

**Department of Information Technology**  
**Academic Year 2024 - 2025 (Even Semester)**

**Degree, Semester & Branch:** VI Semester B.Tech. IT

**Course Code & Title:** CCW332 & Digital Marketing

**Name of the Faculty member (s):** Dr. K. Palraj, ASP/IT

**Innovative Practice Description**

- **Unit / Topic:** Unit I / Content Marketing
- **Course Outcome:** CO1
- **Unit Learning Outcome:** TLO06
- **Activity Chosen:** Mind map
- **Justification:**

In unit I, A mind map effectively justifies content marketing by visually organizing key benefits like brand awareness, lead generation, and engagement. It enhances clarity, boosts creativity, and aids quick comprehension. The visual structure simplifies strategy development, improves retention, and fosters efficient collaboration, making it a powerful tool for planning and justification.

- **Time Allotted for the Activity:** 15 Minutes
- **Details of the Implementation:**
  - I explained the concept of content marketing
  - The time allotted for the topic is 15 Minutes.
  - The students were asked to study the concepts of content marketing and its types.
  - Next day asked the students to recall the concept and ask them to draw a mind map diagram for the topic of content marketing.
  - The students completed the activity, the sample of activity as shown in Figure 1 and 2.

• **CO – PO / PSO mapping:**

| CO  | PO1 | PO2 | PO3 | PO4 | PO5 | PO9 | PO10 | PO11 | PO12 | PSO1 | PSO2 | PSO3 |
|-----|-----|-----|-----|-----|-----|-----|------|------|------|------|------|------|
| CO1 | 3   | 2   | 2   | 2   | 3   | 2   | 2    | 3    | 2    | 2    | 2    | 3    |

(1 – Low      2 – Moderate      3 – High)

• **PO / PSO mapped:**

| Innovative practice                  | PO1                                                                                                                                   | PO2                                                                                                                       | PO3                                                                                  | PO4                                                                            | PO5                                                                                                                          | PO9                                                                                                                                                       | PO10                                                                                                                            | PO11                                                                                                                                | PO12                                                                                                                                                      | PSO1                                                                                                                                         | PSO2                                                                                                                                                    | PSO3                                                                                                                                                                |

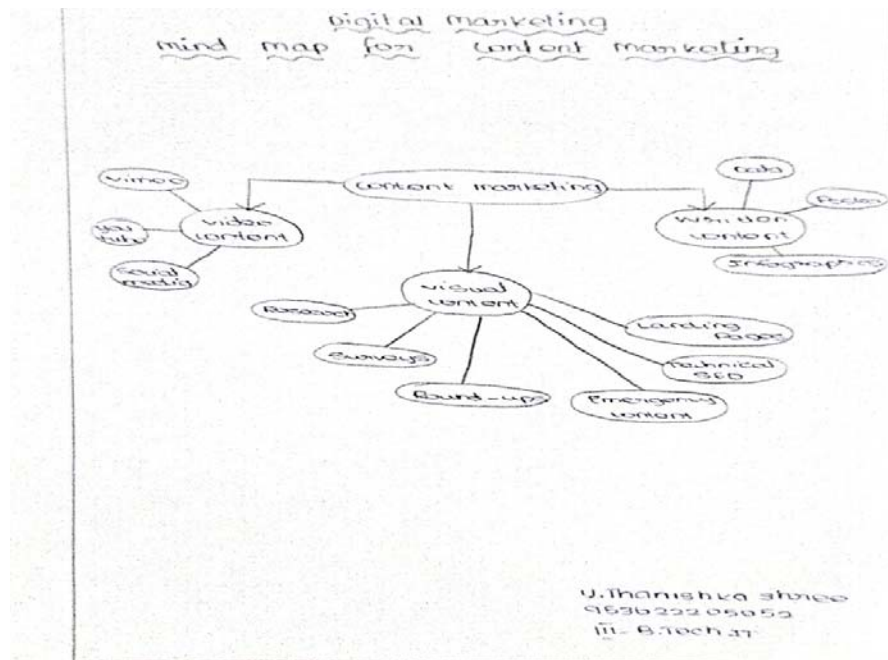

Figure 1: Mind map for Content Marketing of Thanishka Shree

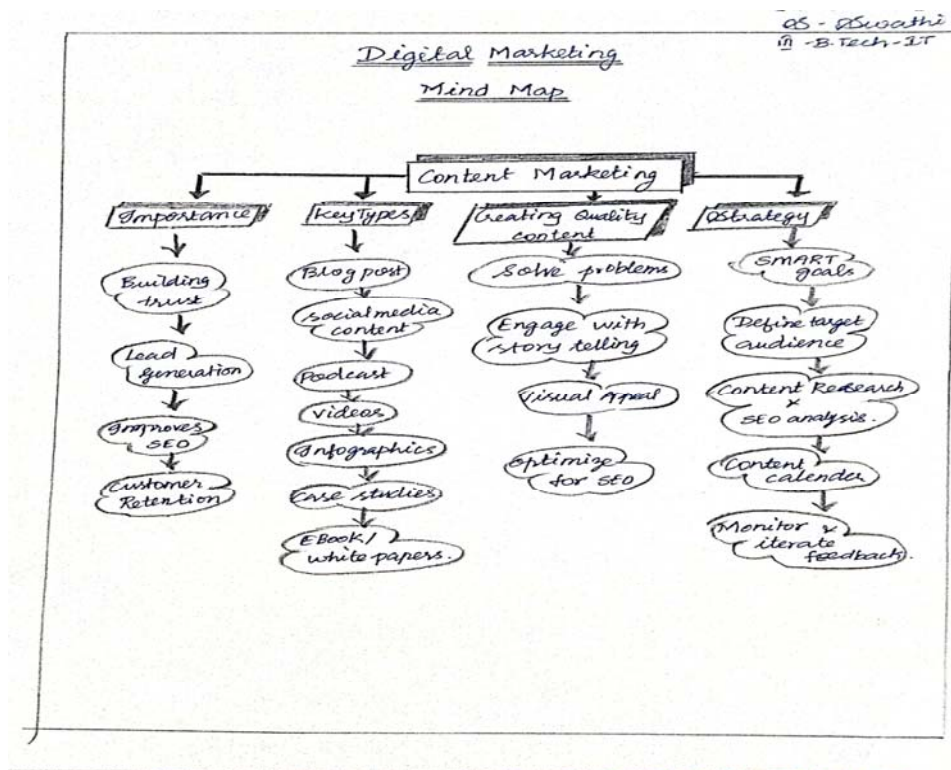

Figure 2: Mind map for Content Marketing of Swathi S

- **Reflective Critique:**

- ❖ ***Feedback of practice from students and other stakeholders:***

- Many students prefer well-structured content that is applicable to real-world scenarios and supported by adequate learning resources about content marketing.
    - The students reported that the activity helped them remember everything that was covered in the previous class and that it enhanced their ability to learn on their own.
    - It teaches to the students about the content marketing are clear, engaging, and interactive

- ❖ ***Benefit of the practice:***

- It enhances students' problem-solving abilities and helps them remember and content marketing.
    - The students can place their own views in the mind map

- ❖ ***Challenges faced in implementation:***

- Few students are unfamiliar with mind maps and may struggle to organize their ideas visually, making it difficult for them to use this method effectively
    - I thought there was a lack of clarity on the slow learners. I gave each student a distinct explanation, and after that, they understood perfectly.
