 - ❖ Future Plan
4. Convener presented the process being followed in evolving the Department's Vision, Mission, Program Educational Objectives, & Program Specific Outcomes and presented the statements for review to the DAC members.
5. Convener presented Academic year wise progress of the department as follows:
 - Anna University prescribed Curriculum and syllabus for Regulation 2013 and 2017.

- The major topic of finding the gap in curriculum and identifying the scheme to bridge the gap.
 - Value Added Courses, IPT, Industrial Trainings, Online course and Internships.
 - Teaching Learning process – PDCA, Activities for advance learners and slow learners, online course details, Quality of internal assessment, student projects.
 - Performance in End Semester Examination with details of University Rank holders
 - Placement and Higher studies details - Year wise.
 - Students support systems such as Feedback systems, Mentor system, Co-curricular & extra-curricular activities, Student scholarships .
 - Faculty information and contributions in FDPs, Workshops, Industrial Visit, Academic research and Funded research.
 - Academic-Industry Interaction through MOUs, Industrial visits, Internships, IPT etc.
 - Department Achievements
6. After the detailed presentation, the suggestions for Improvement, Operational planning was invited from the members.
7. Initially the members congratulated the progress of the department growth with the involvement of stakeholders.
8. **Dr.A.Rajeswari** suggested the following points:
- ❖ The progress of the department in all aspects is going on the right path and she suggested the points related to accreditation.
 - ❖ In the mission statement in future:
 - ✓ Entrepreneurs can be included
 - ✓ Statements 2 & 3 can be interchanged
 - ✓ In Statement 3 – not necessary to mention students and faculty separately.
 - ❖ Suggestions in Program Educational Objective & Mission matrix were given.
 - ❖ In framing the Vision, Mission, PEO, PSO - suggestions from employers and alumni can also be considered.
 - ❖ In PEO-2, Modelling can be included along with design, analyze, develop and implement in future.
 - ❖ The PSO statement can be limited (2 to 3) in future.
 - ❖ The attainment threshold can be fixed in-line with the university norms (80:20) ratio.
 - ❖ Number of course outcome not more than 3 is preferable.

- ❖ In Curricular gap identification for regulation 2013 batch, the name Audit course can be renamed as Employability Enhancement Course.
- ❖ One of the metrics for Subject allocation can be based on NPTEL online course.
- ❖ In quality assessment, the reasons for rejecting and selecting a question paper out of 2/3 may be collected from Exam cell.
- ❖ In Project review assessment, 3 level rubrics can be used instead of 10 point scale.
- ❖ The details of Skill development for Non-teaching staff members can be included.
- ❖ The Value added courses for entrepreneurship can also be offered.
- ❖ In all the laboratory courses, compulsory mini projects can be included.
- ❖ Inorder to inculcate the habit of reading textbook, open book test with challenging questions may be conducted.
- ❖ Analysis about the placement experience and previous year placement statistics can be done to improve more number of placements and it helps to find the weaker area.

9. **Mr.Solaikutty Dhanabal** suggested the following points:

- ❖ In vision statement, instead of technologist it can be stated as technopreneur.
- ❖ In student projects, the problem statement can be obtained from the industry experts in the earlier stages of the review which helps to improve the quality of projects.
- ❖ The project proposal submissions to the funding agency can be done in consultation with the industry experts.
- ❖ A statistics about internship converted jobs can be highlighted.
- ❖ Design contest, coding contest like Hackathons can be conducted.
- ❖ Interdisciplinary projects can be initiated.
- ❖ The merit scholarships can be utilized for training courses based on industry requirements.
- ❖ As a part of co-curricular activity, 'Toastmaster club' can be initiated.
- ❖ Inorder to improve the programming skills, the advance learners can be given a task in core subjects and solve using programming languages.
- ❖ Multidisciplinary courses for life skills can also be conducted.

10. **Mr.K.Moorthi** suggested the following points:

- ❖ The entrepreneurship skills can be developed with proper guidance.
- ❖ The students should be identified right from the second year and should be given awareness about various schemes of the central government and start-ups.

11. Internal members suggested the following points:

- ❖ The collaborative learning using Self-interest group can be done with other department students which will help the students to get more exposure.
- ❖ Special training for hostellers can be recorded topic wise while the faculty members visiting the hostel.
- ❖ The attainment through value added courses can be done.
- ❖ The projects can be finally audited based on societal needs and with industry experts.

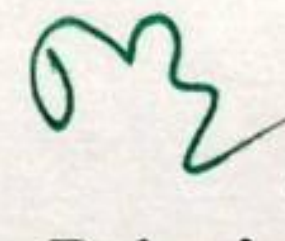

12. **Mr.B.Veeramani Viswanathan** - Alumni member suggested that their junior students should be exposed to diversity of jobs available in the field. The students can be exposed to different experiments for solving similar problems in the laboratories.

13. Convenor requested the alumni to form alumni network for benefits to both the institution and the alumni.

14. The meeting was closed by extending a heartfelt vote of thanks by the convenor for the valuable suggestions shared by each member towards the progress of the department and she assured the suggestions will be implemented in the forthcoming semesters. Finally, she thanked all the members for attending the first DAC meeting with a request to provide long-term support for the prospective development of the department.
