Implant Training

In order to cope with the rapidity with which knowledge itself changes, today's students must seek to achieve theoretical and practical academic excellence. To bridge the gap between theoretical and practical knowledge in our technical areas, our students had undergone implant training in various organizations in the field of electronics and communications during their semester holidays. This will provide an industrial exposure to the students as well to develop their career in the high tech industrial requirements. The students had undergone training in

- Railnet, Madurai
- BSNL, Tirunelveli
- Elysium Academy
- BSNL, Nagarcoil
- CodeBind Technologies, Chennai
- BSNL, Virudhunagar
