Mr.B.Kannan, AP(SG)/ECE	Internal Member

Sl.No.	Points discussed	Target Date	Responsibility
1.	The presentation started with a welcome address, and the following points were discussed. • Briefed the NBA SAR report (Criteria 1 to Criteria 8) of the department as on 14.12.2019 by the respective Criterion coordinators.	-----	-----

Suggestions /Comments / Remarks given by the DAC

members:

Criteria 1:

- Indicate the frequency of meeting with Alumni in Table 1.3.2 Disseminating modes of Vision, Mission and PEOs.
- The frequency of class committee meeting may be increased.
- Ratification of Vision / Mission / Program Educational Objectives (PEOs) Statements to be done in forthcoming Governing Council meeting.
- Correct the consistency of PEOs with mission statements and strengthen the justification for mapping.

Criteria 2:

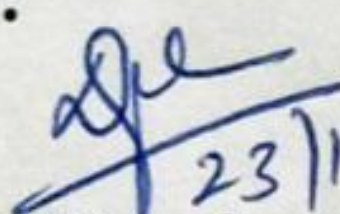

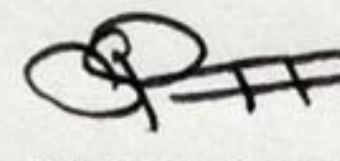

- Assignments may be given to the students using NPTEL course materials
- Online feedback may be collected during morning sessions from the students for the subjects.
- Correlation between University questions and Internal Assessment Test questions may be done with Blooms level.
- Tutorial questions may be provided with answers to the students so that the students will try to reach the answer in several methods which will enhance their thinking ability.
- A course with one credit may be introduced relevant to the project work for final year students.
- The review marks awarded to the students during the project review should be displayed to the students which will improve their performance in the next review.
- Review marks may be awarded to the students by considering their internship, in-plant training, paper presentation and Hackathon in the third project review.
- The problem statements from the industry may be collected and given to the students to bring out industrial projects.
- Include hands-on training, professional societies and clubs as components for content beyond syllabus.
- Remove the relevance with POs& PSOs in Table 2.2.5.2 Industry Internship details and Table 2.2.5.3 Inplant Training details

Criteria 3&8:

- The target level for CO attainment is based on the consideration of previous year university examination performance.

Continuous

**All Faculty
Members /
HOD**

	- The target level for PO attainment is discussed with the DAC members. Criteria 4: - Placement, higher studies and entrepreneurship evidences may be maintained. - Educational verification, appointment order may be maintained. Criteria 5: - To add a consolidated table with citation, H-index and i-10 index - The faculty performance appraisal form may be revised by considering teaching and research aspects separately. - Videos may be developed by the faculty members for their subjects. Criteria 6: - Suggested to remove figure 6.3.1 Glimpse of ambience and maintenance in laboratories. - Pictures used for 6.4 Project Laboratory may be reduced. - Tinkering lab may be established 24X7 for the students to work in their area of interest. Criteria 7: - Relevant actions taken may be given 0 in all POs & PSOs.		
3.	The DAC members suggested to initiate the professional society student chapters for Biomedical Engineering and Antenna Test & Measurement Society(ATMS).	Continuous	All Faculty Members / HOD
