

RAMCO INSTITUTE OF TECHNOLOGY

Department of Mechanical Engineering

Academic Year: 2019- 2020 (Odd Semester)

Date: 21.08.2019

Innovative Practice(s) description

Course Code & Title: GE6757 & Total Quality Management

Degree, Semester & Branch: VII Semester B.E. Mechanical Engineering

Name of the Faculty member(s): 1. Dr.S.Rajakarunakarn, Professor & Head

2. Mr.G.Prabu ram, AP(SG)/Mech

Coordinated by: 1. Mr.C.Gururaj, AP(SG)/Mech

2. Mr.J.Jerold John Britto, AP(SG)/Mech

3. Mr.G.Prabu ram, AP(SG)/Mech

4. Mr.N.L.Sujin, AP/Mech

5. Mr.K.Vigneshwaran, AP/Mech

6. Mr.C.Pandimuneeswarn, Lab Technician

7. Mr.M.Arunachalam, Lab Technician

Field Study Learning of Continuous Process Improvement

Place Visited: Rajapalayam Mills Ltd, Rajapalayam

Field study collects original or unconventional data via face-to-face interviews, surveys, or direct observation. This technique is usually treated as an initial form of learning because the data collected is specific only to the purpose for which it was gathered.

Like wise a field study was arranged for the final year mechanical engineering students for direct observation and collect information about implementation of various TQM Principles, TQM Tools and Techniques and ISO Management Systems.

The students directly observed the implementation of continuous process improvement tools & Techniques such as 5S, Kaizen and TPM.

This activity helps in attaining the following CO – PO mapping

Course Outcome / Programme Outcome	PO1	PO2	PO4	PO9	PO10
1. CO3 – Students will be able to apply the tools and techniques of quality management to manufacturing and service processes.	2	2	1	3	2
