Department of Electronics and Communication Engineering Academic Year 2023-2024 Program Assessment and Quality Improvement Committee Meeting-VII

Ref.: Ref.: RIT/Academic/ECE/PA&QIC/07

Date: 19.03.2024

MINUTES OF SEVENTH PROGRAM ASSESSMENT AND QUALITY IMPROVEMENT COMMITTEE MEETING

The Seventh Program Assessment and Quality Improvement Committee Meeting were held on 29.02.2024 at ECE Seminar Hall with the following Agenda.

- Review of Previous Meeting (6th PA&QIC)
- Dissemination of vision, mission, POs, PSOs and PEOs. Fine tuning of Vision, Mission & Revision Plan-Process-PEO and PSO - Stake holders.
- Academic Reforms
 - i) Steps taken towards knowledge deepening in honorary courses. (R2021)
 - ii) Strategies to be adapted in the knowledge acquisition of vertical courses (R2021)
(Additional/ Mandatory courses- Value added course, Naan Mudhalvan course, Reverse Engineering course under LEAP)
- New initiative taken for quality improvement in Teaching and Learning
- Impact analysis of Institute – Industry Interaction, Internship and In-Plant Training.
- Proposed methodology for Attainment of COs, POs, PSOs with program effectiveness.
- Students performance in Co-curricular and Extra-curricular activities and initiatives taken towards CO attainment

- Training and Placement progress with qualitative and quantitative analysis
- Review of faculty Contribution
 - i) Faculty participation
 - ii) Research and Development Activities
- Alumni Interaction and Stake holders feedback analysis
- Facilities and Technical support
- Continuous Improvement – department progress
- Department Budget Allocation 2023-2024 and its utilization 2022-2023

1. Welcome Address		(by Dr.A.Lakshmi, Professor/ECE)
Dr.C.Arunachala Perumal, Professor/ECE welcomed the PA&QIC members for the Fifth meeting and reiterated the agenda of the meeting. The members present are,		
Dr.C.Arunachala Perumal	Professor & HoD, Department of ECE, Ramco Institute of Technology, Rajapalayam	
Dr.A.Lakshmi	Professor, Department of ECE, Ramco Institute of Technology, Rajapalayam	
Dr.A.Azhagu Jaisudhan Pazhani	Associate Professor, Department of ECE, Ramco Institute of Technology, Rajapalayam	
Dr.S.Vairaprakash	Associate Professor, Department of ECE, Ramco Institute of Technology, Rajapalayam	
Mrs.A.Leema Margret	Assistant Professor, Department of Civil Engineering, Ramco Institute of Technology, Rajapalayam	
Mrs.B.Vijayalakshmi	Assistant Professor (SG), Department of CSE, Ramco Institute of Technology, Rajapalayam	
Mr. A. Guna	Assistant Professor, Department of EEE, Ramco Institute of Technology, Rajapalayam	
Dr. V.Sivakumar	Professor, Department of Mechanical Engineering, Ramco Institute of Technology, Rajapalayam	

1. Review of previous meeting (6 th PAQIC) and Review of Quality Objectives (by Dr.A.Lakshmi, Prof/ECE)		
Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- The recommendations made by participants in the sixth PAQIC meetings were retrieved beforehand by Dr. A. Lakshmi, Professor and ECE. - As per the implementation advice, she gave a comprehensive presentation on the Fifth PA&QIC meeting. - In the recently established laboratories, Vision and Mission are on exhibit. - The implementation of the curriculum gap was examined and addressed. - Framed roles and responsibilities of domain coordinators. - First year students online courses are included. - Recommended to conduct workshop for students using MODROB components - For R2021, the Attainment Target value for theory course is set as 1.85 and for laboratory, it is set as 2.1. - Number of students participated in the inter college participation is increased. - The professional society events were conducted through student members with the guidance of faculty coordinators. - Internship impact analysis for 2018-2022 batch students was done and also Internship impact analysis for 2019-2023 batch students will be presented in the upcoming PAQIC meeting. - Awareness Pogramme on higher studies in India and	NIL	NIL

abroad students details were discussed

- Communication, interaction, and the outcome of adjunct professor was included. Proofs of interaction between Faculty members and Visiting faculty in FDP, Proofs of interaction between students and Visiting faculty was included.
- More number of Research proposals and seminar grants are submitted for various funding agencies.

Seventh PA&QIC Meeting

Review of Sixth PA&QIC Meeting

Dr.A.Lakshmi

Professor

Department of ECE

Ramco Institute of Technology

Date: 29.02.2024

Venue: ECE Seminar Hall

2. Dissemination of vision, mission, POs, PSOs and PEOs. Fine tuning of Vision, Mission & Revision Plan-Process-PEO and PSO - Stake holders.
(by Ms.S.Harini Shriram, AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Ms.S.Harini Shriram, AP/ECE explained the department Vision, Mission, Program Educational Objectives (PEOs), and Program Specific Outcomes (PSOs) and their dissemination details with evidence. - She presented the Consistency of PEOS with the Mission of the department along with the evidence	- Need to collect the department vision, mission suggestions from Alumni, stakeholders. - Need to include the proof of dissemination of vision mission in DAC, PA&QIC - Insisted to note the alumni job status and their position	Remarks: Faculty incharge requested to take steps to implement the suggestions Target Date: Responsibility: Ms.S.Harini Shriram

Screenshot

Dissemination-PTA meeting -20.10.2023

PEO2 maps substantially with M2 & M3 Justification

Order Grand Challenge
 Stage 1- Ideation and proof of concept - received fund 75000 and prize money 25000
 Stage 2 - product development - total fund 5L received 2.5L - 2 visit completed from Innovation cell, Ministry of education - Waiting for Result
 Stage 3 -Field Implementation

3. Academic Reforms

iii) Steps taken towards knowledge deepening in honorary courses. (R2021)

iv) Strategies to be adapted in the knowledge acquisition of vertical courses (R2021)

(Additional/ Mandatory courses- Value added course, Naan Mudhalvan course, Reverse Engineering course under LEAP)

(by Mrs.V.SrIREngaNachiYarrs, AP(SG)/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Honor courses Chosen for V and VI semester students for R-2021 - List of vertical courses given in Anna University R-2021 Curriculum - Mandatory course chosen for 2023- 2024 (Odd & Even semester) - Value added course conducted during 2023-2024 (Odd semester) & proposal sent to AU for getting approval for 2023-2024 (Even semester) - Naan Mudhalvan courses chosen during 2023-2024 (Odd & Even semester)	- Need to include steps taken by the faculty member towards honor course to develop the knowledge - Strategies to be adapted by the faculty member in the knowledge acquisition of vertical courses	Remarks: Faculty members were gone for FDP regarding honor and verticle courses for R-2021 Target Date: Next PAQIC Responsibility: Faculty members handling Vertical & Honor courses

Screenshot

Vertical courses

Vertical I Semiconductor Chy Design and Testing	Vertical II Signal Processing	Vertical III RF Technologies	Vertical IV Bio Medical Technologies	Vertical V Underwater Technologies	Vertical VI Sensor Technologies and IoT	Vertical VII Space Technologies	Vertical VIII High Speed Communications
Wide Bandgap Devices	Advanced Digital Signal Processing	RF Transmitters	Wearable Devices	Underwater Imaging Systems and Image Processing	IoT Processors	Radar Technologies	Optical Communications & Networks
Validation and Testing Technology	Image Processing	Signal Integrity	Human Augment Devices	Underwater Imaging Systems and Image Processing	IoT Based System Design	Avionics Systems	Wireless Broad Band Networks
Low Power IC Design	Speech Processing	Antenna Design	Therapeutic Equipment	Underwater Communication	Wireless Sensor Network Design	Positioning and Navigation Systems	AGN Communication Networks
VLSI Testing and Design For Testability	Software Defined Radio	MCs and RF System Design	Medical Imaging Systems	Ocean Observation Systems	Industrial IoT and Industry 4.0	Satellite Communication	Software Defined Networks
Mixed Signal IC Design Testing	DSP Architectures and Programming	EMC/EMF Compliance Testing	Brain Computer Interface and Applications	Underwater Navigation Systems	MEMS Design	Network Sensing	Massive MIMO Networks
Analog IC Design	Computer Vision	RF IC System Design & Testing	Body Area Networks	Ocean Acoustics	Fundamentals of Nanoelectronics	Robotics and Space Mechanisms	Advanced Wireless Communication Techniques

Value added course

Training sessions were conducted for the students for making Electronic Hobby kits.

4. New initiative taken for quality improvement in Teaching and Learning (By Dr.A.Lakshmi, ASP/ECE& Ms. R. Chandralekha, AP/ECE)		
Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- The coordinator provided an overview of the curriculum gaps and recommendations for modifying the syllabus to align with industry demands and expectations. - She also discussed the use of virtual labs, innovative methods, and their implications. - Lastly, the coordinator detailed the steps taken to support students who struggled academically and those who showed initiative. - She also narrated the program conducted for slow learners and fast learners. - She also discussed the audit process conducted (both internal & external) to ensure the quality of question paper.	1. Try to explore a greater number of active learning techniques. 2. Set a target to produce university rank holders and best outgoing students. 3. Student are appreciated to take Udemey courses. 4. Students should be appreciated to take different titles from Edx, Coursera, NPTEL etc. 5. Based on number of hours, assessment method , (like NPTEL), students can be encouraged to complete online courses in various platform. 6. Slow learner classification based on ABC analysis to be defined.	Remarks: 1. Active learning relevant to the courses are planned for all the subjects. 2. Continuous motivations and encouragements are given to students to achieve university rank in hte near future. 3. Students are encouraged to take more online courses and steps are taken to improve the online course participation. Target Date: Next PAQIC Responsibility: Faculty members handling courses

Screenshot

USE OF VARIOUS INSTRUCTIONAL METHODS AND PEDAGOGICAL INITIATIVES

Experimental based Learning

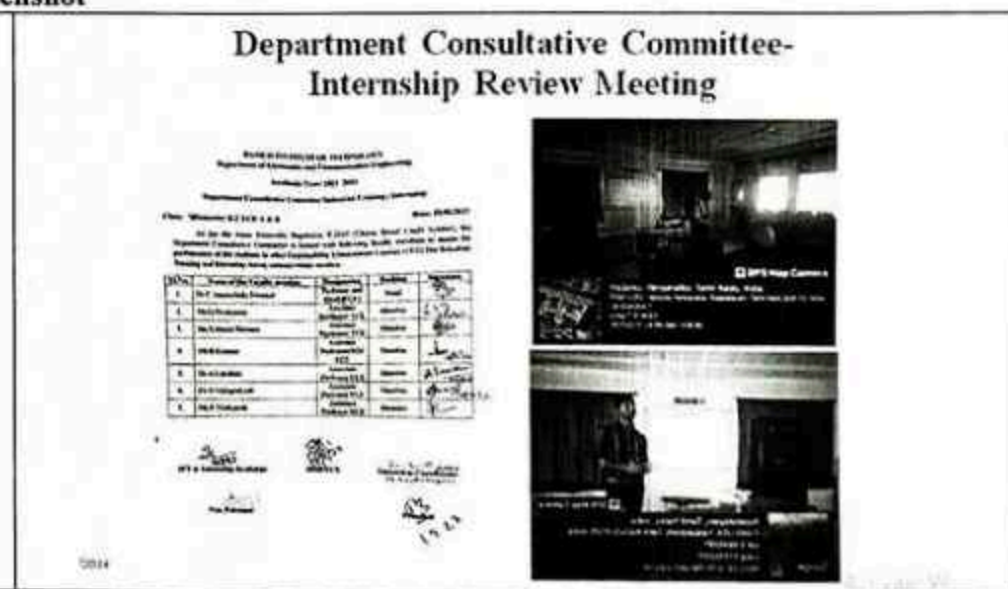

1. Activity Based Learning	Activity based learning is a method of teaching in which students learn by doing. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
2. Project Based Learning	Project based learning is a method of teaching in which students learn by working on a project. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
3. Problem Based Learning	Problem based learning is a method of teaching in which students learn by solving a problem. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
4. Case Based Learning	Case based learning is a method of teaching in which students learn by studying a case. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
5. Simulation Based Learning	Simulation based learning is a method of teaching in which students learn by participating in a simulation. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
6. Role Playing	Role playing is a method of teaching in which students learn by acting out a role. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
7. Group Work	Group work is a method of teaching in which students learn by working in a group. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
8. Peer Teaching	Peer teaching is a method of teaching in which students learn by teaching each other. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
9. Self-Directed Learning	Self-directed learning is a method of teaching in which students learn by taking responsibility for their own learning. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.
10. Collaborative Learning	Collaborative learning is a method of teaching in which students learn by working together. It is a student-centered approach where the teacher acts as a facilitator and the students are actively involved in the learning process.

5. Impact analysis of Institute – Industry Interaction, Internship and In-Plant Training (by Mr.D.Gopinath & Mr.G.Sivakumar, AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Discussed the Students' Internship, Inplant training and Insutrial visit details - Discussed the the role of Department Consultative Committee and Internship Review meeting - Shown the glimpses of Internship and Industrial visit sample certificates, Reports and feedback forms.	- The PAQIC members suggested to get the Stipend based internship rather than paid internship. - The PAQIC members suggested to map the Outcome of the internship in terms of placement. - The PAQIC members suggested to encourage the students to do internship in the MoU industries	Remarks: - The students will be encouraged to get stipend Internship in the reputed national level organizations like IITs, NITs and SAMEER, Chennai etc., - Outcome of the internship will be analysed in terms of placement. Target Date: Responsibility: 1. Internship/IV Incharge

Screenshot

6. Proposed methodology for Attainment of COs, POs, PSOs with program effectiveness

(by Dr.A.Azhagu Jaisudhan Pazhani,ASP/ECE
Mr.R.Deiva Nayagam, AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
The following procedures are followed: - Regulation 2021 subjects course code & title with its specific course index was shown. - Followed by, Domain wise subject list with its corresponding domain coordinator for the AY: 2022-2023 Even and AY: 2023-2024 Odd was discussed. Procedure for fixing the target values was discussed with consecutive batches of R2021. - Discussed the metrics of various direct and indirect assessment for calculating the CO and PO attainment was discussed - Finally, concluded with CO attainment values for the different subjects of 2022-2023 Even Semester. (2023-2024 Odd Results are not yet announced for calculating the CO Attainment)	- Action taken for CO not attained subject should be shown. - PSO attainment should be shown. - Course exit survey to be considered and it should be shown. - CO mapping should be educated (especially for newly joined) to the faculty members.	Remarks: - According to the suggestions given, PO and PSO Attainment analysis were made. Incorporated course exit survey results into program assessment and reporting. - Conducted faculty training sessions on CO mapping, focusing on newly joined faculty members. The course file preparation, CO PO PSO mapping will be addressed in the orientation programme of newly joined faculty members. - Action taken for not attained target subjects was addressed in new initiative taken for quality improvement in teaching and learning. Target Date: Completed Responsibility: Criteria 3 Coordinators

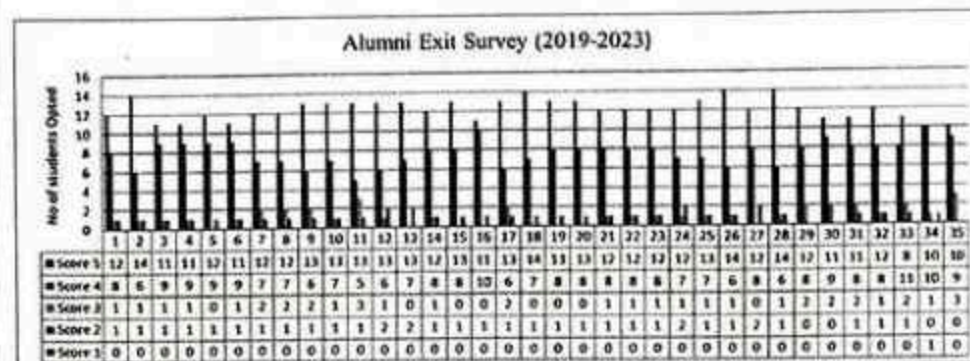

Screenshot

CO Attainment Target (Regulation 2021)

Batch	Target Attainment
2021-2025 (AGPA ₁)	1.85 for Theory Courses & 2.1 for Laboratory Courses/Projects
2022-2026 (AGPA ₂)	Target Attainment = (AGPA ₁ × 0.3) If it is less than previous Attainment keep previous attainment value as Target Attainment
2023-2027	Target Attainment = ((AGPA ₁ + AGPA ₂)/2) × 0.3 If it is less than previous Attainment keep previous attainment value as Target Attainment

11

Alumni Exit Survey (2019-2023)

12

7. Students performance in Co-curricular and Extra-curricular activities and initiatives taken towards CO attainment

(by Mr.P.Venkatesh, AP/ECE
Ms.S.Harini shriram,AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Listed the number of students from each class who took part in different co-curricular and extracurricular activities. - Detailed the students' involvement in extracurricular and co-curricular activities in other states. - Highlighted the noteworthy accomplishments and details of the prize winners from extracurricular and co-curricular activities. - Detailed the students' involvement in online	- Project Competition can be conducted. - CO- PO mapping for the program conducted to be maintained. - Initiatives for CO- attainment calculation from Co curricular and extra curricular activities to be discussed(a common strategy in institute level should be adopted). - Selection of Professional Society topic (based on thrust area) should be	Remarks: - project competition shall be planned in future - CO mapping possibility shall be discussed in DRM - common method shall be followed - activities shall be planned based on thrust area. - curriculum gap identified shall be taken into account while planning events - External participation is already encourage in activities - Achievements will be included in slide

certification programs, value-added courses, and other courses.

shown.

5. Professional society program can be mapped with curriculum gap.

6. Plan can be improved in terms of external participation also.

7. Achievements can be included in the slide. 8. Sample certificate can be included.

- Sample certificate will be included.

Target Date: Continuous

Responsibility: All Faculty Members, Project Coordinators, Professional society In-charges

Glimpse of Events

8. Training and Placement progress with qualitative and quantitative analysis

(by Dr.A.Azhagu Jaisudhan Pazhani, ASP/ECE
Mr.R.Ramasamy, AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
The Coordinator presented the placed student details, the company invited for On Campus and Off Campus Drive for - Placed Student Details Batch 2019-2023 - Placement Training Details - Placed Student Details Batch 2020-2024 - Overall Placement Statistics	- Device a strategy to increase the mean salary for the forthcoming batches based on the employer and distinguished alumni feedback. - Identify the pathway to get placement in the industries in which students already undergone internship. - Mock interview schedule and conducted proof should be included in the slide.	Remarks: To increase the mean salary company specific training will plan infuture.Placed students only doing internship in industries. Infuture meeting will include mock schedule screenshot. Target Date: Continuous Responsibility: Dr.A.Azhagu Jaisudhan Pazhani, ASP/ECE; Mr.R.Ramasamy, AP/ECE

9. Review of faculty Contribution

- i) Faculty participation
- ii) Research and Development Activities

(by Mr.P.Gunasekaran, AP/ECE
Dr.R.Rajalakshmi, ASP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
The coordinator discussed the following points R&D Centre Recognition • Faculty Journal Publications with proof for Odd and Even semester • IEEE Conference Publications with proof for Odd and Even semester • Book Chapter Publications with proof for Odd and Even semester • Faculty International and National Conference Presentations with proof • Patent Publications with proof and applied details • Supervisorship Recognition details • Ph.D Guidance details with proof • Faculty PhD Pursuind details • Funded FDP details with proof • Funded Research Project/ Seminar, FDP Grant Proposal Submission details both odd and even sem • Funded Project proposal applied Details 2023-2024(July-Dec 2023) • Achievements details: Sponsored projects, Ph.D open seminar, DC meeting, Synonsis and thesis submission details • Session chair details • R& D Related Program Organized Details	• Try to produce paper publication in teaching and learning also • Ensure all the final year projects should deliver a specific outcome. • Enroll a greater number of part time and full time Ph.D scholars in your research centre. • Propose international conference with ISBN and Scopus indexed • Motivate the students to do M.S (by research)[Refer the guidelines and take a decision]. • Target a specific funding agency and apply for funded projects. • Copyright to be improved. • Research seminar or other program organised by RC glipse with photo can be added.	Remarks: 1.We will focus on generating academic papers in the field of teaching and learning, exploring innovative approaches and best practices to contribute to scholarly discourse and educational advancement. 2.We will implement measures to ensure that every final year project yields a clearly defined and measurable outcome, aligning with the academic standards and objectives of our institution. 3.We will strategize to attract a larger pool of both part-time and full-time Ph.D. scholars to our research centre, we plan to enhance our recruitment efforts by actively promoting our research opportunities through targeted advertising, collaborations with academic institutions, and participation in relevant conferences and events. 4.We will develop plans to organize an international conference adhering to rigorous standards for ISBN registration and Scopus indexing, ensuring a high-quality platform for scholarly exchange and dissemination of research .5.We will provide students with comprehensive information about the benefits and opportunities

- Resource person/Guest Lecture- Related to Research
- Journal Reviewer & Program Committee member Details
- Courses conducted with the support of our Adjunct Faculty:
- Calendar Year 2023(Jan 2023-Dec 2023)- Target for Faculty members

of pursuing M.S. (by research) outlined in the guidelines, empowering them to make informed decisions regarding their academic path..

6.We will research and identify a suitable funding agency aligned with our project goals, and proceed to submit grant applications for funded projects. Faculty members are encouraged to apply specific funding agency for funded projects.

7.We will conduct a thorough review of our copyright policies and procedures to identify areas for improvement and implement necessary updates.

8.We will incorporate photographs capturing research seminars and other programs organized by the Research Centre, providing visual glimpses of our activities to enhance engagement and documentation.

Target Date: Continuous

Responsibility: All faculty members & Dr.R.Rajalakshmi

Feedback and Placement Cell
 Feedback Form - REC-001

RECRUITER FEEDBACK FORM

We would appreciate if you can take the feedback and suggest to the college. The information provided here will help us to improve our services and to make our placement cell more effective.

Name of the Recruiters:

Contact No. & Address:

Date:

Sl. No.	Remarks	Yes	No	Not
1	Recruiters' Technical competence			
2	Recruiters' experience			
3	Recruiters' Program			
4	Recruiters' professional conduct			
5	Recruiters' experience about the company profile and its requirements			
6	Recruiters' Interviewing and Selection			
7	Recruiters' Selection and Placement			
8	Recruiters' Reporting and Information to Institute			
9	Recruiters' preparation of the students			
10	Recruiters' Discussion/Explanation			
11	Recruiters' of Information/Feedback for placement			

Signature of Recruiters:

Date:

Recruiter's suggestion:

1. What career building would you recommend for our students to improve their technical competencies?

2. Did you identify any gap in the curriculum in the domain/field of your experience? If so, could you recommend any related value added courses for our students to bridge the technical domain gap?

3. Any other comments:

Company specific training is required

Signature of Recruiters:

Date:

11 . Facilities and Technical support

(by Dr.S.Vairaprakash, ASP/ECE
Dr. E. Emerson Nithiyaraj,AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Presented about the utilization of labs through value added courses, major and mini projects, Training programs, workshops. Also presented the usage of MATLAB,MODROB - equipments through conduction of workshop.	Suggest to make the students to use the communication equipments,3 D printing labs.	Remarks: More programmes will conduct for students and faculty by using lab facilities. Target Date: 2023-2024 Even semester Responsibility: All Faculty Members

Screenshot

12. Continuous Improvement – department progress

(by Mrs.R.Ramalakshmi, AP(SG)/ECE
Ms.L.Krishnakumari, AP/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
The faculty members delivered the following points, • Actions taken for PO & PSO improvement, Academic audit • Placement, Higher studies and Enterprenership • Imrovement in the quality of admission	• Students should be motivated to attend GATE coaching classes and foreign language classes. Based on their interest conduct classes and give • awarness about hte significance of higher education through OBC cell.	Remarks: The students will be motivated to attend GATE coaching classes and foreign language classes Target Date: By the end of next semester Responsibility: Students, Faculty Members, HOD

Screenshot

MEASURES TAKEN

- Separate hours are included in regular Time Table for Placement Training (II year – 2, III year – 3, IV year – 3)
- Skill development programs are conducted in collaboration with Entuple Technologies in the ASIC verification, IoT & RF
- Platforms like skill rack, Terv are introduced for placement preparations
- Company specific training were provided (Tessolve, Data Pattern)
- Value Added Courses and other industry collaborated programs can be framed based on the comments from Industry experts and recruiters
- Above average and high annual package offering industries can be invited for placement

13. Department Budget Allocation 2023-2024 and its utilization 2022-2023

(by Mr.B.Kannan, AP(SG)/ECE)

Points Delivered by the Faculty Members	Suggestions were given by PA&QIC Members	Remarks with Target Date and Responsibility
- Department Budget Allocation for the Academic Year 2023-2024. - Fund Utilization for the Academic Year 2022-2023.	Asked to Utilise the Professional Society Fund.	Remarks: According to the suggestion, over 90% of the authorized funds would be spent on professional society activities this academic year and next academic year. Target Date: From this Academic Year. Responsibility: Incharges.

Suggestions provided by the PAQIC members a summary:

Dr.V.Sivakumar ASCP/Mech, Mrs.B.Vijayalakshmi AP(SG)/CSE, Mr. A. Guna AP/EEE, Mrs.A.Leema Margret AP/CIVIL and suggested the following points,

- Propose to offer a CDIO related courses if possible. 2.
- Collaborate with adjunct and honorary professor and uplift the reputation of the department.
- Device a strategy to increase the mean salary for the forthcoming batches based on the employer and distinguished alumni feedback.
- Identify the pathway to get placement in the industries in which student's already undergone internship.
- Try to produce paper publication in teaching and learning also.
- Ensure all the final year projects should deliver a specific outcome.
- Enrol a greater number of part time and full time Ph.D scholars in your research centre.
- Propose international conference with ISBN and Scopus indexed .
- Motivate the students to do M.S (by research)[Refer the guidelines and take a decision].
- Target a specific funding agency and apply for funded projects.
- Try to explore a greater number of active learning techniques.
- Set a target to produce university rank holders and best outgoing students.
- Students should be motivated to attend GATE coaching classes and foreign language classes.
- Based on their interest conduct classes and give awareness about the significance of higher education through OBC cell.
