Academic Year 2025-2026

Program Assessment and Quality Improvement Committee Meeting-IX

Ref.: Ref.: RIT/Academic/ECE/PA&QIC/09

Date: 22.09.2025

MINUTES OF NINTH PROGRAM ASSESSMENT AND QUALITY IMPROVEMENT COMMITTEE MEETING

The Ninth Program Assessment and Quality Improvement Committee Meeting were held on 30.08.2025 (Saturday) from 1:20 PM to 04.30 PM at ECE Seminar Hall with the following Agenda.

- Review of Previous Meeting (8th PA&QIC)
- Outcome based Curriculum
- Outcome based Teaching and Learning
- Outcome Based Assessment
- Student Performance.
- Faculty Information
- Faculty Contribution
- Facilities and Technical Support
- Continuous Improvements
- Student Support System and Governance

1. Welcome Address,

(by Dr.A.Lakshmi, Professor/ECE)

Dr.A.Lakshmi, Professor/ECE welcomed the PA&QIC members for the meeting and reiterated the agenda of the meeting. The members present are,

Dr.C.Arjunachala-Perumal	Professor & HoD, Department of ECE, Ramco Institute of Technology, Rajapalayam
Dr.A.Lakshmi	Professor, Department of ECE, Ramco Institute of Technology, Rajapalayam

Dr.A.Azhagu Jaisudhan Pazhani	Associate Professor, Department of ECE, Ramco Institute of Technology, Rajapalayam
Dr.S.Vairaprakash	Associate Professor, Department of ECE, Ramco Institute of Technology, Rajapalayam
Mrs.A.Leena Margaret	Assistant Professor, Department of Civil Engineering, Ramco Institute of Technology, Rajapalayam
Dr.R.Venkatesh	Associate Professor & HoD, Department of AIML, Ramco Institute of Technology, Rajapalayam
Dr. P. Prem	Associate Professor, Department of EEE, Ramco Institute of Technology, Rajapalayam
Dr. V. Sivakumar	Professor, Department of Mechanical Engineering, Ramco Institute of Technology, Rajapalayam
Dr. M. Venkatesh Perumal	Associate Professor, Department of Chemistry, Ramco Institute of Technology, Rajapalayam
Dr. G. Kannan	Assistant Professor, Department of Maths, Ramco Institute of Technology, Rajapalayam
Dr. S. Gomathi	Assistant Professor, Department of English, Ramco Institute of Technology, Rajapalayam

1. Review of previous meeting (8th PA&QIC) and Review of Quality Objectives 1

(by Dr.A.Lakshmi, Prof/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- The recommendations made by participants in the Eighth PA&QIC meetings were retrieved beforehand by Dr. A. Lakshmi, Professor and ECE. - During the meeting, she provided a detailed presentation on the Eighth PA&QIC meeting, highlighting key takeaways and actionable items in accordance with the recommended implementation strategies. - Employer feedback has been meticulously designed and obtained approval from the Head of Department/ECE. Furthermore, refinements to Mission 3 (M3) have been informed by valuable suggestions from alumni and stakeholders, which were subsequently discussed with expert members of the Department Advisory Committee (DAC). Upon approval from the Governing Council (GC), the department's Program Educational Objectives (PEOs) will be aligned with the revised Mission. - Faculty members have been notified to submit new innovative practices to the website administrator for timely updates. A structured timeline has been established for incorporating these updates, ensuring the website remains current with the latest innovative practices and pedagogical methods. - During the 2024-2025 academic year, 15 students successfully completed internships with industry partners with whom the institution has established Memoranda of Understanding (MoUs). The institution continues to encourage students and industries to enhance participation and gathers feedback to identify areas for improvement. - Conducted a comprehensive analysis of Program Outcomes (POs) and Program Specific Outcomes (PSOs) attainment to assess	- Create awareness about SDG and NEP 2020 among the students and faculty members. - Give equal importance to all the domains for setting verticals in the autonomous curriculum.. - It is suggested to plan as per revised NBA and execute it. - Focus may be given on the Average salary package thru placement and training. - Consultancy work may be focused in smart home automations, smart farming systems, Intelligent traffic systems, etc.	Remarks: - The completed activity and plan for implementing the suggestions will be discussed clearly. - Planned to incorporate all the programs conducted can be mapped with SDG. - The vertical preparation is completed and given equal priority for domain based on the industrial needs. - Steps have take to improve the salary package. - Steps have been taken to improve the consultancy work. Target Date: Continuous Responsibility: Dr.A.Lakshmi and all faculty members of ECE

program effectiveness. Incorporated course exit survey results into program assessment and reporting to inform continuous improvement. Implemented action plans for subjects that did not meet attainment targets, driving quality enhancement initiatives in teaching and learning.

- Funds received from IEEE photonic society, TNSCST for conducting the program are discussed. The faculty members who are applying for awards in different categories are also discussed.

- To enhance student employability, a comprehensive series of placement activities was conducted, including company-specific interview training sessions, mock interviews, group discussions, and general training programs. These initiatives collectively improved students' confidence and preparedness, resulting in a significant increase in the overall placement percentage, which reached 91.1%, underscoring the effectiveness of the institution's placement initiatives in fostering student success.

- The institution shared students' 12th standard subject-wise marks with the respective subject-handling faculty, enabling them to understand each student's academic background and provide targeted support as needed. This proactive approach facilitated tailored guidance and mentorship, potentially enhancing students' academic performance in the first semester.

- The institution has shared a calendar of proposals announced by various funding agencies with faculty members, facilitating awareness of potential opportunities. An interdisciplinary research project proposal was submitted to the Indian Council of Medical Research (ICMR) under SDG-focused joint initiatives. Additionally, a one-day workshop on "Exploring AI Tools for Effective Academics" was organized on July 29, 2024, in collaboration with RIT RC and RIT Central Library, promoting the use of technology in academics.

- The department is actively engaging alumni through mentorship, guest lectures, industry connections, and placement drives to

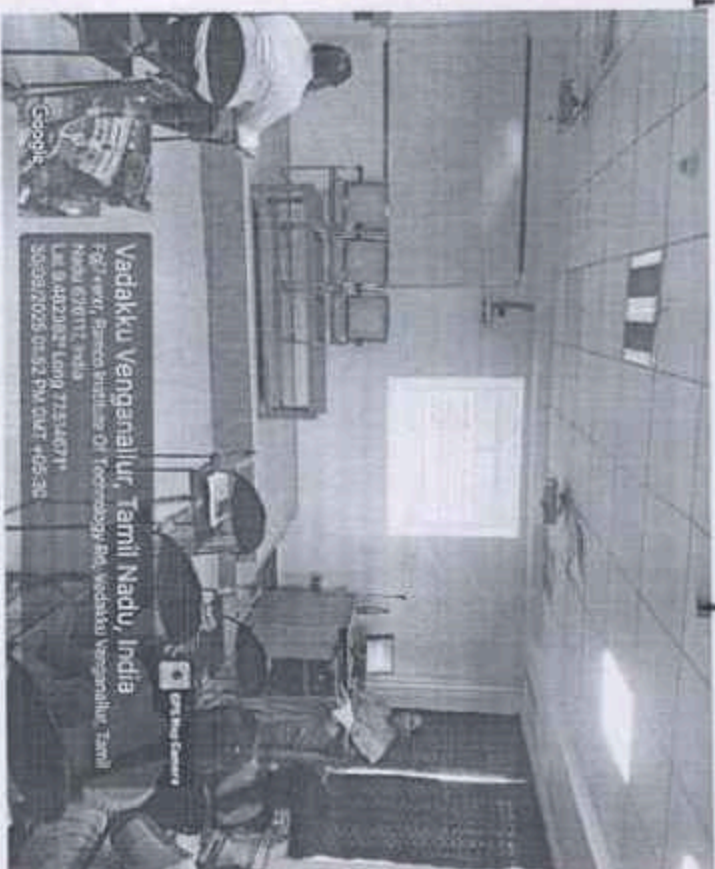

- foster a stronger bond with the institution. Additionally, plans are underway to seek nominal financial support from alumni for event prize distributions. Regular feedback is being collected from various stakeholders, and based on the insights gathered, corrective actions will be implemented to drive continuous improvement.
- The department has effectively utilized its lab facilities by conducting hands-on sessions for both non-teaching faculty members and students, promoting proficient use of equipment. Additionally, special equipment was successfully integrated into student projects, including mini projects and value-added courses, maximizing utilization and providing students with practical learning experiences that enhance their skills and knowledge.
- The department organized various academic activities, including seminars, guest lectures, and workshops, to enrich students' academic experiences. Additionally, admission promotion activities were conducted to increase enrollment with higher cutoffs, ultimately aiming to improve admission quality and enhance the institution's competitiveness. These efforts collectively contributed to a more robust academic environment and increased the institution's appeal to prospective students.
- For the 2024-2025 academic year, the institution has proactively planned its budget to optimize the cost per student, reflecting a strategic approach to resource allocation. By prioritizing spending based on institutional goals and objectives, resources are allocated to areas that have the greatest impact on student outcomes, ensuring efficient and effective use of funds.

Screenshot

- To increase placement count devise a strategy and all faculty work together for getting good placement.

- To enhance student employability, a series of structured placement activities were conducted.
- These included company-specific interview training sessions aligned with the recruitment processes of various organizations, mock interviews, group discussions, and general training programs.
- Collectively, these initiatives improved students' confidence and preparedness, resulting in a significant increase in the overall placement percentage, which reached 91.1%.

Outcome based Curriculum

- 1.1 Vision, Mission and Program Educational Objectives (PEOs)
- 1.2 Curriculum Structure and Features
- 1.3 PO, PSO and their Mapping with Courses
- 1.4 Course Outcomes and Course Articulation Matrix
- 1.5 Program Articulation Matrix

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- The institution's vision and mission, as well as the department's vision and mission, are clearly defined and meticulously mapped with Program Educational Objectives (PEOs), ensuring alignment and coherence. Furthermore, these guiding principles are effectively disseminated to stakeholders, fostering a shared understanding and commitment to the institution's and department's overarching goals. - Outlined its curriculum structures, program curriculum framework, and components, ensuring a well-defined academic framework. Additionally, content delivery extends beyond the syllabus, and the use of course articulation matrices and program articulation matrices facilitates a comprehensive understanding of curriculum alignment and outcomes, promoting effective program delivery and student learning.	- Since content beyond syllabus execution is minimal, it may be planned for notable subjects at the semester beginning with evidence and complete effectively. - The University Threshold for the CO attainment of the AY2024-25 need to be checked (Univ. Thrs. 50) with ERP. - CCM, PTA meeting, Students photo (while dissemination by CA) in Class needed. - Check the Anna university 25th regulation and analyse whether your curriculum gap of R-2021 is addressed.	Remarks: - Planning and executing content beyond the syllabus for notable subjects at the beginning of each semester, with documented evidence and effective implementation, the institution can enhance students' learning experiences and outcomes. - The information is passed to incharge for the necessary action. Suggested to set the test value before submitting the final one. - CCM, PTA meeting snapshot will be included. - Analysis will be made once AU-2025 R is released fully. Target Date: Continuous Responsibility: All faculty members

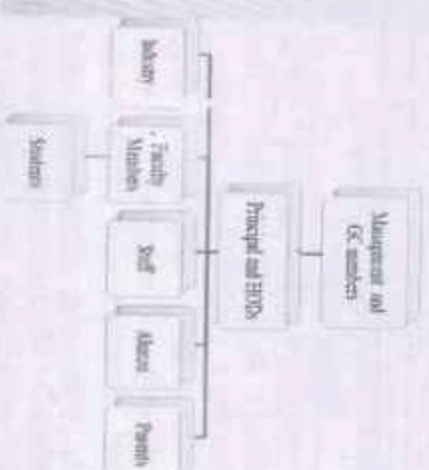

HOD CHAMBER

SEMINAR HALL

1.1.4 DISSEMINATION OF VISION, MISSION AND PEOS (05)

- 2. Outcome based Teaching and Learning :**
- 2.1 Describe Processes Followed to Ensure Quality of Teaching & Learning
 - 2.2 Quality of Student Capstone Project
 - 2.3 Internship/Industrial Training
 - 2.4 Seminar and Mini/Micro Projects
 - 2.5 Case Studies and Real-Life Examples
 - 2.6 SWAYAM/NPTEL/MOOC/Self Learning
 - 2.7 Solving Complex Engineering Problems Incorporating Sustainability Goals
 - 2.8 Steps Taken for Enhancing Industry Institute Partnerships

(by Mr.D.Gopinath, Dr.S.Vairaprakash, Mr.R.Ramasamy,
Mr.A.Rameshbabu, Mr.G.Sivakumar, & Ms.M.Nandhini)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Mr.D. Gopinath AP-II/ECE has consolidated and delivered the outcome based teaching and learning process. - He described the processes followed to ensure quality of teaching & learning and student capstone project. - He discussed about Internship/Industrial Training, Seminar and Mini/Micro Projects, Case Studies and Real-Life Examples. - He presented the status of the students' online course details in the various platform like SWAYAM/NPTEL/MOOC etc. - He delivered about solving complex engineering problems which are incorporated/mapped to Sustainability Development Goals (SDG) and steps taken for enhancing industry institute partnerships.	- PA&QIC members suggested that, additional lab proof can be shown for the continuous assessment. - They suggested to use more Information and Communication Technology (ICT) tools to enhance the teaching learning. - They suggested to segregate students based on IAT and university exams. Based on that, additional activities can be planned for the fast, average and slow learners. - They suggested to include Value Added Course (VAC) as better identification for curriculum gap. - They suggested to include domain classification details and case studies can be planned to the suitable courses. - They suggested to depute the faculty incharge for each MoU industries to improve the Institute-Industry interaction. - They have asked the course handling faculty members to plan Guest lecture, webinar/Seminar etc., for proper PO mapping.	Remarks: - Faculty members are asked to use more ICT tools and Innovative techniques to enhance the teaching learning - Course handling faculty members are asked to segregate students based on IAT and university exams. Based on that, activities can be planned for the students and proofs can be kept in course file. - Faculty members are asked to plan Guest Lecture, Webinar/Seminar, case studies and real life examples for the suitable courses. - The MoU incharge asked to remind the faculty members about the MoU activities and increase the Institute-Industry interaction. Target: Continuous Responsibility: Faculty members & MoU Incharge

Outcome based Curriculum

- Evaluation of Continuous Assessment
- Evaluation of Semester End Exam (SEE) Question Paper)
- Evaluation of Laboratory Work and Workshop (Continuous and SEE)
- Attainments of COs, POs and PSOs with Program Effectiveness
- Evaluation of Projects
- Evidence of Addressing Sustainable Development Goals (SDGs)

BY,
Mr.G.Sivakumar
(Dr.A.Azhagu Jaisudhan Pazhani
Mr.A.Rameshbabu
Mr.M.Maria Rubiston)

Points Delivered by the Faculty Members

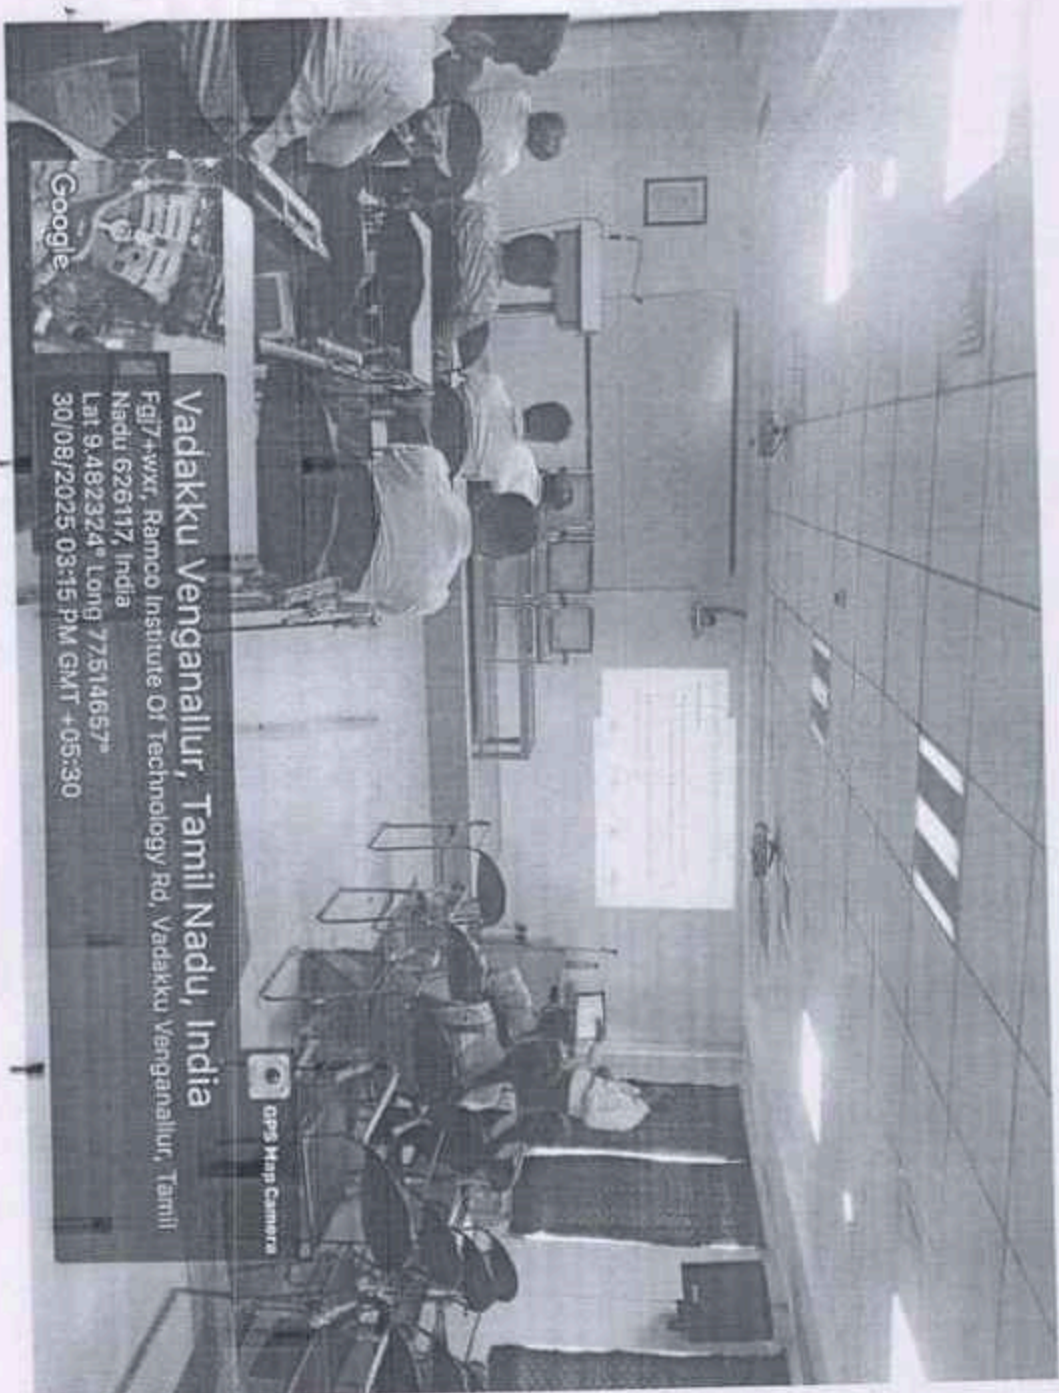

- Elaborated CO, PO and PSO attainment Calculation procedure.
- In addition target fixing procedure is discussed.
- Discussed about Course attainment, PO, PSO attainment for batch 2021-2025 was discussed.

Suggestions were given by PA&QC Members

- 1. CO attainment need to be checked with first year.
- 2. CO-PO mapping, if changed proper justification is required from the domain coordinator. Proof for changing needs to be incorporated.
- 3. CO-PO attainment calculation in ERP needs test analysis (Discuss with concern in-charges)

Remarks with Target Date and Responsibility**Remarks:**

- Faculty members are requested to follow the Course Assessment Plan for CO attainment calculation and verify the CO attainment values. Further, kindly ensure that all data are updated in the ERP system for accurate attainment calculation.
 - Domain Coordinators are requested to verify the CO-PO-PSO mapping in the course file every semester and seek proper justification if any changes are made.
 - It was discussed with the in-charges to include a preview of CO attainment calculation before the final submission
- Target Date: Continuous**
Responsibility: Faculty members

4. Student Performance:

Admission Details

4.1 Enrolment Ratio in the First Year

4.2 Success Rate of the Students in the

Stipulated Period of the Program

4.3 Academic Performance of the First-Year

Students of the Program

4.4 Academic Performance of the Second

Year Students of the Program

4.5 Academic Performance of the Third

Year Students of the Program

4.6 Placement, Higher Studies and

Entrepreneurship

4.7 Professional Activities

(by **Mr.R.Deiva Nayagam,**

Mrs.K.Sangeetha

Mr.A.Rameshbabu

Dr.P.Venkatesh

Ms.S.Harini shriram

Ms.L.Krishna Kumari)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Enrolment Ratio in the First Year: Admission details with enrolment ratio were presented. - Success Rate: Success rate of the students in the batch 2020-2024 was presented. - Academic Performance: Academic performance of I, II, and III year students was presented. - Placement, Higher Studies and Entrepreneurship: Details of placement, higher studies, and entrepreneurship for the batch 2021-2025 were presented. - Professional Activities: Events conducted under IETE, ISTE, IEEE, and RIT Electronics Association were presented	- Check 4.1 - enrolment ratio shown as 103% needs clarification. 4.2 success rate needs to be rechecked. The success rate is very alarming; check with the previous batch and carry out a risk analysis. - The API has decreased - detailed analysis is required. - A detailed analysis of not placed students / higher studies / entrepreneurs is required - Student publications should be converted into Scopus-indexed papers. - Student projects can be converted into patents under the KAPILA scheme to improve patent count. - Student achievements in other states should be shown separately. - Guest lectures by foreign delegates/visiting professors should be arranged and reported	4.1 Enrolment Ratio: Already clarified - 103% is acceptable as per NBA norms since supernumerary quota is included. - Success Rate: Verified with Anna University data; last batch rate is low. Risk analysis initiated to avoid for next batches. - API Decrease: Acknowledged. Steps like Coaching classes, mentoring, and extra practice sessions already informed to faculty. - Not Placed / Higher Studies / Entrepreneurs: Class advisors have been instructed to collect detailed data. - Student Publications: Faculty and guides have been informed to

- Details of student publications, student participation in various events, and the department newsletter were also presented.

Screenshot

- convert student works into Scopus publications and possible patents.
 - Achievements in Other States: To be shown separately, instructions already given.
 - Guest Lectures by Foreign Delegates: Steps taken to arrange through visiting professors and collaborations.
- Target Date:** Within 2025-2026 Odd Semester
- Responsibility:** NBA Criteria 4 coordinator and members

Publication of Journals, Magazines, Newsletters, etc. in the Department (2024-2025)

6.2.6. Institution Seed Money or Internal Research Grant to its Faculty for Research Work (05Marks)

By

Dr.R.Rajalakshmi

Mr.P.Gunasekaran

Mrs. V.Krishna Meera

Ms.S.Harini shirram

Ms.L.Krishna Kumari

Mr.R.Ramasamy

Points Delivered by the Faculty Members

- The meeting shared about professional society memberships at national and international levels, participation and roles as resource persons in STTPs and FDPs, development of e-content like SWAYAM MOOCs, faculty MOOC certifications, organization of FDP and STTP programs, support for student innovative projects such as hackathons and prototypes, industry interaction activities including

Suggestions were given by P.A&QIC Members

- 1. 6.1.3- E content for swayam Check???. Refer R-2025 first year and work for higher semester. 3. For choosing the resource person in STTP follow the ATAL guidelines 4. Check with IIC for commercialization for the granted patent. 5. Consultancy needs improvement. 5. Patent and incentives for the faculty should not be shown for Seed money. Approach RC for interdisciplinary dept project.

Remarks with Target Date and Responsibility

Remarks:

While selecting resource persons for STTP, ATAL guidelines will be strictly followed to ensure quality.

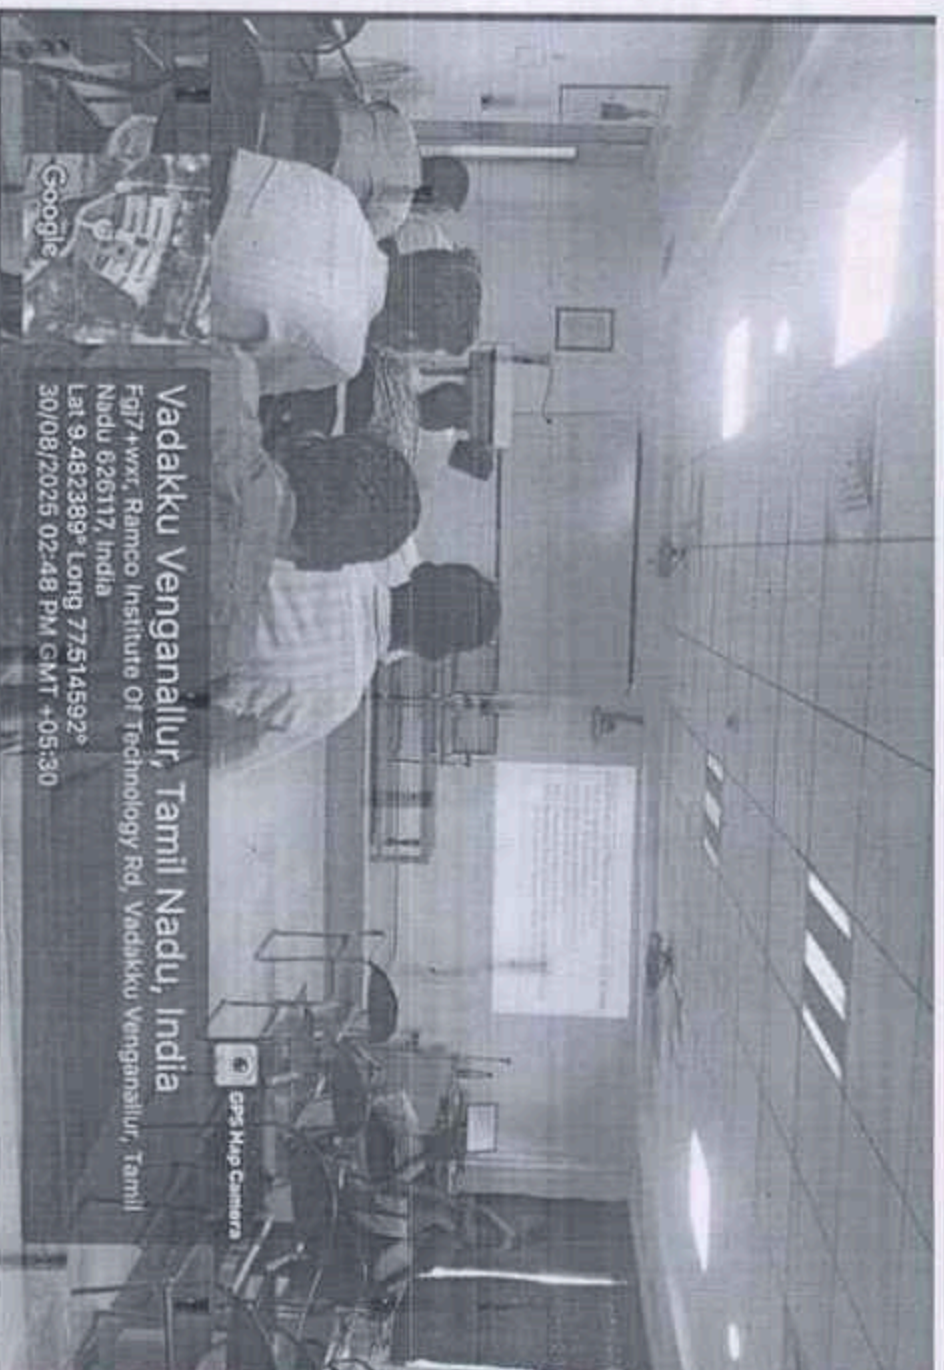

We will coordinate with the Institution Innovation Council (IIC) to explore the commercialization process for granted patents.

Steps will be taken to improve the consultancy

Tessolve placement training, research publications in reputed journals, guidance of Ph.D. students, patents published and granted, sponsored research projects funded by external agencies, consultancy projects carried out, and Institution Seed Money support along with its research outcomes.

process by encouraging more projects and better monitoring.
Target Date: Continuous
Responsibility: All Faculty members

Points Delivered by the Faculty Members	Suggestions were given by P&QC Members	Remarks with Target Date and Responsibility
Dr S.Vairaprakash presented the details of curriculum based labs,additional facilities created for students. for training,projects.Also he delivered the utilization of those facilities by students.Also he explained about project lab facilities created for students.The safety measures and display of dos and don'ts were discussed.	Based on revised NBA format, Plan the additional facilities created exclusive for projects and training. In addition to existing project lab,plan other less utilization labs for projects.	Remarks: Plan to extend the infrastructure for project lab as per revised NBA format Target Date: February 2026 Responsibility: Dr S.Vairaprakash

Screenshot

Three day workshop on "Hands-On Circuit Design and Simulation with Proteus Software"

Resource : Basic Electrical and Electronic Equipment working principles ,Eagle software in DSP and Embedded lab.

Continuous Improvement

- 8.1 Actions Taken Based on the Results of Evaluation of the COs, POs, and PSOs
- 8.2 Academic Audit and Actions Taken there of during the Period of Assessment
- 8.3 Improvement in Faculty Qualification/Contribution
- 8.4 Improvement in Academic Performance

(by Dr. R.Ramakshmi
Mrs.G.Subhashini
& Mr.R.Deiva Nayaagam)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
The faculty members delivered the following points, • Actions taken for CO, PO & PSO improvement • Academic Audit and Actions Taken there of during the Period of Assessment • Improvement in Faculty Qualification/Contribution • Improvement in Academic Performance	• Members suggested to improve the writing for actions taken for CO, PO & PSO attainment. • Suggested to verify the CO, PO & PSO attainment levels in the ERP system for various subjects.	Remarks: Suitable action measures will be taken to justify the CO, PO & PSO attainment. Target Date: By the end of next semester Responsibility: Students, Faculty Members, HOD

28th ISO Internal Audit Findings

Screenshot

28th ISO Internal Audit Findings

Good Practices for 2024	28th ISO Internal Audit Findings
Subject allocation, subject preference forms for the academic year 2024 - 2025 were submitted were updated.	Suggested to follow the rubrics for evaluating the assignments.
Class Timetable and Manager timetable were updated.	The levels in the prerequisite questions have to be modified.
Department Review meetings were conducted periodically and the minutes were updated.	Students for evaluating assignments have to be changed.
Office letters for the placed students were available with its authority.	Suggested to show clear details about assignment marks, section and partial entry marks sufficient to the students for better understanding.
Faculty participation details in F20Y Workshop Training Program/ STTP/ Conference attended were available.	Suggested to change the levels in the assignment questions.
Supervision of faculty publications was updated and accompanied with previous academic year.	The details regarding Department, Semester, Technical Manager, innovative practices followed by the faculty members have to be updated in the college website regularly.

8.4 Improvement in academic performance

Provide details of improvement in academic performance of 1st year, 2nd year, 3rd year students during the assessment period.)

Table No.8.4.1: Improvement in academic performance

** Mentioned API values are on a 10 point scale

Item	CAWMI (2024-2025)
Academic Performance Index (API) of the First Year Students in the Program (refer to section 4.3)	7.06
Academic Performance Index of the Second Year Students in the Program (refer to section 4.3)	6.14
Students in the Program (refer to section 4.3)	6.65

** Mentioned API values are on a 10 point scale

Criterion 9: Student Support System and Governance
(by Mr.B.Kannan, Mr.R.Deiva Nayagam, Mr.D.Gopinath, Mrs.G.Subhashini, Mr.A.Rameshbabu, Mr.P.Gunasekaran, Ms.M.Nandhini and Dr.A.Lakshmi)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
• Mentoring System, Feedback Analysis • Training and Placement Support • Start-up and Entrepreneurship Activities • Governance and Transparency • Program Specific Budget Allocation, Utilization • Quality of Learning Resources (Hard/Soft) • E-Governance • Initiatives and Implementation of Sustainable Development Goals (SDGs) • Faculty Performance Appraisal and Development System (FPADS) • Outreach Activities	It is suggested to give importance to the Initiatives and Implementation of Sustainable Development Goals and outreach activities.	Remarks: Planned to initiate and implement SDG Goals Target Date: From upcoming semester Responsibility: Coordinators

Screenshot

9.2 MENTORING SYSTEM

A. Mentoring system-Implementation (02)
B. Effectiveness (03)

Sl. No.	Types of Mentoring	Nature of Mentoring
1.	First Year Orientation and Counseling	• Facilitating smooth transition from school to college environment • Conducting bridge courses for Science, English and Mathematics • Introduction of Professional societies & chapters • UHV classes • Motivational Speeches • Alumni Interactions • Parents Meeting
2.	Mentor System	• One to One Interaction • Alumni act as a mentor • Communications with Parents • Personal Support • Academic progress • Overall development
3.	Academic & Co-curricular Guidance	• Class Committee Meetings • Mentor Meetings • Guidance from course handling faculty

Suggestions provided by the PAQIC members a summary:

Mrs.A.Leena Margaret AP/Civil, Dr.R.Venkatesh, ASP/CSE (AIML), Dr. P. Prem ASCP/EEE, Dr.S.Vairaprakash, ASPECE, Dr.V.Sivakumar Prof/Mech, Dr. M. Venkatesh Perumal, ASCP/ Chemistry suggested the following points,

- The curriculum gap has been sent to the university. The recently released 2025 regulation curriculum shall be analysed to check whether any revisions have been made based on the gaps we identified. If so, kindly document the details.
- Suggestions given in the audit findings should be carried out and improvement might be shown.
- It is suggested to plan as per revised NBA and execute it.
- Since content beyond syllabus execution is minimal, it may be planned for notable subjects at the semester beginning with evidence and complete it effectively.
- Based on the feedback received from the alumni (Batch 2021-2025), members appreciated all the faculty members for their existing effective teaching and learning practices in the department.
- The current third-year-end semester examination pass percentage (4th semester) is only 43.55% and 46.03%. The appropriate action is to be taken for their betterment.
- The successful graduates are only 69%. Conduct the required analysis and implement the necessary actions for the upcoming batches.
- Granted patents should be converted into commercialisation.
- Consultancy work should be improved.
- Improve the student project outcomes. Set a quality benchmark value for offering "O" grade for the final year project work.
- Create awareness about SDG and NEP 2020 among the students and faculty members.
- Give equal importance to all the domains for setting verticals in the autonomous curriculum.
- ISTE memberships shall be obtained for all the faculty members. Since some of the student members are getting membership card from ISTE.
- Final year project works shall be given to the students by considering a final output of a research article in a peer reviewed journal, which will be helpful for the faculty members for completing their RC target also.
- Five days FDP shall be conducted by considering 1 external member (on each day) instead of having 1 member for all the 5 days.
- Consultancy work may be focused in smart home automations, smart farming systems, Intelligent traffic systems, etc.

- SEED money grant shall be focussed in multidisciplinary approach.
- The University Threshold for the CO attainment of the AY2024-25 need to be checked (Univ. Thrs. 50) with ERP.
- Focus may be given on the Average salary package thru placement and training.
- ICT Tools shall be incorporated broadly instead of using CANVAS alone.
