Class & Semester : VII Semester B.E. Mechanical Engineering

1. Imagine you are starting out on a journey. This journey is in the context of a work scenario or a project that you are taking up. Take the quiz with this in mind. There are five statements under each question. For each statement, pick the option that you feel is the closest to your personality and what you believe in.

a. Your first step when you start a new project would be to:

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Plan every detail and checklist			☒		3
Look for a reference project to follow			☒		3
Brainstorm to think of possible out of box ideas		☒			2
Bring the right people together				☒	4
Quickly gather knowledge and resources needed		☒			2

b. Out of the following, what do you think is most important for your project to succeed?

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Following the process			☒		3
Spotting the right opportunity				☒	4
Having the most unique idea			☒		3
Having the right team/mix of people			☒		3
Having the required expertise				☒	4

c. In the context of a team project, my biggest strength is:

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Planning & executing			☒		3
Spotting opportunities and adapting ideas		☒			2
Thinking wildly and imaginatively		☒			2
Relating to people				☒	4
Able to master anything better other than others		☒			2

d. If I had to make an important decision regarding the project, I would:

	Not very true of me	Somewhat true of me	True of me	Very true of me	
See whether it fits my plan of action		✓			2
Compare the costs and benefits of all actions quickly		✓			2
Go by my instinct and do what feels right			✓		3
Bring my team together and include everyone's opinion before taking a decision				✓	4
Do thorough research and gather all necessary data and facts			✓		3

e. What would be your biggest worry while the project is going on?

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Things going out of control or becoming chaotic		✓			2
The project not making any money	✓				1
Running out of original ideas halfway through project	✓				1
People in team not being able to work together in sync		✓			2
Not having knowledge to successfully finish project		✓			2

f. Imagine there is a crisis during your project. Your reaction would be to:

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Use my plan B that I had created already			✓		3
Make the most of the situation and adapt quickly			✓		3
Think of how to turn challenge into an opportunity			✓		3
Get team together and brainstorm to find an appropriate solution			✓		3
Face challenge with confidence that I can get through it				✓	4

g. Imagine that you are asked to evaluate your project and your peers' projects.
What is a successful project according to you?

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Project is executed effectively on time				✓	4
Project makes financial and profit sense				✓	4
Project has most innovative solution			✓		3
Team members complement each other				✓	4
End result is of highest quality				✓	4

h. Imagine that you are considering, starting a business. You would start something of your own because:

	Not very true of me	Somewhat true of me	True of me	Very true of me	
I see a much more efficient solution to the problem			✓		3
I see an opportunity to build a profitable business quickly		✓			2
I have an idea that will change the world				✓	4
I want to solve society's problems through my venture				✓	4
I have the expertise and knowledge to deliver a good product				✓	4

i. How close each of the following entrepreneurs to your personality?

	Not very true of me	Somewhat true of me	True of me	Very true of me	
Henry Ford, the founder of Ford Motor Company, who built the first automobile that many middle - class Americans could afford	✓				1
Richard Branson, the founder of Virgin group, who is quick to spot market opportunities & unmet needs. The Virgin group comprises of more than 400 companies - from mobile phones to space travel		✓			2
Steve Jobs, founder of Apple and Pixar. Steve Jobs dreamed staying ahead of the market, believed in surprising and delighting customers, navigating entirely on new territories all the time			✓		3
Mohammed Yunus, founder of Grameen Bank, who pioneered microfinance & social entrepreneurship. He is great catalyst, who brought systematic change, addressed large problems by gathering right people			✓		3
Kiran Mazumdar Shaw, founder of Biocon, established herself as an expert in biomedicine research and built a successful business out of it		✓			2

j. This question is about your outlook toward life, in general. You believe that:

	Not very true of me	Somewhat true of me	True of me	Very true of me
Life is a well-planned adventure		✓		
Life is about making the most of every moment			✓	
Life is about living my own dreams	✓			✓
Life is about helping other people				✓
Life is about finding out what I am best at & doing it				✓

Maker 1 - 30
 Merchant 2 - 25
 Magician 3 - 28
 Mobilizer 4 - 35
 Master 5 - 31
