

RAMCO Institute of Technology, Rajapalayam

Department of Mechanical Engineering

Academic Year 2020 – 2021 (ODD Semester)

Innovative Practice(s) Description

Course Code and Title : MF8071 Additive Manufacturing

Name of the Instructor : Mr.J.Jerold John Britto AP(SG)/Mechanical

Date & Time : 10.12.2020 & 9 A.M. to 10.40 A.M.

**T2P (Theory to Practical) the working principle of Fused
Deposition Modelling Technique.**

After Completion of Unit IV in MF8071 Additive Manufacturing subject it is expected that the student will be able to explain the working principle, process parameters and material processing of Fused Deposition Modelling 3D printing process. Through this activity, the students are made to see lively how a solid based additive manufacturing 3D printing machine is functioning.

OUTCOME:

This activity helps to bridge the gap between oral learning and hands on experience.

This activity helps in attaining the following CO-PO mapping:

Course Outcome / Programme Outcomes	PO1	PO2	PO3	PO4	PO5	PO6	PO9	PO12
CO4 Exploit working principle, process and application of Extrusion based and Sheet Lamination Processes.	3	3	2	2	1	1	1	2
