(First Party and Second Party are hereinafter jointly referred to as 'Parties' and individually as 'Party')

WHEREAS:

- A) First Party is a Higher Educational Institution named:

Name of Institution: Ramco Institute of Technology

Ramco Institute of Technology, (RIT) promoted by Raja Charity Trust, was established during the academic year 2013-14. It is fully supported by the Ramco Group to create quality Engineers for future needs. The Institution is approved by AICTE and is affiliated to Anna University, Chennai. Currently, RIT offers 4-year undergraduate Engineering programmes namely Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering and Mechanical Engineering, and plans to offer postgraduate and research programmes in Engineering and science. The overall management of the Institution is vested with the Governing Council under the able leadership of Shri. P.R. Venketrama Raja, Chairman, RAMCO Group of Industries. The Advisory Committee of the Institute is headed by Prof. M.S. Ananth, former Director of IIT Madras and is ably supported by leading Professors of IIT Madras, Prof.M.S.Palanichamy, former Vice-Chancellor of Tamilnadu Open University and other prominent academicians. The Advisory Committee plays a vital role in recruiting the best faculty, training them, promoting innovative teaching and encouraging research.

- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to co-operate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.

- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interest.
- E) **Ramco Systems:** Ramco Systems Limited was founded in 1992. It is a software products and services provider based in India. Ramco was initially part of Ramco Group of companies but it became an independent company in 1997. Ramco Systems provides Enterprise Resource Planning, Human Capital Management, Logistics and Aviation Maintenance & Engineering (M&E) & Maintenance Repair & Overhaul (MRO) Software.
- F) **Ramco Systems**, the Second Party is promoted by Ramco Group background of the Company:

The year was 1938. It was a time when the reverberations of the Industrial Revolution had not yet reached the interiors of South India. Despite scarce capital and resources, Mr. P A C Ramaswamy Raja setup the first spinning mill at Rajapalayam, which later became the focal point of the Ramco Group. His sharp focus on technology and quality has inspired a generation of entrepreneurs and formed the basis for the collective vision of the Group.

Under the stewardship of our late Chairman, Mr. P R Ramasubrahmaneya Rajha, the Ramco Group has expanded into a USD 1 Billion industrial conglomerate with interests spanning cotton and synthetic yarn, cement, building products, software solutions, wind-energy, bio-technology and more. Today, with steadfast focus on R&D and innovation, Mr. P R Venketrama Raja has been steering the Group to become one of the most reputed business houses and achieve global recognition for its quality products and services.

- G) Give related information, its branches, and dimensional information about the industry concerned with whom the MoU is sworn.

At Ramco, we believe that technology should simplify businesses, not complicate them; it should free you, not tie you down. It is this philosophy that has been the driving force behind all our innovations and product developments. Since our foray into the ERP market in the nineties, Ramco has come a long way. Today, Ramco is a force to reckon with in the global Cloud market. Having serviced over 1000+ customers across verticals, Ramco is proficient enough to handle a varied range of business requirements.

Ramco's key differentiator is its innovative approach to develop products through its revolutionary enterprise application assembly and delivery platform - Ramco VirtualWorks®.

Ramco VirtualWorks®

Ramco Systems based on its extensive product development experience abstracted the entire software development process into a Model Based Software Development methodology. Ramco VirtualWorks® (Platform as a Service - PaaS platform) implements this development methodology supported by a comprehensive Software Meta model that captures all the data that is required to generate and deliver solutions in multiple technology platforms.

These innovations have resulted in the generation of over 2.2 Billion lines of code across multiple technology platforms. The generated solution is fully multi-tenant and is agnostic of any infrastructure cloud provider. While the industry is talking about service orienting existing legacy solutions by 'wrapping' them around, SOA is the core design principle across the Ramco VirtualWorks® Platform.

Ramco's Key offerings

Ramco Aviation Software for Aerospace & Defense is a comprehensive enterprise-wide M&E/MRO software addressing the needs of Airlines, Heli Operators, MROs, and Business Aviation segments. Leveraging the suite's vast array of applications, one can automate operations, end-to-end, reduce overhead costs, manage inventory more effectively, increase aircraft availability, reduce AOG (aircraft on ground), and control operations on a business-for-profit basis.

Ramco ERP on Cloud, has been delivered to customers around the world for over a decade. Built on Ramco VirtualWorks®, Ramco ERP on Cloud covers the entire spectrum of enterprise functions through a suite of modules - Manufacturing, Financial Management, Supply Chain Management (SCM), Human Capital Management (HCM), Customer Relationship Management (CRM), Enterprise Asset Management (EAM), Project Management, Process Control, Analytics, Advanced Planning & Optimization, and Connectors.

Ramco Logistics Software addresses three sub-segments within Logistics – Third Party Logistics (3PL), Freight Forwarders and Network Service Providers. Ramco Logistics aims to target the niche but fast growing Service provider market which has seen a surge in demand and growth, thanks to the growth in eCommerce and need for better last mile access. An integrated system to connect Transportation, Warehouse, Fleet and HUB with Finance & HR on the Cloud along with a Command Centre and In-memory based Planning and Optimization engine has been the key differentiator in the market.

Complete with chatbots and facial recognition-based workforce management, organizations can deploy **Ramco HCM** on-cloud, on premise or leverage as a managed service. The multi-tenant architecture with embedded intelligence and device agnostics features now serves more than 450 customers worldwide. With innovative concepts of Haptic Design, Context-sensitive Pop-ups and Chatbots to carry out self-service, Ramco has been setting the benchmark for Innovation in this segment. With statutory compliance across 45+ countries covering ANZ, Asia (including Japan & China), Middle-East & Africa, UK and Ireland, Ramco's Global Payroll is available in English, Japanese, Mandarin, Bahasa, Thai, Malay, Arabic among others.
