

**Brief bio-data of
Dr.L.Vijayaraghavan,**

Dr.L.Vijayaraghavan obtained his Ph.D., in Mechanical Engineering from the Indian Institute of Technology Madras, Chennai, M.Sc.(Engg.) from PSG College of Technology, Coimbatore and B.E in Mechanical Engineering from Annamalai University, Chidambaram. After a short span of one and half years in the Manipal Institute of Technology and Vijayanagar College of Engineering, Bellary, he started his career as a Senior Scientific Officer and researcher at IIT Madras in 1984. From then, he has risen to the position of Senior Professor in the Department of Mechanical Engineering and superannuated from service in the year 2017 and still guiding few Ph.D Scholars.

He has made outstanding contributions in Condition Monitoring, Machine Tools & Metal Cutting, material processing, Composites CAD-CAM, Grinding, etc.,.

He has supervised and supervising the work of many Ph.D (30), M.S(10), M.Tech.(120), and B. Tech (50) students.

He has authored more than two hundred papers in national and International journal publications as well as National and International conferences in the field of Machine Tools & Metal Cutting, CAD-CAM, Condition Monitoring and Grinding. He has delivered number of lectures in various Institutions/Universities/Colleges.

He is keenly involved in the research and development activities: Mention may be made of a few like Process Modelling of Broaching, Stress Evaluation in Grinding, Condition Monitoring of Machining Process, Temperature Measurements. He has also introduced new Courses in M.Tech. Curriculum. He is working in the area of composites. He is also working in AE Sensing, Laser Machining and Sensor Development. He has developed laboratory experiments for B.Tech and M.Tech. Course in IIT Madras.

He was invited to various conference for delivering lectures on manufacturing and its related topics. In 2014, 2009, 2008, 2007 he was involved in organizing various conferences in IIT Madras. In 2004, he was organizing secretary in organizing a national level conference at IIT Madras. Also, he was Organizing Secretary, 19th as well as 22nd All India Manufacturing Technology Design and Research Conferences held at IIT Madras, December 2000 and December 2006. Member, Organizing Committee, First National Conference on 2000 Precision

Engineering, IIT Madras, Jan. 2000. Also Session Chairman in International Conference. He was also involved in organizing conferences in IITs, NITs and other technical institutions.

He has conducted a short-term course on Manufacturing Technology and Quality Engineering for the Engineers in Industry during 1998. He has also conducted a Two Week program for engineering college faculty in 2000.

He is Fellow, Institution of Engineers, India, Life Member of the Indian Society for Technical Education, Life Member of the Indian Institution of Plant Engineering. He was Secretary of the Fluid Power Society of India, Bangalore and was Senior Member in the Society of Manufacturing Engineers, USA.

He has been a member/chairman/secretary/president of a number of academic bodies and working groups at the national level.

He has been investigator / co-investigator in many Consultancy projects and Sponsored project. His Paper titled "Evaluation of stress and displacement of tool and work piece on broaching" has been reproduced in a book titled "Manufacturing update series", 1984, published by Society of Manufacturing Engineers, his paper, as co author was adjudged as best paper presented in a conference at IISc, Bangalore. He has also authored a chapter on Grinding of MMC in a book published by Springer titled "Machining of Metal Matrix Composites".

He has visited countries like Germany, USA, Singapore, Malaysia for various purposes like training, presenting papers in conferences and attending meetings of the Institutions.

He has been actively involved in various educational Institutions in India as well as in Malaysia as member in the continuous evaluation of their Curriculum. Expert member for various institution In their committee in the faculty selection, board of studies, peer review of the department. Also evaluator for Ph.D and M.Tech thesis of IIT's and other universities.

Dr. L. Vijayaraghavan is chairman , Board of Governors for College of Engineering Perumon, Kollam District, Kerala since January 2014.

He was the Conference Chair of International Conference on Emerging Trends in Mechanical Engineering ICETME 2018 conducted by Srinivasa Ramanujan Institute of Technology, Anantapur Andhra Pradesh, 20 -22,December 2018.

He is presently a member of the Expert Subcommittee on Mechanical System towards Development of Manned Submersible, a national level project by National Institute of Ocean Technology Chennai.
