SUGGESTIONS THIRD DAC

Suggestions by members and its Execution in the next year

More students may be encouraged to write the GATE exam.	As student attended GATE coaching and appeared for GATE exam.
GATE questions which have higher marks should be included in the question paper and in assignments.	GATE questions were included in part-A of the question paper and in assignments.
Students may be given training using the available open source software like Solid and C.	Students were trained through Hacktack by the faculty members and programming skill levels were alerted in the time table.
The CO attainment, once the result is received, a course exit survey may be collected from the students.	Results published. Yet to receive the survey form students introduced Constructed survey in the AY 2020-21.
Assessment pattern may be changed by the horizontal approach instead of the vertical approach as written, made in a specialised way as Theory paper with the project.	Planned to conduct open book test by utilizing library resources in the AY 2020-21.
