

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University

NAAC Accredited with 'A+' Grade & An ISO 9001: 2015 Certified Institution

NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Academic Year: 2024-2025 (Odd Semester)

Energy Conservation Quality Circle (ECQC)

Event Report

Name of the Event : Seminar on “Energy Efficient Technologies”

Date : 24.10.2024

Resource Person : Mr. E. Thangam, AP(SG) – EEE

No. of Participants : 63

Venue : A2L02

About the Event:

Introduction

In recognition of International Climate Action Day, RIT-ECQC hosted a seminar titled “Energy Efficient Technologies” on 24th October 2024. This seminar aimed to raise awareness about the importance of energy-efficient practices and technologies in mitigating climate change impacts. It brought together experts, faculty, and students to discuss innovations and best practices in energy efficiency.

Objectives

- To educate participants on the latest advancements in energy-efficient technology.
- To explore how such technologies can reduce energy consumption and minimize environmental impact.
- To inspire the adoption of energy-efficient practices within the institution and the community.

Key Topics Covered

- **Overview of Energy Efficiency**

A brief introduction to energy efficiency, its importance in today’s climate, and its role in achieving sustainable development goals.

- **Innovations in Energy-Efficient Technologies**

The session included insights into recent advancements, such as LED lighting, energy-efficient HVAC systems, and renewable energy integration.

- **Practical Applications**

Real-world applications and case studies were discussed, demonstrating the impact of energy-efficient technologies in various sectors, including industrial, commercial, and residential.

- **Future Prospects and Career Opportunities**

The speakers highlighted how students could explore careers in the energy sector, focusing on emerging roles in sustainable technology and energy management.

Conclusion

The seminar successfully raised awareness among participants about the critical role of energy efficiency in combating climate change. Attendees gained practical knowledge on reducing energy consumption and were encouraged to consider energy efficiency in their daily lives and future projects.

Feedback

Attendees expressed positive feedback, suggesting further workshops and hands-on sessions to deepen understanding. Moving forward, RIT-ECQC plans to organize similar events and initiatives to promote environmental responsibility and energy conservation.

Acknowledgments

RIT-ECQC extends gratitude to the speakers, organizers, and participants for their active involvement in making this seminar a success.
