

RAMCO INSTITUTE OF TECHNOLOGY
Department of Mechanical Engineering
Academic Year 2019 – 2020 (Even Semester)

Innovative practice(s) description

Course code and title: GE8152 Engineering Graphics

Name of the Instructor(s): Mr.J.Jerold John Britto, AP(Sr.Gr.)/Mechanical

Date & Time: 19.11.2019, 11 AM to 11.30 AM

Online Puzzle Game

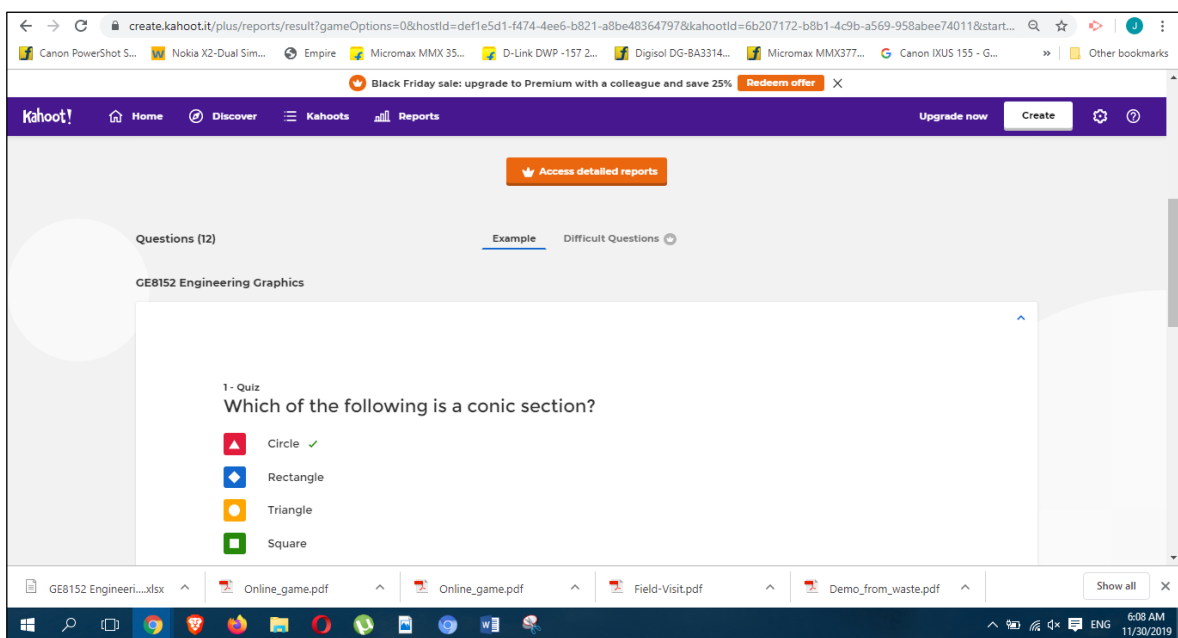

In Plane curves topics, the students were exposed to play an online interactive puzzle game using **Kahoot android mobile app** tool for better understanding of Conics curves with eccentricity condition, cycloidal curve, Involute profile structure.

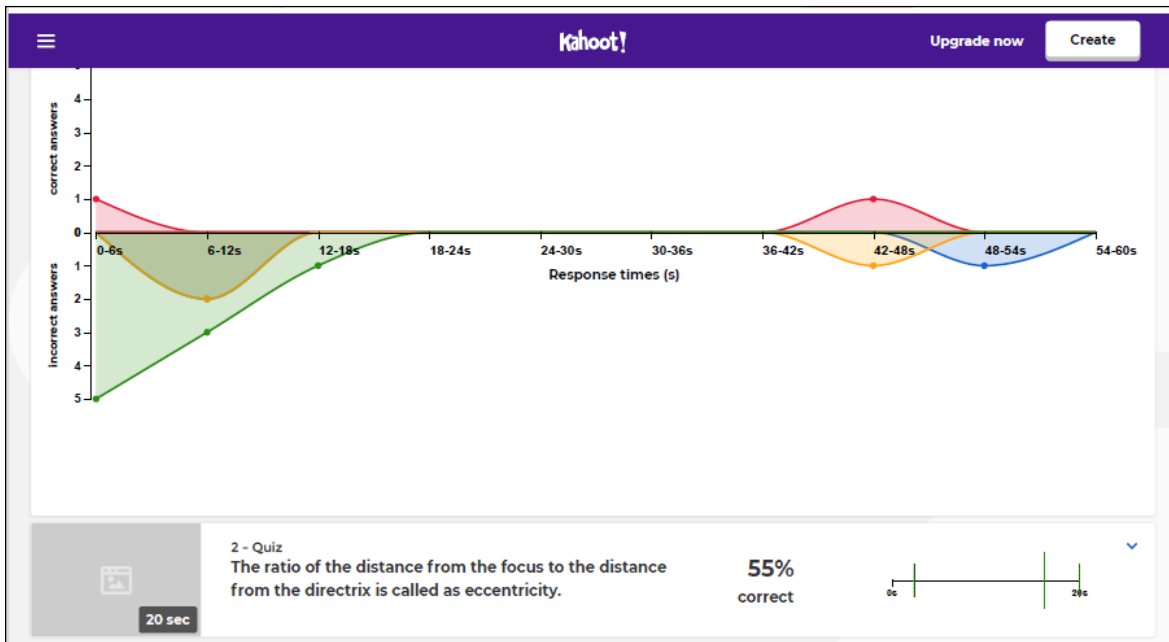

Students used their android mobile app for playing the above game. The questions were displayed in the screen and students were added with group. The marks were awarded based on the timing answers.

Outcome:

- This makes them to understand how the conics curves were drawn using the condition.

Course Outcome / Programme Outcome	PO1	PO5	PO9	PO10	PO11	PO12
CO1 – Student will be able to Familiarize with the fundamentals and standards of Engineering graphics as per BIS, Construct basic geometrical curves and free hand sketching of multiple views of	2	3	2	2	3	1
