

RAMCO INSTITUTE OF TECHNOLOGY
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
ONLINE COURSE DETAILS 2020-2021(Odd Semester)
I Year (2020-2024 Batch)

S. No	Name of the student	Course Name	University
1.	Harsha R	Python Course	Progate
2.	Muthu Kumar K	HTML.CSS Certification course for Beginners	Udemy
		Python Programming Comprehensive Boot camp	Udemy

RAMCO INSTITUTE OF TECHNOLOGY
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
ONLINE COURSE DETAILS 2020-2021(Odd Semester)
II Year (2019-2023 Batch)

S. No	Name of the student	Course Name	University
1.	Annlyn Sarah J P	AI For Everyone	Deeplearning.ai
		Mind Control: Managing Your Mental Health During COVID-19	University of Toronto
		Introduction to Big Data	Uc San Diego
		Introduction to Virtual Reality	University of London
		Big Data Modeling and Management Systems	University of California
		Business Analytics for Decision Making	University of colorodo
		Text Retrieval and Search Engines	University of Illions
		Introduction to Data Analytics for Business	University of colorodo Bouldor
		Big Data Integration and Processing	UCSan diago
		Agile Meets Design Thinking	University of Virginia
		3D Models for Virtual Reality	University of London
2.	Abhinav R	Creating Database table with SQL	Coursera Project work
		Analyze Box office Data with Plotly and python	Coursera Project work
3.	Ajitha R	User Experience Design - Creating User Profiles	Coursera Project work
		Analyze Box office Data with plotly and python	Coursera Project work
		Creating Database table with SQL	Coursera Project work
		Hacking Exercise for Health The surprising new science of fitness	McMaster University
		Structuring Machine Learning Python	Deeplearning.ai

		Beginning SQL Server	Coursera Project work
		Image processing with python	Coursera Project work
4.	Akila G	Programming for Everybody	University of Michigan
		Creating your first C++ application	Coursera Project work
		Classification with transfer learning in keras	Coursera Project work
5.	Aswinkumar M	Analyze Box office Data with Ploty and python	Coursera Project work
		AI For Everyone	Deeplearning.ai
		Introduction to Artificial Intelligence	IBM
6.	Athivigneshkumar N	AI For Everyone	Deeplearning.ai
		Detecting and Mitigating Cyber Threats and Attacks	University of colorodo
		Building Digital Media Using Graphics Design in Google Slides	Coursera Project work
		Clustering Geolocation Data Intelligently in python	Coursera Project work
		Introduction to Google Docs	Coursera Project work
		IT fundamentals for business professionals: Cyber security and social implications	University of Polytechnica devalentica
		IUCEE AI for all	IUCEE
7.	Bhuja Shri R	Programming for Everybody Getting started with python	University of Michigan
		Introduction to HTML5	University of michigan
		Creating data tables with SQL	Coursera Project work
		Creating your first C++ application	Coursera Project work
		AI for everyone	Deeplearning.ai
		Build a simple app in android studio using Java	Coursera Project work
		Beginning of SQL server	Coursera Project work
		Introduction to java programming- java fundamental concepts	Coursera Project work
		Building digital media using graphic design in Google sheets	University of colorodo
		Introduction to python	Microsoft
		Build a full websites using WordPress	Coursera Project work
8.	Dharini B	Building Digital Media using Graphic Design Google Slides	University of colorodo
9.	Dharsana R	AI for everyone	Deep Learning.ai
		Build a simple app in android studio with java	Coursera Project work
		Machine learning feature selection in python	Coursera Project work
		Clustering geolocation Data Intelligently in Python	Coursera Project work

		Creating database table in SQL	Coursera Project work
10.	Dinesh Kumar M	Language oriented	Coursera Project work
		IUCEE AI for all	IUCEE
11.	Gifty Sharon K	Machine Learning and Image Processing	Cisco thingQbator program
		3D printing	HP Life e-Learning
		Blockchain and Internet of Things	Cisco thing Qbator program
		Python Course	Progate
		Introduction to Python	DataCamp
		Data Engineering for Everyone	DataCamp
		Data Science for Everyone	DataCamp
		Cloud Computing for Everyone	DataCamp
		Geo Spatial Applications for disaster risk management-Basic Module(Track1)-	ISRO,CSS-TEAP,UN-SPIDER
12.	Gopi sankar P	Introduction to R	Great Learning
		Introduction to HTML	University of Michigan
		Programming for Everybody (Getting Started with Python)	University of Michigan
		Programming Fundamentals	Duke University
		Beginning of SQL server	Coursera Project work
		Image Processing with Python	Coursera Project work
		AI for everyone	Deep Learning.ai
		Creating your first C++ application	Coursera Project work
		Introduction to HTML5	University of Michigan
		Analyze Box office Data with Plotly and python	Coursera Project work
		Creating database table in SQL	Coursera Project work
		Detecting and Mitigating Cyber Threats and Attacks	University of colorodo
		AWS Fundamentals: Building Server less Applications	AWS
		Classification with Transfer learning with keras	Coursera Project Work
		Steps into robotic process automation	Guvi
13.	Hariharan.M	AI for Everyone	Deeplearning.ai
		Analyze Box office Data with Plotly and python	Coursera Project work
		Structuring Machine Learning Projects	Deeplearning.ai
		Creating Database Tables with SQL	Coursera Project work
		Python for Machine Learning	Great Learning
		Microsoft AI classroom Series	Microsoft
		Programming for Everybody (Getting Started with Python)	University of Michigan

		Project: Creating your First C++ Application	Coursera Project work
		User Experience Design - Creating User Profiles	Coursera Project work
		Capstone: Retrieving, Processing and Visualizing Data with Python	University of Michigan
		Building Digital Media Using Graphics Design in Google Slides	Coursera Project work
		Image processing with python	Coursera Project work
14.	Harini M	AI for Everyone	Deeplearning.ai
		Project: Creating your First C++ Application	Coursera Project work
		Classification with Transfer Learning in Keras	Coursera Project work
		Structuring Machine Learning Python	Deeplearning.ai
		Creating Database Tables with SQL	Coursera Project work
		Capstone: Retrieving, Processing and Visualizing Data with Python	University of Michigan
		Beginning SQL Server	Coursera Project work
		Introduction to Google doc	Coursera Project work
		Image processing with python	Coursera Project work
		Introduction to HTML	Coursera Project work
		User Experience Design Creating user profile	Coursera Project work
		Building Digital Media using Graphic Design Google Slides	University of colorodo
		AWS Fundamentals: Going Cloud Native	AWS
		AWS Fundamentals: Building Serverless Applications	AWS
		Creating your first C++ Application	Coursera Project work
		Programming for Everybody (Getting Started with Python)	University of Michigan
		IUCEE AI for all	IUCEE
15.	Jaya Dharshini G	IT Fundamentals for Business Professionals: Programming	UPValenciaX's
		IT Fundamentals for Business Professionals: Software development	Universitat polytecnica de valencia
		Programming for Everybody (Getting Started with Python)	University of Michigan
		C for Everyone: Programming Fundamentals	University of California
		Cyber security and the Internet of Things	University system of Georgia
		Oracle APEX Low-code Platform Fundamentals – Hands on	Udemy
		Easiest way to earn pocket money and gain experience	Internshala
		IT Fundamentals for Business Professionals: Cyber security and	Universitat polytecnica de valencia

		Social implications	
		COVID19 Data Analysis Using Python	Coursera Project work
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Introduction to HTML	Coursera Project work
		The Arduino Platform and C Programming	UCI Extension Continuing Education
16.	Jayarani M	Python for Everybody	University of Michigan
17.	Jayashri K	Create Your First Web App with Python and Flask	Coursera project work
		First Step Korean	Yonsei University
		Analyze Box Office Data with Plotly and Python	Coursera Project work
		Project: Creating Your First C++ Application	Coursera Project work
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Beginning SQL Server	Coursera Project work
		First step Korean	Yonsei University
18.	Kanthimathinathan A	First step Korean	Yonsei University
		Classification with Transfer learning with keras	Coursea Project Work
		Building Digital Media Using Graphics Design in Google Slides	Coursera Project work
		Machine Learning Feature Selection in Python	Coursera Project work
		Project: Creating your First C++ Application	Coursera Project work
19.	Kavithanjali K	Machine Learning Foundations	Great Learning
		Introduction to graphic design with photoshop	Great learning
20.	Kishore Kumar S	User experience design-creating user profiles	Coursera Project work
		Capstone: Retrieving ,Processing and visualization data with python	University of Michigan
		Machine Learning & AI Hands on 3 Projects	Udemy
		AI for everyone	Deeplearning.ai
		Analyze box office data with plotly and python	Coursera Project work
		Project: Creating your First C++ Application	Coursera Project work
		Beginning SQL Server	Coursera Project work
		Introduction to Google Docs	Coursera Project work
		Classification with transfer Learning in Keras	Coursera Project work
21.	Lavanyadevi K	Create your First web App with Python and Flask	Coursera Project work
		Analyze Box office Data with Ploty and python	Coursera Project work

22.	Lokesh Iyyappan A	AI for everyone	Deeplearning.ai
		Building a simple app in android studio with java	Coursera Project work
		Machine learning feature selection in python	Coursera Project work
		Clustering geolocation data intelligently in python	Coursera Project work
23.	Malini.M	AI For Everyone	Deeplearning.ai
		Analyze Box Office Data with Plotly and Python	Coursera Project work
		Machine Learning Feature Selection in Python	Coursera Project work
		Clustering Geo location Data Intelligently in Python	Coursera Project work
		Build a Simple App in Android Studio with Java	Coursera Project work
		Project: Creating Your First C++ Application	Coursera Project work
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
		Classification with Transfer Learning in Keras	Coursera Project work
		Beginning SQL Server	Coursera Project work
		Image Processing with Python	Coursera Project work
24.	Matheshwaran N	CS50S introduction to game development	Harvard X
		Introduction to google docs	Coursera Project work
		Building digital Media using graphic design in google slides	Coursera Project work
		Geo Visualization in python	Coursera
		Classification with transfer learning in keras	Coursera Project work
		Project: Creating your first C++ application	Coursera Project work
		Clustering geolocation data intelligently in python	Coursera Project work
		Creating database table with SQL	Coursera Project work
		Building a simple app in android studio with java	Coursera Project work
		Introduction to HTML	University of Michigan
25.	Mohamed Shehin S	Modern JavaScript for React JS – ES6	Udemy
		Unity Game Development for beginners	Udemy
26.	Muthuaruna C	AI For Everyone	Deeplearning.ai
		Project: Creating Your First C++ Application	Coursera Project work
		First Step Korean	Coursera Project work
		Create your First web App with Python and Flask	Coursera Project work

		Building Digital Media Using Graphics Design in Google Slides”	Coursera Project work
		Analyze Box office Data with Ploty and python	Coursera Project work
		Beginning SQL Server	Coursera Project work
		Image processing with python	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
		Data Science Maths Skills	Duke University
		Java programming Course	MyCaptain
		Python Programming Course	My Captain
		C Programming Course	My Captain
27.	Sahana Sri R	Capstone: Retrieving, Processing, and Visualizing Data with Python	University of Michigan
		First Step Korean	Yonsei University
		Create Your First Web App with Python and Flask	Coursera project work
		The Science of Well-Being	Yale University
		Data Science with Python course	Solo Learn
		SQL Fundamentals course	Udemy
		Presentation Skills: Insurance your next speech will be good	
		Analyze Box Office Data with Plotly and Python	Coursera project work
		Project: Creating Your First C++ Application	Coursera project work
		Beginning SQL Server	Coursera project work
28.	Sakthiswathi A	Creating Database Tables with SQL	Coursera project work
		AI for Everyone	Deeplearning.ai
		AWS Fundamentals: Going Cloud, Native	AWS
		Java Programming: Solving Problems with Software	Duke University
		Image processing with python	Coursera project work
		Beginning SQL server	Coursera project work
		Java Programming: Complete Beginners to Advanced	Udemy
		AWS Fundamentals: Building Serverless Applications	AWS
		Web development Master class:	YOUACCEL
		Machine Learning Feature selection in python	Coursera project work
		Introduction to HTML	Coursera project work
		Creating Database Tables with SQL	Coursera Project work
		Programming for Everybody (Getting Started with Python)	University of Michigan
		Building digital media using graphic design in google slides	Coursera Project work
29.	Sangeetha P	Introduction to HTML5	University of michigan
		AWS Fundamentals: Going Cloud-Native	AWS
		User Experience Design –Creating	Coursera Project work

		User Profile	
		Python Data Structure	University of Michigan
		Geo Visualization in Python	Coursera Project work
		Image processing with python	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
		Beginning SQL server	Coursera Project work
		Steps into robotic process Automation	Guvi
		Learn Java and Artificial Intelligence Tools	Udemy
30.	Saravanakumar K	Project: Creating Your First C++ Application	Coursera Project work
		Introduction to HTML	Coursera Project work
		AWS Fundamentals: Building Server less Applications	AWS
		Beginning SQL Server	Coursera Project work
		Image Processing with Python	AWS
31.	Sriram K	AWS Fundamentals: Going Cloud-Native	AWS
		JAVA Course	Solo Learn
32.	Sophia Sree K	Front End Development-HTML	Great Learning
		Intel® Network Academy - Network Transformation 101	Intel
		Introduction to cyber security	Great Learning
		Python Data Structures	University of Michigan
		AWS Fundamentals: Going Cloud-Native	AWS
		Introduction to Cyber security Tools & Cyber Attacks	IBM
		Create Your First Web App with Python and Flask	Coursera Project work
		Machine learning feature selection in python	Coursera Project work
		Querying database using SQL SELECT statement	Coursera Project work
		Facial expression recognition using keras	Coursera Project work
		Spreadsheets for beginners using google sheets	Coursera Project work
		Building digital media using graphic design in google slides	Coursera Project work
		C++ in 1 Hour	Udemy
		CSS in 1 Hour	Udemy
		Creating Database Table with SQL	Coursera Project work
		Fundamentals of NODE JS	Progate
		IT Fundamentals for Business professional and Programming	University of Polytechnica De Valencia
33.	Swathika B	C-Intro(code Solution)	Skill Rack
		Introduction to HTML	University of Michigan
		Project creating your first C++ Application	Coursera Project work

		Building Digital Media Using Graphics Design in Google Slides”	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
		Clustering Geolocation Data Intelligently in python	Coursera Project work
		Beginning SQL Server	Coursera Project work
		Image processing with python	Coursera Project work
34.	Swathi Santhosh	Programming for Everybody (Getting Started with Python)	University of Michigan
		Analyze Box Office with plotly and python	Coursera Project work
		AI for Everyone	Deeplearning.ai
35.	Tharini K	Programming for everybody(getting started with python)	University of Michigan
		Introduction to Goolge Docs	Coursera Project work
		Classification transfer learning in Keras	Coursera Project work
		Structuring Machine Learning Projects	Deeplearning.ai
		AWS Fundamentals: Going Cloud-Native	AWS
		Build a Simple App in Android Studio with Java	Coursera Project work
		AI for everyone	Deeplearning.ai
		Building digital media using graphic design in google slides	Coursera Project work
		Classification with transfer learning in keras	Coursera Project work
		Project: Creating your first C++ application	Coursera Project work
		Build a simple app in Android studio with Java	Coursera Project work
		Analyze box office data with plotly and python	Coursera Project work
		User experience design- creating user profiles	Coursera Project work
		Capstone: Retrieving, processing, and visualizing data with python	University of Michigan
		AWS fundamentals: going cloud-native	AWS
		AWS fundamentals: Building server less applications	AWS
		Creating database tables with SQL	Coursera Project work
		Facial Expression Recognition with Keras	Coursera Project work
		Hacking exercise for health the surprising new science of fitness	McMaster university
36.	Tharun Kumar B	Analyze Box office Data with Ploty and python	Coursera Project work
		AI for Everyone	Deep Learning.ai

37.	Ulageswaran T	Getting started with AWS machine learning	AWS
		First step korean	Yonsei University
		Classification with transfer learning in keras	Coursera Project work
38.	Vaishnavi V S	Structure Machine learning projects	Deep Learning.ai
		Building digital media using graphics design in google slides	Coursera Project work
		Creating your first C++application	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
		Build a Simple App in Android Studio with Java	Coursera Project work
		Capstone: Retrieving, Processing, and Visualizing Data with Python	University of Michigan
		AWS fundamentals going cloud native	AWS
		AWS FUNDAMENTALS migrating to the cloud	AWS
		Introduction to Google docs	Coursera Project work
		Programming for every body(getting started with python)	University of Michigan
		AI For Everyone	Deeplearning.ai
		Analyze Box office data with python	Coursera Project work
		User Experience Design Creating user Profiles:	Coursera Project work
		Introduction to HTML	University of Michigan
		Hacking exercise for health. The surprising new science of fitness	McMaster university
		AWS Fundamentals Building Serverless Application	AWS
39.	Vaishnavirajam R	AI For Everyone	Deeplearning.ai
		Classification with Transfer Learning in Keras	Coursera Project work
		First Step Korean	Yonsei University
		Introduction to HTML	IBM
		AWS Fundamentals: Going Cloud-Native	AWS
		Introduction to Information Security	Great Learning
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Project: Creating Your First C++ Application	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
		Effective Problem-Solving and Decision-Making	Coursera Project work
40.	Vijaibalaji N	Getting Started with AWS machine Learning	AWS
		Python Programming course	MyCaptain
41.	Vidhya V	AWS Fundamentals: Going Cloud-Native	AWS
		AI For Everyone	Deeplearning.ai
		AWS Fundamentals: Building	AWS

		Serverless Applications	
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Introduction to HTML5	University of michigan
		Program for everybody (Getting started with python)	University of michigan
		Classification with transfer learning in keras	Coursera Project work
		Creating data tables with SQL	Coursera Project work
		Creating your first C++ application	Coursera Project work
		Machine learning feature selection in python	Coursera Project work
		COVID 19 What you need to know(CME Eligible)	Osmosis.org
		Building a simple app in android studio with java	Coursera Project work
		Spreadsheets for beginners using Google sheets	Coursera Project work
		Facial expression recognition with keras	Coursera Project work
		Querying databases using SQL SELECT statement	Coursera Project work
		Introduction to Java programming :Java fundamental concepts	Coursera Project work
		Beginning SQL server	Coursera Project work
42.	Vignesh A	Introduction to HTML	University of Michigan
		Beginning SQL Server	Coursera Project work
		AI for Everyone	Deeplearning.ai
43.	Vijay Aadhithya M	Getting Started with AWS Machine Learning	AWS
		AWS Fundamentals: Going Cloud-Native	AWS
		AWS Fundamentals: Building Serverless Applications	AWS
		Crash course on SQL	Great Learning
		AI Chatbots without programming	IBM
44.	Vijayalakshmi R	Creating Your First C++ Application	Coursera Project work
		Introduction to HTML	IBM
		AWS Fundamentals: Going Cloud-Native	AWS
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		User Experience Design -Creating user profiles	Coursera Project work
		AI For Everyone	Deeplearning.ai
		Beginning SQL Server	Coursera Project work
		Image Processing with Python	Coursera Project work
		Creating Database Tables with SQL	Coursera Project work
45.	Viswajith Saairam S K	Capstone: Retrieving, Processing, and Visualizing Data with Python	University of Michigan
		AWS Fundamentals: Going Cloud-	AWS

		Native	
		Image Processing with Python	
		AI for everyone	Deeplearning.ai
		Linux for Beginners: Learn Linux from scratch	Udemy
46.	Vithya Tharani M	Clustering Geo location Data Intelligently in Python	Coursera Project work
		Build a Simple App in Android Studio with Java	Coursera Project work
		Introduction to Google Docs	Coursera Project work
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Classification with Transfer Learning in Keras	Coursera Project work
		Analyze Box Office Data with Plotly and Python	Coursera Project work
		Project: Creating Your First C++ Application	Coursera Project work
47.	Yuvashri R K	AWS Fundamentals: Going Cloud-Native	AWS
		COVID-19 Contact Tracing	Johns Hopkins University
		Introduction to Artificial intelligence	IBM
		AI for Everyone	Deeplearning.ai
		IUCEE AI for all	IUCEE
		Introduction to HTML5	University of Michigan
		Image processing with python	Coursera Project work
		Block Chain Basics	The state University of Newyork
		Structuring Machine learning projects	Deeplearning.ai

RAMCO INSTITUTE OF TECHNOLOGY
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
ONLINE COURSE DETAILS 2020-2021(Odd Semester)

III Year (2018-2022 Batch)

1.	Aravinth R	Python Basics for Data Science	IBM
		SQL for Data Science	IBM
		Introduction to Data Science	IBM
		Analysing Data with Python	IBM
		Create Your First Web App with Python and Flask	Coursera project work
		The Data Science Method	IBM
		Data Science Tools	IBM
		Data Science and Machine Learning Capstone Project	IBM
		Machine Learning with Python: A Practical Introduction	IBM
		Visualizing Data with Python	IBM
2.	Abdul Malik S	Introduction to HTML	Coursera project work
		Learn HTML, CSS, JavaScript	Udemy
3.	Anugraha A	Practical Web Design and Development: 7 Courses in 1	Udemy
		Create Your First Web App with Python and Flask	Coursera project work
4.	Dharsni.R	The Complete React JS Course- Basics to Advanced(2020)	Udemy
		Create Your First Web App with Python and Flask	Coursera project work
		Intermediate Python	Udemy
		Python Basics for Data Science	IBM
		Introduction to Packet Tracer	Cisco Networking Academy
		Cyber Security Essentials	Cisco Networking Academy
		Python and Flask Demonstration Practice Course	Udemy
		Exploit Ethical Hacker's Guide	
		Welcome to Cybrary	
5.	Essaki Raja A	Modern JavaScript Firebase Bootcamp the Beginner	Udemy
		Learn HTML, CSS, JavaScript	
		Shellcode Metasploit Ethical Hacking Course	
		Python 3 Course: The complete Guide (Step by Step)	
		Introduction to HTML	Coursera project work

		Introduction to Python	Coursera Project work/Datacamp
		Introduction to Relational Database and SQL	Coursera project work
		Introduction to Artificial Intelligence (AI)	IBM
		Create Your First Web App with Python and Flask	Coursera project work
		Bigdata 101	Cognitive class.ai
		Spark Fundamentals I	
		Data Privacy Fundamentals	
		Introduction to Data Science	
		Data Visualization with R	
		Data Visualization with Python	
		Machine Learning with Python	
		Data analysis with python	
		Data Science Methodology	
		Deep Learning with TensorFlow	
		Python 101 for datascience	
		Deep learning Fundamentals	
		Block chain essentials	
		Block Chain Foundations	
		Build an IoT Blockchain Network for a Supply Chain	
		Introduction to Cloud	
		IBM Cloud Essentials-V3	
		Andriod penetration Testing	Udemy
6.	Evangelin Blessy A	Introduction to Virtual Reality	University of London
		First Step Korean	Yonsei University
		Creative Writing: The Craft of Character	Wesleyan University
		Creative Writing: The Craft of Plot	Wesleyan University
7.	Nanneboina Sumanth	Programming Basics	IIT BombayX
		Introduction to Data Science	IBM
		Data Science tools	IBM
		Introduction to CSS3	University of Michigan
		SQL for Data Science	IBM
		Create Your First Web App with Python and Flask	Coursera project work
		Object-Oriented Programming with Java	Duke University
		Introduction to HTML5	University of Michigan
		Python Data Structures	University of Michigan

		Introduction to Python	Data Camp
8.	Nambirajan J	Mind Control: Managing Your Mental Health During COVID-19	Deeplearning.ai
		Create your first webapp with python and flask	Coursera project work
		AI for Everyone	Deeplearning.ai
9.	Harshini.A.S	Database Design and Diagramming in Dia	Coursera Project work
		Managing Big data with MySQL	Duke University
		AI for Everyone	Deeplearning.ai
		Autonomous Robots: Localization	Udemy
		Adobe Premier Pro CC: Complete Video Editing Master Class	Udemy
		SQL for Data science	IBM
10.	Hemalatha S	Python for Data Structures	University of Michigan
		Introduction to datascience	IBM
		Create your first web app with python and flask	Coursera Project work
		Visualizing Data with Python	IBM
		Analyzing Data with python	
		Machine Learning with Python: A Practical Introduction	
		Data Science and Machine Learning Capstone Project	
11.	Kannan B	Cloud Computing Basics (Cloud 101)	AWS
		Java Programming Arrays, Lists, Structured data	Duke University
12.	Karthiga M	Create your first webapp with python and flask	Coursera project work
13.	Kavimalar.S	HTML and CSS Made Simple/Learn it in 2 Hours	Udemy
		Word press: Make a Professional Website with no coding”	
		SQL fundamentals for beginners	
		Cyber Security: Building a CyberWarrior Certification	
		Object oriented programming for beginners-using python	
		Programming Network Applications in Java	
		Data Science and Machine learning Developer Certification	
		Learn CSS and create websites using Bootstrap 4	
		Microsoft Excel- Excel from beginner to Advanced[2021]”	
		Data Analytics A-Z with Python	
		Complete React Bootcamp - Build Hands on Projects	

		Build Responsive website using HTML,CSS3 and Javascript	
		Artificial Intelligence in web design certification(2021)	
		Build Your Portfolio Website with HTML and CSS	
		Applied Machine Learning in Python	
		Data Management and Visualization	
		Object Oriented Programming with Java	
		AI for Everyone	Deeplearning.ai
		Programming for Everybody(Getting Started with Python)	University of Michigan
		Cloud Computing Basics(Cloud 101)	AWS
		Introduction to Domain Name and Web Hosting- Quick Guide	Udemy
14.	Mohan Kumar D	Java Programming Arrays, Lists, Structured data	Duke University
15.	Mohan Babu S	SQL for Data Science	IBM
		Java Programming Arrays, Lists, Structured data	Duke University
		Learn HTML, CSS, Javascript	Udemy
		Let's JavaScript! Newbie friendly: Part1	Udemy
16.	Padmasugi	Data science Tools	IBM
		AI for Everyone	Deeplearning.ai
17.	Rahini G	Javascript Tutorial course	Solo learn
		Adobe photoshop course: The complete guide	Udemy
18.	Ram Babu	Create your first web app with python and flask	Coursera project work
		Programming for Everybody(Getting Started with Python)	University of Michigan
		Responsive website basic code with HTML,CSS and Java script	University of London
		Built a full website using WordPress	Coursera project work
19.	Rithika M	Introduction to Data Science	IBM
		Visualizing Data with Python	
		Python Basics for Data Science	
		The Data Science Method	
		Machine Learning with Python: A Practical Introduction	
		Data Science Tools	
		Analyzing Data with Python	
		SQL for Data Science	
		Data Science and Machine Learning Capstone Project	
		Create Your First Web App with Python and Flask	Coursera project work
		Python 3 Course: The complete Guide(Step by step)	Udemy
		Digital Analytics and Regression	Cognitive class.ai

20.	Sabnadevi P	Java Programming: Arrays, Lists and structured Data	Duke University
		Introduction to HTML5	University of Michigan
		Create your first web app with python and flask	Coursera project Network
		Building a Text-Based Bank in Java	Coursera project Network
21.	Samyuktha Vikashini	Data Science and Machine learning Developer Certification	Great Learning
		Learn CSS and create websites using Bootstrap 4	
		Microsoft Excel- Excel from beginner to Advanced[2021]"	
		Data Analytics A-Z with Python	
		Complete React Bootcamp - Build Hands on Projects	
		Build Responsive website using HTML,CSS3 and Javascript	
		Artificial Intelligence in web design certification(2021)	
22.	Santhosh G	Introduction to Data Analytics for Business	University of colorado Bouldor
		Covid 19 Contact Tracing	Johns Hopkins University
		Introduction to AI	IBM
23.	Shalini P	Introduction to HTML5	University of Michigan
		Web Design for Everybody: Basics of Web Development & Coding	University of Michigan
24.	Shanthi Priya P	Programming for Everybody (Getting Started with Python)	University of Michigan
		Responsive Website Basics: Code with HTML,CSS and JavaScript	University of London
		SQL for Data Science	IBM
		Interactivity with JavaScript	University of Michigan
25.	Sivabalan M	Web Design for Everybody: Basics of Web Development & Coding	University of Michigan
26.	Sowmiya S	SQL for data science	IBM
27.	Sridharsini MB	Build Your Portfolio Website with HTML and CSS	Coursera project work
		Machine Learning Foundations: A Case study approach	University of Washington
		Applied Machine Learning in Python	University of michigan
		Data Management and Visualization	Wesleyan University
		Object Oriented Programming with Java	Coursera Project work
		Advance Mobile Penetration Testing	Udemy
		Android Penetration Testing	
		Video Editing with Avid Media Composer First for Beginners	
		Absolute begineer guide to cyber security and hacking	
28.	R.Sri Shankar	Database Design and Diagramming in Dia	Coursera Project work
		Introduction to Data Science	Cognitive class.ai

		After Effects- Motion Graphics for Beginners	Udemy
		Learn PHP for beginners	Udemy
		SQL for Data Science	IBM
29.	Suryakumar S	The Complete JavaScript Course	Udemy
		The Complete HTML5 and CSS3 Course	
30.	Umasri.R	Practical Web Design and Development: 7 Courses in 1	Udemy
		After Effects- Motion Graphics for Beginners	Udemy
		Microsoft Excel Data Analysis using My Proven 4- Step System	Udemy
		AI for Everyone	Deeplearning.ai
		Introduction to Virtual Reality	University of london
		COVID 19- Contact Tracing	John Hopkins University
		Shell Code Meta sploit Ethical Hacking	Udemy
		Autonomous Robots: Localization	
		The Expert's Secret to Mobile Application Testing	
		COVID 19- What you need to know (CME Eligible)	Coursera
		Facebook Dynamic Ads (Facebook Dynamic Retargeting) Mastery	Udemy
31.	Vaishnavi A	Python Basics for Data Science	IBM
		Introduction to Data Science	
		IBM Data Science	
		SQL for Data Science	
		Data Science : Foundations	
		Data Science: Probability	
		Data Science Tools	
		The Data Science Method	
		Python Data Science	
		Machine Learning with Python: A Practical Introduction	
		Data Science and Machine Learning Capstone Project	
		Create your First Web App with Python and Flask	Coursera project work
		Introduction to HTML5	University of Michigan
		Visualizing Data with Python	IBM
		Analysing Data with python	
		Build Your First Android App (Project-Centered Course)	Centrale Supelec
		SQL for Data Science	IBM
32.	Vishnu Prabha V	Introduction to Data Science	IBM
		Programming for everybody(Getting started with Python)	University of Michigan
		Build a web app using streamlit and python	Coursera Project work
		Responsive Website Basics: Code with HTML, CSS, and JavaScript	University of London
		SQL For Data Science	IBM

		AI for everyone	Deeplearning.ai
		Create a first web app using flask and python	Coursera Project work
33.	Vijayalakshmi S	Responsive Website Basics: Code with HTML, CSS, and JavaScript	University of London
		Introduction to HTML5	University of Michigan
		Learning Solid works: For students, Engineers and Designers	Udemy
		Data Analysis Nano Degree	Udacity
		Learn English Through mini stories	Udemy
		HTML, CSS and Javascript for Web Developers	Coursera
		HTML & CSS- Certification course for beginners	Udemy
34.	Vindhiya Shree K	SQL for Data Science	IBM
		React & Angular :Completed Guide for Beginners(Step b step)	Coursera Project work
		Facebook dynamic Ads Mastery	Udemy
		Practical Web design & Development	
		Microsoft Excel data analysis using my Proven 4 step systems	

RAMCO INSTITUTE OF TECHNOLOGY
DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
ONLINE COURSE DETAILS 2020-2021(Odd Semester)
IV Year (2017-2021 Batch)

S.No	Name of the student	Course Name	University
1.	Ajitha J	Classification with transfer learning in KERAS	Coursera Project work
		Structuring machine learning projects	DeepLearning.ai
		Build a Simple app in Android studio with Java	Coursera Project work
		Project: Creating your first C++ application	Coursera Project work
		Analyze Box Office Data with Plotly and Python	Coursera Project work
		Building Digital Media using Graphic Design in Google Slides	Coursera Project work
		Analyze box with Data with Plotly and python	Coursera Project work
		AI For Everyone	Deeplearning.ai
		Introduction to HTML	Coursera project work
		Programming for Everybody (Getting Started with Python)	University of Michigan
		Hacking Exercise For Health. The surprising new science of fitness.	McMaster University
		AWS Fundamentals: Building server less application	AWS
		Creating Database Tables with SQL	Coursera Project work
		AWS Fundamentals: Going cloud NATIVE	AWS
		User Experience Design -Creating User Profiles	Coursera Project work
		Structuring machine learning projects	DeepLearning.ai
2.	Aparna M	Let's Javascript	Udemy
		Practical Web Design & Development	Udemy
3.	Divya Pandian.K.M	Front-End Web UI Frameworks and Tools Bootstrap 4	Hong Kong University of Science and Technology
		Blockchain Basics	State University of New York
		Server-side Development with NodeJS, Express and MongoDB	Hong Kong University of Science and Technology
4.	Jegatha C	Automatic Machine Learning with H2O AutoML and Python	Coursera project work
		Managing Big Data with MySQL	Duke University
		Introduction to HTML5	University of Michigan
4.	Jegatha C	SQL for Data Science	IBM
		Analyzing Data with Python	
		AI for Everyone: Master the Basics	
		Data Science Tools	
		Machine Learning with Python: A	

		Practical Introduction	
		Introduction to Data Science	
		Visualizing Data with Python	
		IBM Data Science	
		Cyber security Essentials	CISCO
		Python Basics for Data Science	IBM
		The Data Science Method	
		Data Science and Machine Learning Capstone Project	
5.	Kavin Naresh G	Data Science Foundations	IBM
		Create Your First Web App with Python and Flask	Coursera project work
		Cyber security Roles, Processes and Operating System Security	IBM
		Programming for Everybody (Getting Started with Python)	University of Michigan
		Introduction to Big Data	Uc San Diago
		Facial Expression Recognition with keras	Coursera project work
		Front-End Java script Frameworks Angular.	Hong kong University of Science and Technology
		Introduction to Cloud Identity	Google cloud
		Software Processes and Agile Practices	University of alberta
		Simple Recurrent Neural Networks with Keras	Coursera project work
		Front-End Web UI Frameworks and Tools Bootstrap 4	Hong Kong University of Science and Technology
		Server-side Development with NodeJS, Express and MongoDB	
		Front-End Web Development with React	
		Full-Stack Web Development with React	
		Natural Language Processing in tensor flow	Deep learning.ai
		Sequence Model	
		RESTful API with HTTP and Java script	Coursera project work
		Multiplatform Mobile App Development with React Native	Hong Kong University of Science and Technology
		The Bits and Bytes of networking	Google
		Programming Foundations with Java script ,HTML AND CSS	Duke University
		Sentiment Analysis with Deep learning using BERT	Coursera project work
		Python Basics	University of Michigan
		Crash course on python	Google
		Cyber Threats and attack vectors	Google

		Introduction to Cyber security tools and Cyber attacks	IBM
		Developing AI Applications on Azure	Learnquest
		Java for Android	Vanderbuilt University
		Java Programming : Arrays, Lists and Structured Data	Duke University
		Object Oriented Programming with Java	Duke University
		Visualizing Citibikes Trips with Tableau	Coursera project work
		Neural Networks and Deep Learning	Deep Learning.ai
		Deep Learning	
		Machine Learning with Big Data	UcSan Diago
		Named Entity Recognition using LSTMs with Keras	Coursera project work
		Data Science : Maths skills	Duke University
		Logistic Regression with Numpy and Python	Coursera project work
		Convolutional Neural Networks	Deep Learning.ai
		Improving Deep Neural Networks: Hyper parameter Tuning, Regularization and Optimization	
		Python Project : Pillow, tesseract and open cv	University of Michigan
		Introduction to Tensorflow for Artificial Intelligence, Machine Learning and Deep Learning	Deep Learning.ai
		Graph Analytics for Big Data	UcSan Diago
		Computer Vision-Object Tracking with open CV and Python	Coursera project work
		Capstone: Retrieving, Processing, Visualizing Data with Python	IBM
		Introduction to Relational Database and SQL	Coursera project work
		Technical Support Fundamentals	Google
		Reliable Google cloud infrastructure : Design and Process	Google cloud
		Structuring Machine Learning Python	DeepLearning.ai
		Build a machine learning web app with streamlit and python	Coursera project work
		Building a web application using PHP	University of Michigan
		Build a full website using word press	Coursera project work
		Block chain Opportunity Analysis	Inseed
		BIG DATA 101	Cognitive class
6.	Mahalakshmi S	Getting Started with AWS Machine Learning	AWS
7.	Muthurani M	Data Science: R Basics	Harvard X
		Python Basics for Data Science	IBM
		Programming for Everybody (Getting Started with Python)	University of Michigan
8.	Pavithra M	Python Basics for Data Science	IBM

		Human-Computer Interaction I: Fundamentals & Design Principles	GTx
		Introduction to Virtual Reality	University of London
		Introduction to HTML5	University of Michigan
9.	Priya Dharshini K	Introduction to HTML	Coursera Project Work
		Introduction to HTML5	University of Michigan
		Cyber Threats and Attack Vectors	University of Colorado
		Build Your Portfolio Website with HTML and CSS	Coursera project work
		Create Your First Web App with Python and Flask	Coursera project work
10.	Sasi Rekha M	Introduction to HTML5	University of Michigan
		Programming for Everybody (Getting Started with Python)	University of Michigan
11.	Selva Iswarya R	Programming for Everybody (Getting Started with Python)	University of Michigan
		SQL for Data Science	IBM
12.	Subhashini M	Introduction to Virtual Reality	University of London
13.	Sudarsana Ramji V	Capstone: Retrieving, Processing, Visualizing Data with Python	University of Michigan
		Introduction to Cloud Identity	Google cloud
		Beginning SQL Server	Coursera project work
14.	Sujitha S	Programming for Everybody (Getting Started with Python)	University of Michigan
15.	Surya M	Introduction to Virtual Reality	University of London
16.	Sushmitha .M	Ultimate java development	Edunoix
		Computer Communication and Networks	Saylor Academy
17.	Yeswanthini S	Advanced System Security Topics	University of Colorado
		Introduction to Docker: Build Your Own Portfolio Site	Coursera Project work
		Cloud Architecture Foundations	Cybrary
