

**RAMCO INSTITUTE OF TECHNOLOGY**  
**Department of Electronics and Communication**  
**Engineering**

**Academic Year (2020-2021)\***

**Students Participation**

| Sl. No. | Date       | Symposium/ Programme/ Contest, etc. | Organizing Institute                       | Event                                                                                      | Students                                                           |
|---------|------------|-------------------------------------|--------------------------------------------|--------------------------------------------------------------------------------------------|--------------------------------------------------------------------|
| 1.      | 01.07.2020 | Webinar                             | Ramco Institute of Technology, Rajapalayam | webinar on “Yoga for Healthy Life”                                                         | M.Aravind, R.Ishwarya, A.S.Amudhadevi, K.Loggaa Sri Agitha, II ECE |
| 2.      | 01.07.2020 | Webinar                             | Ramco Institute of Technology, Rajapalayam | webinar on “Yoga for Healthy Life - Causes and Effect Philosophy, Introspection Practices” | K.Sushmitha, M.Shrinithimeena, II ECE, P.Kiruthika, III ECE        |
| 3.      | 01.07.2020 | Webinar                             | Loyola Institute of Technology             | webinar on “Serverless Computing”                                                          | R.Ishwarya, A.S.Amudhadevi, K.Loggaa Sri Agitha, II ECE            |
| 4.      | 01.07.2020 | Webinar                             | Chennai Institute of Technology            | webinar on “Methods and Mechanism of Co2 and Adsorption in Metal Organic H2 Frameworks”    | K.Vishalini, III ECE                                               |
| 5.      | 02.07.2020 | Webinar                             | Loyola Institute of Technology             | webinar on “Smart Parking Management in E-Governance”                                      | S.Amudhadevi, K.Loggaa Sri Agitha, II ECE                          |
| 6.      | 02.07.2020 | Webinar                             | Chennai Institute of Technology            | webinar on “Research Scope in Boiling Heat Transfer”                                       | K.Vishalini, III ECE                                               |
| 7.      | 02.07.2020 | Webinar                             | The Harvard Medical University             | webinar on “The Impact of COVID-19 in Pediatrics”                                          | M.Aravind, II ECE                                                  |

|     |            |         |                                                                                  |                                                                                    |                                                                                                                                               |
|-----|------------|---------|----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| 8.  | 03.07.2020 | Webinar | St. Aloysics college                                                             | webinar on “Image Processing Applications”                                         | S.Jeyagomathi, II ECE, V.Alphina Christy, P.Kiruthika, S.KrishnaVeni, G.Mahadevi, T.Vidhula, K.Vishnupriya, III ECE, T.DhivyaMuthachi, IV ECE |
| 9.  | 03.07.2020 | Webinar | Ramco Institute of Technology,Rajapalayam .                                      | webinar on “TCS registration Session”                                              | S.Suganya, IV ECE                                                                                                                             |
| 10. | 03.07.2020 | Webinar | FX Engineering College                                                           | webinar on “Geographic Information Systems”                                        | A.Monisha, J.Ninel Bert Costa, K.Sukuna, K.Vishnupriya III ECE                                                                                |
| 11. | 04.07.2020 | Webinar | FX Engineering College                                                           | webinar on “Numerical Investigation of Flow and Heat Transfer Using Nanofluids”    | K.Vishalini, III ECE                                                                                                                          |
| 12. | 04.07.2020 | Webinar | New Prince Shri Bhavani College of Engg & Technology                             | webinar on “Industry 4.0 Transitions Challenges for Online Education”              | M.Aravind, II ECE                                                                                                                             |
| 13. | 04.07.2020 | Webinar | Indian Institute of Technology                                                   | webinar on “Ultra-fine Grained Materials, Old Material with Futuristic Properties” | S.Jeyagomathi, II ECE                                                                                                                         |
| 14. | 04.07.2020 | Webinar | Vidya Jyothi Institute of Technology in Association with Pantech E-Learning      | webinar on “IoT using Raspberry Pi”                                                | S.Mirra, III ECE                                                                                                                              |
| 15. | 05.07.2020 | Webinar | TKR College of Engineering and Technology in association with Pantech E-Learning | webinar on “Low Power VLSI Design”                                                 | S.Mirra, III ECE                                                                                                                              |
| 16. | 05.07.2020 | Webinar | Peri Institute of Technology                                                     | webinar on “Essence of Rehabilitation of Structures”                               | K.Vishalini, III ECE                                                                                                                          |
| 17. | 06.07.2020 | Webinar | Francis Xavier Engineering College                                               | webinar on “Future Approach to Aerospace Vehicle Design”                           | P.Kavya, II ECE                                                                                                                               |

|     |            |         |                                                                     |                                                                                                 |                                                                                                                                                                                                                                                   |
|-----|------------|---------|---------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 18. | 06.07.2020 | Webinar | webinar on “Advanced Collaborative Robotics & Eoats”                | Chennai Institute of Technology                                                                 | L.Niramala, K.Vishalini III ECE                                                                                                                                                                                                                   |
| 19. | 07.07.2020 | Webinar | webinar on “An Overview of Pre & Post Infection Therapies”          | Chennai Institute of Technology                                                                 | L.Niramala, III ECE                                                                                                                                                                                                                               |
| 20. | 07.07.2020 | Webinar | Francis Xavier Engineering College                                  | webinar on “Investigation of the Effect of Cracks on Vibration Parameters of a Cantilever Beam” | P.Kavya, II ECE, K.Vishalini, III ECE                                                                                                                                                                                                             |
| 21. | 08.07.2020 | Webinar | Pantech solutions                                                   | webinar on “Futurism in AI”                                                                     | K.Aarthi, S.Jayalakshmi, III ECE                                                                                                                                                                                                                  |
| 22. | 08.07.2020 | Webinar | Ethiraj College                                                     | webinar on “Understanding Artificial Intelligence”                                              | K.Aarthi, S.Jayalakshmi, S.Mirra, III ECE                                                                                                                                                                                                         |
| 23. | 09.07.2020 | Webinar | Pantech Solutions                                                   | webinar on “Object Recognition” organized by Pantech Solutions                                  | K.Aarthi, S.Jayalakshmi, P.Kiruthika, G.Mahadevi III ECE                                                                                                                                                                                          |
| 24. | 07.07.2020 | Webinar | webinar on “Natural Language Processing”                            | Siddhartha Institute of Technology & science                                                    | P.Kavya, II ECE, R.Achuthan, V.Alphina Christy, S.Keerthana, P.Kiruthika, G.Mahadevi, N.Manimala, S.Mirra, L.Nirmala, R.SaiSiddharth, G.Sridhar, A.Suryakala, K.Swetha, S.Uvasri, K.Vishnupriya, K.Yashwanth, M.Venkatramanan, III ECE, T. Dhivya |
| 25. | 08.07.2020 | Webinar | webinar on “Application of PCM Nano Fluids in Thermal Power Plants” | Francis Xavier Engineering College                                                              | V.Alphina Christy, L.Nirmala, K.Vishnupriya, III ECE                                                                                                                                                                                              |
| 26. | 08.07.2020 | Webinar | webinar on “Aerospace at the Leading Edge”                          | Chennai Institute of Technology                                                                 | L.Niramala, K.Swetha, K.Vishalini, III ECE                                                                                                                                                                                                        |
| 27. | 09.07.2020 | Webinar | Chennai Institute of Technology                                     | webinar on “Selling Skills”                                                                     | L.Niramala, III ECE                                                                                                                                                                                                                               |
