

RAMCO INSTITUTE OF TECHNOLOGY

Approved by AICTE, New Delhi & Affiliated to Anna University

NAAC Accredited with 'A+' Grade & An ISO 9001: 2015 Certified Institution

NBA Accredited UG Programs: CSE, EEE, ECE and MECH

Department of Mechanical Engineering Alumni Association

Academic Year 2024 – 2025 (Odd Semester)

Details of Programme Organized

Sl. No.	Contents	Details
01.	Title of the Programme	Student Alumni Interaction- <i>"Exploring Diverse Career Paths for Mechanical Engineers"</i>
02.	Programme Theme	Alumni – Career Awareness meet (AM/24-25/02)
03.	Programme Type	Alumni Meet
04.	Details of resource persons	Mr.S. Maruthupandi Madhavan (2020-2024 Batch) Current Role: Web Developer Company: Rustoleum, USA Mr.D. Mohan Raj (2020-2024 Batch) Current Role: Pursuing Digital Marketing Course Institution: Fita Academy, Anna Nagar, Chennai
05.	Mode & Venue / Platform	Offline Mode & TVS Harita Lab
06.	Date & Duration	11.09.2024 & 50 minutes
07.	No. of Student Participants	26
08.	No. of Faculty Participants	1
09.	No. of External Participants	NA
10.	Expenditure amount (if any)	NA
11.	Social Media URL	NA
12.	Video URL (if any)	NA

13. Maruthupandi Discussion Summary:

Maruthupandi shared his journey from being a mechanical engineering student to a web developer in the USA. He emphasized the importance of adaptability and cross-disciplinary skills in today's fast-evolving technological landscape.

Despite his background in mechanical engineering, Maruthupandi pursued opportunities in web development due to his passion for coding and technology. He highlighted how learning to code during his undergraduate years and learned in online courses helped him transition smoothly into the tech field.

- **Learning and Growth:** Maruthupandi urged students to explore opportunities beyond their core mechanical curriculum. He emphasized how skills in programming and software development have helped him succeed in his role at Rustoleum.
- **Global Perspective:** Working for an international company in the USA has broadened his understanding of diverse work cultures. He encouraged students to be open to global opportunities and seek internships or projects that could give them international exposure.
- **Future Skills:** He recommended students focus on acquiring skills like data analysis, web technologies, and digital tools to stay relevant in the job market.

14. Mohan Raj Discussion Summary:

Mohan Raj shared his interest in entrepreneurship and his plans to open a car showroom with a service center in Madurai. He explained how his decision to study mechanical engineering was driven by his passion for automobiles.

After completing his degree, Mohan Raj realized the significance of digital marketing in business growth and enrolled in a course at Fita Academy, Chennai. He expressed his belief that combining mechanical knowledge with digital marketing skills would give him a competitive advantage when starting his business.

Key Takeaways:

- **Entrepreneurial Spirit:** Mohan Raj's entrepreneurial ambitions inspired students, as he demonstrated how to think beyond traditional employment roles and pursue personal business interests.
- **Importance of Digital Skills:** He stressed that in today's business world, digital marketing is crucial for any successful enterprise. He encouraged students to consider learning about online marketing, social media strategies, and customer engagement tools.

- **Career Flexibility:** Mohan Raj's example showed that students could align their personal passions (like automobiles) with their career paths, even if it means exploring different disciplines like marketing.

15. Conclusion:

The alumni interaction was an insightful and motivating session for the students of the Mechanical Engineering Department. Both alumni demonstrated the diversity of career options available to mechanical engineers, from global tech roles to entrepreneurial ventures. They highlighted the importance of acquiring additional skills like programming, digital marketing, and global exposure to stay competitive in today's job market.

The interaction concluded with a lively Q&A session, where students asked questions related to career challenges, how to choose the right skillsets, and industry expectations. Both alumni encouraged students to stay curious, continuously upskill, and not hesitate to explore fields beyond their core engineering curriculum.

16. Programme Photographs:

17. What did you learn from this meet?

- Mechanical engineers can explore roles in other fields, like web development.
- Acquiring new skills like coding or digital marketing can expand career opportunities.
- Engineers can apply their technical skills to start businesses.
- International work experience can enhance professional growth and cultural understanding.
- Knowledge of digital marketing is crucial for business success in today's world.
- Being open to new challenges and evolving with industry trends is key for long-term success.
