Data Science	
			Data Science and Machine Learning Capstone Project	
			Machine Learning with Python: A Practical Introduction	
			Analyzing Data with Python	
7.	Mrs.B.Vijayalakshmi	Asst. Professor (SG)	Operations Research: an Active Learning Approach	The Hong Kong Polytechnic University
			SQL for Data Science	IBM
			Introduction to Linear Models and Matrix Algebra	Harvardx University
			Machine Learning with Python: A Practical Introduction	IBM

			Python Basics for Data Science	
			Introduction to Data Science	
			Analyzing Data with Python	
			Data Science Tools	
			Deep Learning Fundamentals with Keras	
			Visualizing Data with Python	
			Data Science and Machine Learning Capstone Project	
			The Data Science Method	
			SQL for Data Science(Coursera)	
8.	Mr.D.Lakshmanan	Asst. Professor (SG)	Block chain Basics	University of Buffalo
			Web Application technologies and Django	University of Michigan
			Building Web applications in Django	University of Michigan
9.	Mrs.N.Nithya	Asst. Professor	Analyzing Data with Python	IBM
			Machine Learning with Python: A Practical Introduction	
			Python Basics for Data Science	
			SQL for Data Science	
			Introduction to Linear Models and Matrix Algebra	Harvardx University
			MATLAB Onramp	Mathwork
			AI For Everyone	Deep Learning.ai
			Programming for Everybody: Getting started with python	University of Michigan
			Exploratory Data Analysis With Python and Pandas	Coursera project work
			Pandas Python Library for Beginners in Data	Coursera project work
			Writing and Editing: Word Choice and Word Order	University of Michigan
			Build a Data Science Web App with Streamlit and Python	Coursera project work
			Getting started in Google Analytics	Coursera project work
			Python Data Structure	University of Michigan

10.	Ms.P.Jothi Thilaga	Asst. Professor	Operations Research: an Active Learning Approach	The Hong Kong Polytechnic University
			AI Chatbots without programming	IBM
			Machine Learning with Python: A Practical Introduction	
			IT Fundamentals for Business Professionals: Cybersecurity and social implications	Universitat Polytechnica de Valencia
			Block chain Technology	Berkeley University
			Java Programming: Solving Problems with Software	Duke University
			Algorithms, Part I	Princeton University
			Data Science: Linear Regression	Harvard University
11.	Mrs.S.Manjula	Asst.Professor	Data Science: Linear Regression	Harvard University
			Operations Research: an Active Learning Approach	The Hong Kong Polytechnic University
			Block chain Technology	IBM
			AI Chat bots without programming	
			Programming Foundations with JavaScript, HTML and CSS	Duke University
			Introduction to Tensor Flow for Artificial Intelligence, Machine Learning, and Deep Learning	Deeplearning.ai
12.	Mr.C.A.Yogaraja	Asst.Professor	Data Science: Linear Regression	Harvard University
			Operations Research: an Active Learning Approach	The Hong Kong Polytechnic University
			Cybersecurity and the Internet of Things	University System of Georgia
13.	Mr.K.Vignesh Saravanan	Asst. Professor	Introduction to HTML5	University of Michigan
			SQL for Data Science	IBM
			Data Science: Linear Regression	Harvard University
			Mathematics for Machine Learning	Imperial College
			Predict sales revenue with scikit learn	Coursera Project work
14	Ms. G.Sakthi Priya	Asst. Professor	What is data Science	IBM
