Know How on Trade Marks

Trade Marks is a type of IPR which gives unique identity for an organization. It increases the market value for a product. To assess the understanding level of students in Trade Mark registration and its practical aspects, '*Know-How*' activity was conducted in which students are grouped into two and they were asked to brainstorm and answer the objective type questions asked in the activity sheet. At the end of activity, answers were discussed and students were given a better clarity on the topic.

Outcome:

- This makes them to understand the practical aspect of possible Trade Mark registration for a product

This activity helps in attaining the following CO – PO mapping:

Course Outcome / Programme Outcome	PO6	PO7	PO8	PO9	PO10	PO12
CO1 – The student will be able to elaborate the practical aspects of IP registration in India and abroad	2	2	3	1	3	2
