“Student – Alumni Interaction” was held by the department of Mechanical engineering from 18.02.2021 to 19.02.21. The prime objective of the program is to share knowledge and build strong relationship between the students and alumni. They guided the students regarding career opportunities in core companies and shared his interview experience with our junior students. They also answered various queries of students. At the end of the session there was an interactive session, where students gained information about how to face a Rane interview, what core companies focus on and how to prepare themselves as a competent engineering graduate.

Student beneficiaries: Rane recruitment – Written test short listed students
