Approved by AICTE, New Delhi & Affiliated to Anna University

Accredited by NAAC & An ISO 9001:2015 Certified Institution

NBA Accredited UG Programs: CSE FFE ECE and MECH

Department of Mechanical Engineering Alumni association

Academic Year 2023 – 2024 (Even Semester)

Details of Programme Organized

Sl. No.	Contents	Details
01.	Title of the Programme	Student Alumni Interaction- “Adapting to the Industry Evolution: Key Skills for Engineering Students in the Modern Era”
02.	Programme Theme	Alumni – Career Awareness meet (AM/23-24/04)
03.	Programme Type	Alumni Meet
04.	Details of resource persons	Mr.M.THJESH NANDHA (2018-2022 Batch) Planning Engineer (PPC Supply Chain), Automotive BU, TE Connectivity, India
05.	Mode & Venue / Platform	Online Mode & Google Meet https://meet.google.com/jmb-mcme-vka
06.	Date & Duration	25.03.2024 & 60 minutes
07.	No. of Student Participants	77
08.	No. of Faculty Participants	5
09.	No. of External Participants	NA
10.	Expenditure amount (if any)	NA
11.	Social Media URL	NA
12.	Video URL (if any)	NA

13. Objectives of the Programme:

The primary aimed to bridge the gap between academia and industry by providing valuable insights from alumni who have successfully navigated the evolving landscape of engineering.

14. Outcome of the Programme:

- ✓ Enhanced Understanding of Industry Dynamics
- ✓ Acquisition of Key Skills
- ✓ Increased Confidence and Preparedness
- ✓ Expanded Professional Network
- ✓ Inspiration for Ethical Leadership
- ✓ Motivation for Continuous Learning
- ✓ Cultivation of a Professional Mindset

15. Detail description of the activity:

Mr.K.Gokul, Final year mechanical student delivered welcomes address and introduced the resource person of alumni interaction. The Department of Mechanical Engineering was honored to host an engaging and insightful session with one of our distinguished alumni, Mr. M.Thojesh Nandha, from the 2018-2022 batch. Currently he is working as Planning Engineer (PPC Supply Chain), Automotive BU, TE Connectivity, India. The resource person explained the following Concept

a. Introduction:

- Brief overview of the session's purpose and objectives.
- Introduction of the presenter and their background in mechanical engineering.

b. Why Mechanical Engineering:

- Exploration of the reasons why individuals choose to pursue mechanical engineering as a field of study and career.
- Discussion on the diverse applications of mechanical engineering across various industries.

c. Importance of Mechanical Engineers:

- Explanation of the crucial role mechanical engineers play in designing, developing, and maintaining mechanical systems and technologies.
- Illustration of how mechanical engineering contributes to advancements in fields such as automotive, aerospace, energy, and manufacturing.

d. Structure of Manufacturing Industry:

- Overview of the structure and components of the manufacturing industry, emphasizing the role of mechanical engineers in production processes.
- Examination of different manufacturing methodologies and technologies used in modern industry.

e. Scope of Mechanical Engineering:

- Exploration of the broad scope of opportunities available to mechanical engineers, including careers in research and development, design, production, and project management.
- Discussion on emerging trends and specializations within the field, such as robotics, renewable energy, and additive manufacturing.

f. Key Skills:

- Identification and explanation of key skills necessary for success in the field of mechanical engineering.
- Emphasis on technical competencies such as proficiency in CAD software, knowledge of materials and manufacturing processes, and problem-solving abilities.
- Discussion on soft skills including communication, teamwork, adaptability, and creativity, which are essential for effective collaboration and innovation in the field.

16. Q&A Session:

Chief Guest inviting questions to the audience by related to the topics discussed during the session. Encourage participants to ask about any aspect of mechanical engineering, career prospects, skill development, or industry trends they're curious about. Respond to each question thoughtfully and comprehensively, providing accurate information and practical insights where possible. If a question is directed towards a specific topic or panelist, ensure they have the opportunity to respond.

17. Feedback from Students:

The feedback received from the students was overwhelmingly positive, with many expressing their appreciation for the practical insights and the motivational aspects of Mr. Vignesh's talk. The session helped bridge the gap between academic studies and their application in real-world scenarios, particularly in the context of national defense.

18. Conclusion:

Mr.M.Thojesh Nandha alumni interaction session was Encouragement for attendees to explore the opportunities available in mechanical engineering and develop the necessary skills to succeed in the field. He recaps of key points covered in the session. He invite for questions and further discussion. We extend our heartfelt gratitude to Mr.M.Thojesh Nandha for sharing his valuable time and insights with us. Dr.M.Lakshmanan and Mr. M.Ramar acted as faculty coordinators. S.P.Cheran and M.S.Krishna Kumar, final year acted as students coordinators. Dr.M.Lakshmanan, delived the vote of thanks.

20. Programme Photographs:

21. What did you learn from this meet?

- To gain more Understanding of Industry Dynamics
- To learn Acquisition of Key Skills
- To Increased Confidence and Preparedness
- To Expanded Professional Network
- To Inspire for Ethical Leadership
- To Understand for Continuous Learning

22. Online feedback form Report

a. How do you feel about the program?

b. How do you rate the interactive session?

c. Overall rating of the Alumni Meet?

d. How do you rate the input given by Alumnus for your academic growth?

Appreciation letter for delivering Career Awareness - Alumni Interaction RIT/MECH/AM/2023-24/04

Mr.M.THojESH Nandha (2018-2022 Batch)

Department of Mechanical Engineering

Ramco Institute of Technology

Dear Thojesh Nandha,

We extend our sincerest gratitude to you for your outstanding contribution during the alumni interaction held on the 25th of March, 2024. Your presentation on "**Adapting to the Industry Evolution: Key Skills for Engineering Students in the Modern Era**" was exceptionally insightful and engaging.

The session proved to be an invaluable experience for all attendees, particularly the II, III, and IV-year B.E Mechanical engineering students. Your expertise shed light on crucial aspects such as the Importance of Mechanical Engineers, Acquisition of Key Skills, and Structure of Manufacturing Industry, providing them with essential tools to navigate the challenges of the contemporary professional landscape.

We greatly appreciate your dedication and commitment to sharing your knowledge and experiences with our students. Your contribution played a pivotal role in the success of our fourth alumni interaction meet for the academic year 2023-24.

Once again, thank you for your valuable input. We look forward to the possibility of collaborating with you again in the future.
